The Secretary of State is a Minister designated for the purposes of section 2(2) of the European Communities Act 1972(a) in relation to the recognition of higher-education diplomas, formal qualifications, or experience in the occupation, required for the pursuit of professions or occupations(b).

These Regulations make provision for a purpose mentioned in section 2(2) of the European Communities Act 1972, and it appears to the Secretary of State that it is expedient for the reference to Directive 2005/36/EC of the European Parliament and of the Council of 7 September 2005 on the recognition of professional qualifications(c) in these Regulations to be construed as references to that instrument as amended from time to time.

The Secretary of State makes these Regulations under the powers conferred by section 2(2) of, as read with paragraph 1A of Schedule 2 to, the European Communities Act 1972(d).

EXPLANATORY NOTE
(This note is not part of the Regulations)

These Regulations amend the Veterinary Surgeons Act 1966 (c.36) in order to implement an amendment to Directive 2005/36/EC of the European Parliament and of the Council on the recognition of professional qualifications (OJ No. L255, 30.9.2005, p. 22) which requires professionals benefitting from mutual recognition of qualifications to have sufficient language skills to practise their profession in another member State and enables member States to impose controls in respect of language skills if there is reason to suspect they are inadequate.

The Regulations also provide for alerts sent by other member States under the above Directive to be considered as part of applications for registration; and replace the table listing European veterinary qualifications which must be recognised by the United Kingdom with an ambulatory reference to a table in Directive 2005/36/EC which lists those qualifications. The Regulations also amend the Veterinary Surgeons Act 1966 to enable the registration of UK citizens with relevant third-country qualifications; and third-country citizens with relevant European qualifications; and to provide rights of appeal in respect of decisions to refuse partial access to the veterinary profession, and to send alerts to appropriate competent authorities in respect of applicants.

Amendments to the Veterinary Surgeons Act 1966 are also made to cross-reference appropriately to the European Union (Recognition of Professional Qualifications) Regulations 2015 (S.I. 2015/2059), which have been made as a result of the amendment to Directive 2005/36/EC.

An impact assessment has not been produced for this instrument as only a minor impact on the public, private or voluntary sectors is foreseen.
