- (3) An effective pension age option may not be exercised to achieve an effective pension age below 65 years.

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

(4) The member may opt to make periodical payments for an effective pension age of any period up to 3 years below the member's normal pension age if that would achieve an effective pension age of 65 years.

(5) An effective pension age is—

- (a) relative to normal pension age; and
- (b) automatically adjusted to reflect any change in normal pension age.

Exercising the effective pension age option

25.—(1) A member may exercise an effective pension age option by notice to the scheme manager in a form required by the scheme manager.

(2) The option notice must state the effective pension age which is to apply under the option.

26.—(1) For any part of a scheme year in which a member makes periodical payments for an effective pension age option, the member is entitled to payment of a full retirement earned pension or partial retirement earned pension attributable to the option at the effective pension age stated in the option without actuarial reduction.

(2) The amount of pension attributable to the option is reduced if the periodical payments are stopped before the end of the periodical payment period.

(3) For any period in which the periodical payments are stopped, an amount of standard earned pension is credited to the active member's account instead of an amount of earned pension attributable to the option.

Member ceases to be in pensionable service under this scheme

27.—(1) An effective pension age option in relation to a continuous period of pensionable service under this scheme ceases to have effect when the member ceases to be in that pensionable service.

(3) In the circumstances provided for in regulation 129, the member is entitled to a refund under that regulation of the periodical payments.

(4) If the member re-enters pensionable service under this scheme after a gap in pensionable service not exceeding 5 years, should the member so opt, the periodical payments resume in the first pay period after the member re-enters pensionable service unless—

- (a) the periodical payments have been refunded to the member under regulation 129; or
- (b) a transfer value payment has been made to another scheme in respect of the member's accrued rights under this scheme.

(5) The periodical payments resume under sub-paragraph (4) even if the member has reached the overall limit of extra pension for the scheme year in which the payments resume.

28.—(1) A member may, by notice to the scheme manager, cancel an effective pension age option at any time during the periodical payment period.

(2) If the member cancels the option, the periodical payments cease to be payable from the beginning of the next scheme year after the scheme manager receives notice of the cancellation.
