EXPLANATORY NOTE
(This note is not part of the Regulations)

Regulation 2 makes it clear that the determination of eligibility under these Regulations apply to an academic year or a designated further education course beginning on or after 1st August 2016.

Regulations 3, 4 and 5 introduce a new category for eligibility for access to support for applicants who are not settled in the United Kingdom (“UK”) but have been residing in the UK for a long time. Such applicants who are under 18 years old must have lived in the UK for 7 years prior to the start of their course. If aged 18 or over, they must have lived in the UK for either half their life or the 20 year period prior to the start of their course. Such applicants will be able to access support under the SSR 2011 subject to meeting the other requirements of those Regulations. They will also be charged tuition fees on the same basis as home students under the FA Regulations and will be regarded as qualifying persons who benefit from fee controls under the QCP Regulations.

Regulation 5 additionally corrects an error made in earlier regulations.

Regulation 6 introduces a new category for eligibility for access to support under the FEL Regulations for applicants who are not settled in the UK but who have been residing in the UK for

(a) S.I. 2016/270.
a long time. Such applicants must have lived in the UK for either half their life or the 20 year period prior to the start of their course. They will be able to access support under the FEL Regulations subject to meeting the other requirements of those Regulations.

Regulation 7 introduces a new category of existing students to whom the SSA 2016, which introduced a 5 year ordinary residence requirement for access to living costs support for EU nationals, do not apply. These are students who would have met the previous 3 year ordinary residence requirement had they applied for support in relation to an academic year beginning before 1st August 2016.
