CHAPTER 2

Flight crew licensing – grant of licence and maintenance of privileges

Grant, renewal and privileges of United Kingdom flight crew licences

152.—(1) Subject to article 172, the CAA or a person approved by the CAA for that purpose must grant licences of any of the classes specified in Part 1 of Schedule 8, authorising the holder to act as a member of the flight crew of a non-EASA aircraft registered in the United Kingdom, if it is satisfied that the applicant is—

- (a) a fit person to hold the licence; and
- (b) qualified by having the knowledge, experience, competence, skill and physical and mental fitness to act in the capacity to which the licence relates.

(2) For the purposes of paragraph (1) the applicant must supply such evidence and undergo such assessments, examinations and tests (including in particular medical assessments and examinations) and undertake such courses of training as the CAA or a person approved by the CAA for that purpose may require.

(3) A licence granted under this article is not valid unless it has been signed by the holder in ink or indelible pencil.

(4) Subject to article 253—

- (a) a licence granted under this article remains in force for the period indicated in the licence, not exceeding the period specified for a licence of that class in Part 1 of Schedule 8;
- (b) if no period is indicated in the licence, it remains in force for the lifetime of the holder.

(5) A licence granted under this article may be renewed by the CAA or a person approved by the CAA for that purpose on being satisfied that the applicant is a fit person and is qualified in accordance with paragraph (1).

(6) A licence granted under this article must not be granted to any person who is under the minimum age specified for that class of licence in Part 1 of Schedule 8.

(7) Nothing in this Order obliges the CAA or a person approved by the CAA for that purpose to accept an application for the issue of a National Private Pilot's Licence when the application is not supported by such reports from such persons approved under article 268 as the CAA or a person approved by the CAA for that purpose may specify, either generally or in a particular case or class of cases.

(8) Subject to any conditions of the licence including those specified in Part 1 of Schedule 8, the other provisions of this Part and article 253, a licence of any class entitles the holder to exercise the privileges specified for that licence in Chapter 2 of Part 1 of that Schedule under the heading

“Privileges” or Chapter 3 of Part 1 of that Schedule under the heading “Privileges and conditions” on a non-EASA aircraft.

(9) The CAA or a person approved by the CAA for that purpose may grant a licence subject to such conditions it deems appropriate.

(2) The CAA must include a rating or certificate if it is satisfied that the applicant is qualified by having the knowledge, experience, competence, skill and physical and mental fitness to act in the capacity to which the rating or certificate relates.

(3) A rating or certificate is deemed to form part of the licence.

(4) A rating or certificate of any class entitles the holder of the licence in which the rating or certificate is included to exercise the privileges specified for that rating or certificate in Part 2 of Schedule 8 on a non-EASA aircraft.
