(2) The descriptions referred to in paragraph (1) are—

- (a) an arrangement under which the contributions of one or more workers are allocated to a fund or funds where those workers have not expressed a choice as to where those contributions are allocated;

- paragraph (2)(a) (“the new arrangement”) unless the worker agreed that allocation of the worker's contributions under the original arrangement should continue; and
- (b) in the event that a worker did not agree that allocation of that worker's contributions to the original arrangement should continue, that worker's contributions payable on or after the relevant date were allocated to the new arrangement.

- (5) Where an arrangement is a default arrangement in relation to an employer by virtue of paragraph (1), it continues to be such an arrangement regardless of whether it continues to satisfy that paragraph.
- (6) An arrangement is not a default arrangement if, at any time before a benefit under that arrangement comes into payment, it provides for a pensions promise to be obtained from a third party in relation to any such benefit.

PART 2

RESTRICTIONS ON CHARGES

Restrictions on charges

4.—(1) Subject to regulations 9 and 10, the trustees or managers of a relevant scheme must not impose or permit to be imposed on a member of that scheme to whom this Part applies charges which—

- (a) exceed the limits specified in this Part; or
 - (b) are of a description prohibited by this Part.
- (2) With the exception of regulation 11, this Part applies—
- (a) to a member of a relevant scheme to the extent of the value of that member's rights under a default arrangement; and
 - (b) beginning with the date on which the first contribution to the default arrangement referred to in sub-paragraph (a) is received by the trustees or managers on or after the date on which this regulation comes into force.

Prohibited charge structures

5.—(1) The description of the charges which are prohibited under regulation 4(1)(b) are charges under a charge structure other than—

- (a) a single charge structure; or
- (b) a combination charge structure.

(2) In these Regulations, a single charge structure is one under which the charges imposed on the member are calculated solely by reference to the value of the member's rights under the scheme.

(3) In these Regulations, a combination charge structure is one under which charges are calculated by reference to the value of the member's rights under the scheme ('an existing rights charge') and either—

- (a) calculated as a percentage of the value of contributions ('a contribution percentage charge'); or
- (b) calculated by reference to a period of time and not by reference to contributions or to the value of a member's rights under the scheme ('a flat fee charge').

(4) For the purposes of regulation 4(1)(b), neither the charge structure, nor the type of combination charge structure, that applies to a member may be changed during a charges year.

Limits on charges

6.—(1) The limits on charges for the purposes of regulation 4(1)(a) are the limits specified in this regulation and the trustees or managers must choose whether to assess them in accordance with regulation 7 or 8 (but see regulation 8(6)).

(2) The limit in relation to a single charge structure is 0.75% annually of the value of the member's rights under the default arrangement.

(3) The limit in the case of a combination charge structure whose charges fall within regulation 5(3)(a) is —

- (a) in relation to the contribution percentage charge, 2.5% of the contributions allocated under the default arrangement —
 - (i) annually, or

- (ii) where in relation to a charges year, regulation 4 does not apply to the member for the whole of the year, in the period for which that regulation applies; and
- (b) in relation to the existing rights charge, the percentage annually of the value of the member's rights under the default arrangement which is the figure in Column 2 of the following table which corresponds to the contribution percentage charge rate in Column 1 of that table which is imposed on the member.

<i>Column 1 Contribution percentage charge rate (%)</i>	<i>Column 2 Existing rights charge rate</i>
1 or lower	0.6
Higher than 1 but no higher than 2	0.5
Higher than 2 but no higher than 2.5	0.4

(4) The limit in the case of a combination charge structure whose charges fall within regulation 5(3)(b) is—

- (a) in relation to the flat fee charge, £25 annually; and
- (b) in relation to the existing rights charge, the percentage annually of the value of the member's rights under the default arrangement which is the figure in Column 2 of the following table which corresponds to the annual flat fee charge in Column 1 of that table which is imposed on the member.

<i>Column 1 Flat fee charge (£)</i>	<i>Column 2 Existing rights charge rate (%)</i>
10 or less	0.6
More than 10 but no more than 20	0.5
More than 20 but no more than 25	0.4

Assessment of charges

7.—(1) If the trustees or managers make the choice under regulation 6(1) to assess charges in accordance with this regulation, the following provisions apply.

(2) Trustees or managers must calculate the value of the member's rights under the default arrangement at reference points set at equal intervals during the charges year of no more than 3 months (but see paragraphs (3), (6) and (7)).

(3) Where trustees or managers change the intervals between reference points chosen for the purposes of paragraph (2) during the charges year, the start of the first new interval must commence on the day following the reference point at the end of the previous interval.

(4) The limit of permitted charges under—

- (a) a single charge structure; or
- (b) an existing rights charge in a combination charge structure,

is exceeded if the charges imposed on the member annually exceed the average of the reference point values multiplied by the applicable percentage.

(5) The applicable percentage is—

- (a) in the case of a single charge structure, 0.75%; and
- (b) in the case of an existing rights charge in a combination charge structure, the percentage in Column 2 of the table—

(i) in regulation 6(3), where a contribution percentage charge is imposed; and

(ii) in regulation 6(4), where a flat fee is imposed.

(6) Where a member has rights in the default arrangement at only one reference point referred to in paragraph (2), paragraph (4) is to be read as if the words “average of the reference point values” read “value at the reference point”.

(7) Where a member has no rights in the default arrangement at a reference point referred to in paragraph (2), paragraph (4) is to be read as if the words “average of the reference point values” read “value of that member's rights in the default arrangement on the final day of the charges year or, where the member has no such rights on that day, on the final day on which the member has such rights,”.

(8) In this regulation monthly, 2 monthly and 3 monthly intervals are to be treated as equal intervals.

Alternative assessment of charges

8.—(1) If the trustees or managers make the choice under regulation 6(1) to assess charges in accordance with this regulation, the limit of permitted charges under—

- (a) a single charge structure; or
- (b) an existing rights charge in a combination charge structure,

is not exceeded, if on the first day of the charges year, the charges regime to be applied to the member's rights meets the requirement in paragraph (2) and that charges regime is applied to the member's rights throughout that charges year.

(2) The requirement referred to in paragraph (1) is that the charges regime would not result in charges being imposed on the member exceeding the limit of permitted charges when calculated in accordance with regulation 7, if the assumptions in paragraph (3) are made for the purposes of those calculations.

(3) The assumptions to be made for the purposes of paragraph (2) are –

- (a) the value of the member's rights under the default arrangement will not increase or decrease during the charges year when compared to the value on the first day of the charges year, other than as a result of charges imposed on the member; and
- (b) the member may leave the scheme at any time during that charges year.

(4) In this regulation, “charges regime” means—

- (a) the charges to be imposed, and any rebates of charges to be applied, as a percentage of the value of the member's rights in the default arrangement;
- (b) when they are to be deducted from, or added to, the member's rights throughout the charges year;
- (c) how the value of the member's rights will be calculated for the purposes of imposing or rebating charges.

(5) Where the first contribution in relation to a member to the default arrangement is made after the first day of the charges year, paragraphs (1) and (3)(a) are to be read as if “on the first day of the charges year” were “on the date on which the first contribution is made in a charges year”.

(6) Where the trustees or managers make the choice under regulation 6(1) to assess charges in accordance with this regulation but, during the charges year the charges regime fails to meet the requirement in paragraph (2), the trustees or managers must assess charges for the whole charges year in accordance with regulation 7.

Member agreement for services

9.—(1) Subject to paragraph (3), the restrictions in regulation 4 do not apply in relation to a service for which the member has entered into an agreement with a person for the provision of that service, provided the conditions in paragraph (2) are satisfied.

- (2) The conditions referred to in paragraph (1) are that the agreement must—
- (a) be in writing; and
 - (b) include a statement that entering into the agreement—
 - (i) is not a condition of becoming or remaining a member of a relevant scheme;
 - (ii) is not a condition of the member's contributions being allocated under a default arrangement; and
 - (iii) will incur charges at a rate or of an amount specified in the agreement and that such charges may be higher than would otherwise be permitted under these Regulations;
 - (c) be entered into before the charges are imposed.
- (3) This regulation does not apply to a service which—
- (a) the provider is under a statutory obligation to provide; or
 - (b) is a core service.
- (4) In this regulation “core service” includes (but is not limited to)—
- (a) designing and implementing an investment strategy;
 - (b) investment of contributions to the scheme;
 - (c) holding investments relating to scheme members;
 - (d) a transfer out of a default arrangement into a different arrangement, fund or scheme;
 - (e) a transfer into a default arrangement.

Charge limits adjustment

10.—(1) The charge limits do not apply, on or after the adjustment date, to a member of a relevant scheme whose contributions are allocated to a default arrangement, in the circumstances set out in paragraph (2), if the conditions in paragraph (3) are met.

- (2) The circumstances for the purposes of paragraph (1) are that—
- (a) the trustees or managers have used their best endeavours to comply with the charge limits in relation to one or more members of the default arrangement referred to in paragraph (1) but have determined that they are unlikely to be able to comply with those limits for one or both of the current and following charges years; or
 - (b) an event happens which is outside the control of the trustees or managers, and the trustees or managers have used their best endeavours to mitigate the effect of the event on the scheme but they have determined that, because of that event, they are unlikely to be able to comply with the charge limits for the current or the following charges year in relation to one or more members of the default arrangement referred to in paragraph (1).
- (3) The conditions referred to in paragraph (1) are that—
- (a) the trustees or managers have elected to implement an adjustment measure in relation to the default arrangement beginning on the adjustment date; and
 - (b) the trustees or managers have informed the persons listed in paragraph (4) at least one month before the adjustment date—
 - (i) that the trustees or managers have determined that they are unlikely to be able to comply with the charge limits, in relation to one or more members of the

- default arrangement, for one or both of the current and following charges years, as applicable;
- (ii) of the adjustment measure that will be implemented on the adjustment date, and
 - (iii) that the charge limits will no longer apply to members of the default arrangement on or after the adjustment date.
- (c) the trustees or managers must, when informing the Regulator, do so in the manner and form determined by the Regulator.
- (4) The persons referred to in paragraph (3) are –
- (a) the employer whose workers are members of the default arrangement;
 - (b) members of the default arrangement whose contributions have been allocated to the default arrangement in the 12 month period ending with the date of the determination in paragraph (2)(a) or (b), as applicable; and
 - (c) the Regulator.
- (5) In this regulation the “adjustment date” means the date chosen by the trustees or managers on which the adjustment measure is to begin, and –
- (a) if the circumstances in paragraph (2)(a) apply, must be a date falling within a period of 6 months beginning with the date on which this regulation comes into force; or
 - (b) if the circumstances in paragraph (2)(b) apply, must be a date falling within a period of 6 months beginning with the date that the trustees or managers make the determination described in paragraph (2)(b).
- (6) In this regulation the “adjustment measure” means a measure where –
- (a) the trustees or managers will no longer allocate future contributions of members of the scheme to the default arrangement, and will allocate future contributions of members of the default arrangement to another default arrangement within the scheme; or
 - (b) the trustees or managers will no longer accept future contributions of members of the default arrangement into the scheme, and will not allocate the contributions of any other members of the scheme into that default arrangement.
- (7) In implementing the adjustment measure, the trustees or managers may decide to give the members described in paragraph (4)(b) the option to agree to continue to have their future contributions received by the scheme and allocated to the default arrangement, after the adjustment date.
- (8) Where the trustees or managers have given to the members the option referred to in paragraph (7), the trustees or managers should inform the members described in paragraph (4) (b) of that option, and any such agreement by the member must be in writing and include an acknowledgement by the member that charges under the default arrangement may be higher than would otherwise be permitted under these Regulations.

EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations impose obligations on trustees and managers of certain occupational pension schemes in relation to charges imposed by and governance of those schemes. These Regulations are made mainly using powers in the Pensions Act 2014 (c. 19).

Part 1 contains interpretation provisions including definitions of ‘relevant scheme’ (regulation 2(1)) and ‘default arrangement’ (regulation 3).

Part 2 contains restrictions on charges imposed on members of relevant schemes. With the exception of regulation 11 (non-contributing members), these restrictions apply to members with rights in the default arrangement of a relevant scheme.

Regulations 4 to 6 impose limits on the charges which can be imposed and prohibits certain charges. Regulations 7 and 8 provide alternative ways of assessing the charges imposed on a member.

Regulation 9 provides for a member to agree that services provided will not be covered by the provisions of these Regulations as long as certain conditions are met.

Regulation 10 allows trustees and managers to take action in relation to a default arrangement where, despite their best endeavours, they are unlikely to be able to comply with the charge limits.

Regulation 13 makes amendments to other regulations as a consequence of regulation 10.

Regulation 11 prohibits trustees and managers from imposing higher charges on members who are not contributing than they would on comparable members who are contributing to the pension scheme.

Regulation 12 makes amendments to the Stakeholder Pension Scheme Regulations 2000 (S.I. 2000/1403) to provide that the provisions in these Regulations apply to stakeholder pension schemes, where appropriate.

Part 3, Chapter 1 contains provisions relating to governance of relevant schemes by making amendments to the Occupational Pension Schemes (Scheme Administration) Regulations 1996 (S.I. 1996/1715) and the Occupational Pension Schemes (Investment) Regulations 2005 (S.I. 2005/3378). These provisions include the overriding of any provision in the trust deed or scheme rules which limits the choice of service providers (regulation 15). They also impose duties on trustees and managers to:

- appoint a chair of trustees or managers (regulation 16);
- prepare an annual statement of governance (regulation 17);
- process core financial transactions promptly and fairly (regulation 18);
- calculate and assess the value for money of charges and transaction costs (regulation 19); and
- prepare a statement of investment principles in relation to the default arrangement (regulation 20).

Chapter 2 of Part 3 contains additional governance requirements for multi-employer schemes (known as ‘master trusts’). This includes additional provisions for the annual statement (referred to in (b) above), the appointment of trustees and the representation of members (regulation 22). Regulation 23 provides that the third limb of the definition of “multi-employer scheme” which is inserted by regulation 21 and relates to schemes established by or under an enactment is omitted from 6th April 2016.

Part 4 contains compliance provisions in relation to the duties imposed by these Regulations. Two separate assessments of the impact of regulations in this instrument have been made. A copy of each of the impact assessments for Parts 2 and 3 respectively is available in the libraries of both Houses of Parliament and alongside this instrument on www.legislation.gov.uk. Copies may
