

## SCHEDULES

### SCHEDULE 2

Further provisions about the packaging of cigarettes

#### **Lining**

- 3.—(1) If a unit packet of cigarettes contains a lining as part of its internal packaging—
- (a) the lining must be a silver coloured foil with a white paper backing, and
  - (b) there must be no variation in the tone or shade of the foil.
- (2) Paragraph 1 does not prohibit such a lining from being textured over any entire surface with small dots or squares embossed on the lining if—
- (a) that texture is required for the purpose of—
    - (i) the automated manufacture of the lining, or
    - (ii) the packing of cigarettes into the packet, and
  - (b) the dots or squares—
    - (i) are equidistant from each other,
    - (ii) are of uniform size, and
    - (iii) do not form a picture, pattern, image or symbol that is recognisable as anything other than a lining.
