 - (ii) whether the objective intended to be secured by the proposed byelaw could be satisfactorily secured by alternative means;
 - (iii) the impact of the proposed byelaw on all persons identified by the authority as being potentially affected by it;
 - (iv) whether the result of the proposed byelaw would increase or lessen the regulatory burden on persons potentially affected by the proposed byelaw, insofar as possible expressing that increase or reduction in monetised form;
 - (v) how these alternative means and the proposed byelaw compare with carrying out no further action; and

(c) prepare a statement of the assessment.

- (b) publish the statement on its website (if it has one); and

 - (iv) the relevant authority’s reasons for considering that the byelaw is reasonable in its proposed application, which must include, but need not be limited to why any sanction specified in the proposed byelaw is necessary and proportionate;
 - (v) explaining the extent (if any) to which any other enactment already fulfils the purpose identified under paragraph (iii);
 - (vi) where an enactment has been identified under paragraph (v), explaining why, notwithstanding that enactment, the relevant authority believes there is a need for the byelaw;
 - (vii) where paragraph (v) does not apply, that the byelaw does not conflict with any existing enactments;
 - (viii) as to whether the relevant authority has revoked or is revoking any byelaw;
 - (ix) as to whether the relevant authority intends to make use of any model byelaw and if so what (if any) adjustments to the model byelaw are proposed and confirmation that the relevant authority has followed the guidance accompanying the model byelaw;
 - (x) identifying, by reference to a map where necessary, the land to which the byelaw, if made, will apply;
