1.—(1) For the purposes of regulation 6, but subject to sub-paragraph (2), the proportion of a relevant billing authority’s non-domestic rating income for a specified year in respect of a designated area within which all or part of the authority’s area falls is the difference between—

Calculation of non-domestic rating income

2.—(1) A relevant billing authority’s non-domestic rating income in respect of a designated area for a specified year is the amount calculated in accordance with the formula—

$$(A - B) + (C - D) - E + F + G - H$$

where—

A is the total of the amounts credited to the authority's collection fund income and expenditure account in the year in accordance with proper practices^(a) in respect of non-domestic rates payable under sections 43 and 45 of the 1988 Act (occupied and unoccupied hereditaments: liability) in respect of hereditaments situated in the designated area;

B is the total of the amounts charged to the authority's collection fund income and expenditure account in the year in accordance with proper practices in respect of non-domestic rates payable under sections 43 and 45 of the 1988 Act in respect of hereditaments situated in the designated area;

C is the amount of any transitional protection payments under regulations made under paragraph 33(1) of Schedule 7B to the 1988 Act (regulations about transitional protection payments) made to the authority in the year in respect of hereditaments situated in the designated area;

F is the total of the amounts charged to the authority's collection fund income and expenditure account in the year in accordance with proper practices in respect of non-domestic rates payable under sections 43 and 45 of the 1988 Act in respect of hereditaments situated in the designated area to which sub-paragraph (2) applies;

G is the amount of transitional protection payments under regulations made under paragraph 33(1) of Schedule 7B to the 1988 Act made by the authority in the year in respect of hereditaments situated in the designated area to which sub-paragraph (2) applies;

H is the amount of transitional protection payments under regulations made under paragraph 33(1) of Schedule 7B to the 1988 Act made to the authority in the year in respect of hereditaments situated in the designated area to which sub-paragraph (2) applies.

(2) This sub-paragraph applies to a hereditament which—

- (a) is to be treated as one hereditament by virtue of regulations under section 64(3)(b) of the 1988 Act (regulations about hereditaments); and
- (b) would have constituted three or more separate hereditaments had regulations under section 64(3)(b) not been made.

(3) In this paragraph, references to an authority's collection fund income and expenditure account is a reference to a revenue account to which, in accordance with proper practices, are credited or charged amounts in respect of the authority's income or expenditure relating to sums paid or to be paid into or payments met or to be met from the authority's collection fund.

a) The meaning of proper practices is given in section 21 of the Local Government Act 2003 (c.26), which applies to these Regulations by virtue of subsection (4)(e) of that section.

PART 3

Calculation of the amount deducted from non-domestic rating income

3.—(1) If the specified year is not a year in which local lists must be compiled, the amount to be calculated for the purposes of paragraph 1(1)(b) in relation to the authority for the year in respect of the area is that described in sub-paragraph (2) or (3) (as the case may be).

(2) For the year beginning on 1st April 2016, that amount is calculated in accordance with the formula—

$$J \times \frac{K_2}{K_1}$$

where—

J is the figure provided in column 3 of the table in Schedule 1 in relation to the designated area;

K₂ is the small business non-domestic rating multiplier for the year beginning on 1st April 2016; and

K₁ is the small business non-domestic rating multiplier for the year beginning on 1st April 2014.

(3) For a subsequent specified year which is not a year in which local lists must be compiled, that amount is calculated in accordance with the formula—

$$L \times \frac{M_2}{M_1}$$

where—

L is the amount calculated in accordance with sub-paragraph (2), this sub-paragraph or paragraph 4(2), as the case may be, for the preceding year;

M₂ is the small business non-domestic rating multiplier for the specified year concerned; and

M₁ is the small business non-domestic rating multiplier for the preceding year.

4.—(1) If the specified year is a year in which local lists must be compiled (“the revaluation year”), the amount to be calculated for the purposes of paragraph 1(1)(b) in relation to the authority for the year in respect of the area is that described in sub-paragraph (2).

(2) That amount is the amount calculated in accordance with the formula—

$$N \times \left(\frac{P \times R_2}{Q \times R_1} \right)$$

where—

N is the amount calculated in accordance with paragraph 3(2) or 3(3), as the case may be, for the preceding year;

P is the aggregate rateable values shown in the relevant billing authority’s local list for 1st April in the revaluation year for the hereditaments, other than those hereditaments to which paragraph 2(2) applies, falling within the designated area;

Q is the aggregate rateable values shown in the relevant billing authority’s local list for 31st March in the preceding year for the hereditaments, other than those hereditaments to which paragraph 2(2) applies, falling within the designated area;

R₂ is the small business non-domestic rating multiplier for the revaluation year;

R₁ is the small business non-domestic rating multiplier for the preceding year.

(3) For the purposes of this paragraph, the rateable value of a hereditament shown in the relevant billing authority's local list for 31st March in the preceding year is to be taken to be the rateable value that would have been shown in that list for that day had the circumstances relating to that hereditament been as they were on 1st April in the revaluation year.

EXPLANATORY NOTE

(This note is not part of the Regulations)

The purpose of these Regulations is to designate specific areas within which a proportion of the non-domestic rating income is to be calculated in accordance with the Regulations. Such proportions are to be disregarded by each billing authority all or part of whose area falls within the designated area for the purpose of particular calculations made under Schedule 7B to the Local Government Finance Act 1988 ("the 1988 Act") (local retention of non-domestic rates).

Regulation 3 and Schedule 1 designate the areas in relation to which a proportion of the non-domestic rating income is to be disregarded from certain calculations. The designations are made by reference to maps which are available for inspection at the office of the Secretary of State for Communities and Local Government (2 Marsham Street, London, SW1P 4DF) or the office of the billing authority in whose area the designated area falls. The areas designated by these Regulations are part of the London boroughs of Lambeth (Lambeth Town Hall, Brixton Hill, London, SW2 1RW) and Wandsworth (Wandsworth Town Hall, Wandsworth High Street, London SW18 2PU) linked to the financing of the construction costs of the proposed extension of the Northern Line underground rail service to Nine Elms and Battersea Power Station.

Regulation 4 specifies that the designations take effect on the 1st April 2016 and have effect for a period of 25 years. The effect of specifying the years is to trigger paragraph 39(9) of Schedule 7B to the 1988 Act, which restricts the type of amendments that may be made to the Regulations and prevents the revocation of the Regulations until after the end of the 25 year period.

Regulation 5 specifies that a new designation will take effect in the event that certain conditions are met. The Standby Refinancing Facility Agreement by reference to which those conditions are specified is available for inspection at the office of the Treasury (1 Horse Guards Road, London, SW1A 2HQ). Where the conditions are met the designation will have effect for a period of five years. Where the conditions are not met the Regulations will cease to have effect at the end of the specified period.

Regulation 6 and Schedule 2 provide for the calculation of the proportion of non-domestic rating income that is to be disregarded. The starting point is the definition of non-domestic rating income which is essentially the amounts payable to the authority under sections 43 and 45 of the 1988 Act in respect of hereditaments situated in the designated area, subject to a number of adjustments. The non-domestic rating income is then compared to a baseline figure representing existing non-domestic rating income in the area, which is to be uplifted each year, to produce an amount representing growth in income in the area. The calculation is to be made separately for each billing authority in respect of each of its designated areas.

An impact assessment has not been produced for this instrument because it amends an existing local tax regime. Publication of a full impact assessment is not necessary for such legislation.
