

SCHEDULE 5

User inspectorate requirements

4. A user inspectorate, its top level management and the personnel responsible for carrying out the conformity assessment tasks must not be directly involved in the design, manufacture or construction, the marketing, installation, use or maintenance of that pressure equipment or assembly, or represent the parties engaged in those activities.

Changes to legislation:

There are currently no known outstanding effects for the The Pressure Equipment (Safety) Regulations 2016, Paragraph 4.
