STATUTORY INSTRUMENTS

2016 No. 1091

The Electromagnetic Compatibility Regulations 2016

PART 2

Obligations of economic operators

Essential requirements

7. A person must not make equipment available on the market or put equipment into service unless it complies with the essential requirements.

Manufacturers

Duty to ensure apparatus complies with the essential requirements

8. Before placing apparatus on the market, a manufacturer must ensure that it has been designed and manufactured in accordance with the essential requirements.

Technical documentation and conformity assessment

9. Before placing apparatus on the market, a manufacturer must—

(a) carry out a relevant conformity assessment procedure in respect of the apparatus or have such a procedure carried out; and

(b) draw up—

(i) the technical documentation referred to in Schedule 2 (module A: internal production control) or Schedule 3 (module B: **[**F1EU-**]**type examination and module C: conformity to type based on internal production control); and

(ii) any other technical documentation required as part of the relevant conformity assessment procedure to demonstrate the means used by the manufacturer to ensure that the apparatus complies with the essential requirements.

Provision of information and co-operation

16.—(1) A manufacturer must, when requested by an enforcing authority and within such period as the authority may specify, provide the authority with all of the information and documentation necessary to demonstrate the conformity of the apparatus with Part 2.

(2) A request made under paragraph (1) must be accompanied by the reasons for making the request.

(3) The information and documentation referred to in paragraph (1)—

(a) may be provided in paper or electronic form; and

(b) must be in a language that can be easily understood by the enforcing authority.

(4) The manufacturer must, at the request of the enforcing authority, co-operate with the authority on any action taken to—

(a) evaluate the apparatus in accordance with regulation 56 (evaluation of apparatus presenting a risk);

(b) eliminate the risks posed by apparatus that the manufacturer has placed on the market.

Importers

Prohibition on placing apparatus on the market which is not in conformity

17. An importer must not place apparatus on the market unless it is in conformity with the essential requirements.

Requirements that must be satisfied before an importer places apparatus on the market E+W+S

18.—(1) Before placing apparatus on the market an importer must ensure that—

(a) a relevant conformity assessment has been carried out by the manufacturer;

(b) the manufacturer has drawn up the technical documentation;

(c) the apparatus—

(i) bears the **[**F16UK**]** marking; and

(ii) is accompanied by the required documents; and

(d) the manufacturer has complied with the requirements of regulation 13 (information identifying manufacturer).

(2) In paragraph (1)(c)(ii) "required documents" means any documents that are required to be provided pursuant to regulation 13(2).

All economic operators

Cases in which the obligations of manufacturers apply to importers and distributors

32. An economic operator ("A") who would, but for this regulation, be considered an importer or distributor, is to be considered a manufacturer for the purposes of these Regulations and is subject to the obligations of a manufacturer under Part 2, where A—

(a) places apparatus on the market under A's own name or trademark; or

(b) modifies apparatus already placed on the market in such a way that it may affect whether the apparatus is in conformity with Part 2.

Identification of economic operators

33.—(1) An economic operator ("E"), who receives a request in relation to apparatus from the market surveillance authority before the end of the relevant period, must, within such period as the authority may specify, identify to the authority—

(a) any other economic operator who has supplied E with apparatus; and

(b) any other economic operator to whom E has supplied apparatus.

(2) The relevant period is—

(a) in the case of paragraph (1)(a), the period of 10 years beginning on the day on which E was supplied with the apparatus;

(b) in the case of paragraph (1)(b), the period of 10 years beginning on the day on which E supplied the apparatus.

Translation of EU declaration of conformity

34.—[F30(1) Before placing apparatus on the market or making apparatus available on the market, an economic operator must ensure that the EU declaration of conformity is prepared in, or translated into, the language required by the [F31relevant state] in which it is to be placed on the market or made available on the market.

(2) Where the apparatus is to be placed on the market or made available on the market in [F32Northern Ireland], the language referred to in paragraph (1) is English.]

(4) An economic operator must not affix to equipment any other marking if the visibility, legibility and meaning of the CE marking would be impaired as a result.

Information concerning the use of apparatus

36.—(1) A person who places apparatus on the market must provide with the apparatus—

(a) information on any specific precautions which must be taken during assembly, installation, maintenance or use to ensure that the apparatus will be in conformity with the requirements of paragraph 1 of Schedule 1 when it is put into service;

(b) information on the restrictions on the use of the apparatus in residential areas where the conformity of the apparatus with paragraph 1 of Schedule 1 cannot be ensured; and

(c) information required to enable the apparatus to be used in accordance with its intended purpose.

(2) Where appropriate, the information referred to in paragraph (1)(b) must also be included on the packaging of the apparatus.

Fixed installations

37.—(1) Subject to paragraph (2), apparatus that has been made available on the market and which can be incorporated into a fixed installation is subject to all of the relevant provisions for apparatus in these Regulations.

(2) Where apparatus is intended for incorporation into a particular fixed installation and is not otherwise made available on the market, the requirements of Part 2 and Part 3 do not apply.

(3) A person who places apparatus of the type referred to in paragraph (2) on the market must provide information with the apparatus which—

(a) identifies the fixed installation in which it is to be incorporated and the electromagnetic compatibility characteristics of that fixed installation;

(b) sets out the precautions to be taken when the apparatus is incorporated into the fixed installation to ensure the conformity of the installation with Part 2;

(c) includes the information referred to in—

(i) regulation 13 (information identifying manufacturer); and

(ii) if relevant, regulation 20 (information identifying importer).

(4) The good engineering practices referred to in paragraph 2 of Schedule 1 must be documented and the documentation held by the person who installed the fixed installation during the period of operation of the fixed installation.

(5) The person referred to in paragraph (4) must ensure that the documentation can be made available to the relevant national authorities upon request during the period of operation of that fixed installation.

(6) Where the enforcing authority has received complaints about disturbances being generated by the fixed installation or has reason to believe that a fixed installation may not be in conformity with these Regulations, the enforcing authority may request evidence of conformity of the fixed installation and may initiate an evaluation of the fixed installation.

(7) Where the enforcing authority considers that the evaluation referred to in paragraph (6) has established that the fixed installation is not in conformity with these Regulations, the enforcing authority must ensure that appropriate measures are taken to ensure that the fixed installation is brought into conformity with the essential requirements in Schedule 1.

(8) The person referred to in paragraph (4) is responsible for ensuring that the installation is in conformity with the relevant essential requirements.

Authorised representatives

Appointment of an authorised representative E+W+S

38.—(1) A manufacturer may, by written mandate, appoint a person **[**F35established in the United Kingdom**]** as their authorised representative to perform specified tasks on the manufacturer's behalf.

(2) The mandate must allow the authorised representative to do at least the following in relation to apparatus covered by the mandate—

(a) perform the manufacturer's obligations under regulation 11 (retention of technical documentation and F36... declaration of conformity);

(b) perform the manufacturer's obligations under regulation 16 (provision of information and co-operation).

(3) The mandate must not include the obligations contained in—

(a) regulation 8 (duty to ensure apparatus complies with the essential requirements); or

(b) regulation 9 (technical documentation and conformity assessment).

(4) A manufacturer who has appointed an authorised representative to perform, on the manufacturer's behalf, a task under these Regulations remains responsible for the proper performance of that task.

(5) An authorised representative must comply with all the duties imposed on the manufacturer in relation to each obligation under these Regulations that the representative is appointed by the mandate to perform and accordingly—

(a) as far as those duties are concerned, a reference in these Regulations to the manufacturer (except in this regulation) is to be taken as including a reference to the authorised representative; and

(b) if the authorised representative contravenes or fails to comply with any of those duties, the authorised representative may be proceeded against as though the authorised representative were the manufacturer.

(c) Part 4 does not apply; and

(d) regulation 59 does not apply.

(4) Paragraph (5) applies where, before placing a category apparatus on the market, the importer ensures that—

(a) the relevant conformity assessment procedure referred to in Article 14 has been carried out;

(b) the manufacturer has drawn up the technical documentation referred to in Annex III; and

(c) the apparatus bears the CE marking.

(5) Where this paragraph applies—

(a) the requirements of regulation 18(a) to (c) are to be treated as being satisfied; and

(b) regulations 2(2)(a), 17, 19(1), 22 and 24 apply subject to the modifications in paragraph (8).

(6) Paragraph (7) applies where, before making apparatus available on the market, a distributor ensures that the apparatus bears the CE marking.

(7) Where this paragraph applies—

(a) regulation 27(1)(a) is to be treated as being satisfied; and

(b) regulations 2(2)(a), 28(1) and 29 apply subject to the modifications in paragraph (10).

(8) The modifications referred to in sub-paragraphs (3)(b), (5)(b) and (9)(b) are that—

(a) any reference to "declaration of conformity" is to be read as a reference to the EU declaration of conformity;

(b) any reference to "UK marking" is to be read as a reference to the CE marking;

(c) any reference to "essential requirements" is to be read as a reference to the essential safety requirements referred to in Annex I;

(d) any reference to "designated standard" is to be read as a reference to a harmonised standard;

(e) any reference to "relevant conformity assessment procedure" is to be read as a reference to the relevant conformity assessment procedures referred to in Article 14;

(f) any reference to "technical documentation" is a reference to the technical documentation referred to in Annex III.
