Directive as from the date of the agreement referred to in paragraph (1)(a) or the decision referred to in paragraph (1)(b).

Designation of special areas of conservation

11.—(1) Once a site located in the offshore marine area has been adopted by the Commission as a site of Community importance in accordance with the third sub-paragraph of Article 4(2) of the Habitats Directive, the relevant administration must designate that site as a special area of conservation as soon as possible and within six years of such adoption at the most.

(2) The relevant administration must establish priorities for any site which it designates under paragraph (1), in the light of—

(4) Any competent authority consulted under paragraph (3)(b) must be given the opportunity of participating in the establishment of the scheme.

(5) A competent authority may establish a single management scheme for two or more European offshore marine sites.

(6) Only one management scheme may be established for each European offshore marine site.

(7) A competent authority which has established a management scheme must review the scheme periodically, initially by the fifth anniversary of the date of the scheme's establishment and thereafter by each fifth anniversary of that date.

(8) A management scheme may be amended at any time, but before amending a scheme the competent authority which established it must—

- (a) consult the Joint Committee; and
- (b) consult such other persons as it considers appropriate.

(9) Before establishing or amending a management scheme for a site, the competent authorities concerned must have regard to—

- (a) any conservation objectives established for the site under regulation 21(a); and
- (b) any advice provided under regulation 21(b) relating to that site.

(10) As soon as a management scheme has been established or is amended, the competent authorities concerned must ensure that a copy of the scheme, or the amended scheme (as the case may be) is provided to—

- (a) the Secretary of State;
- (b) the devolved administrations;
- (c) those consulted under paragraph (3);
- (d) such other persons as the Secretary of State may direct;
- (e) in the case of a management scheme entered into by a competent authority in Scotland in relation to a site in the Scottish offshore region, such other persons as the Scottish Ministers may direct; and
- (f) in the case of a management scheme entered into by a competent authority in Wales in relation to a site in the Welsh offshore region, such other persons as the Welsh Ministers may direct.

(11) The Secretary of State may vary or revoke a direction under paragraph (10)(d), the Scottish Ministers may vary or revoke a direction under paragraph (10)(e) and the Welsh Ministers may vary or revoke a direction under paragraph (10)(f).

(12) In paragraph (3)(c), “European marine site” means any site which is a European marine site for the purposes of the 1994 Regulations, the Conservation (Natural Habitats, &c.) Regulations (Northern Ireland) 1995(2) or the 2017 Regulations.

Duty in relation to management schemes

23. Where a management scheme has been established, any competent authority which established that scheme must take reasonable steps to exercise its functions in accordance with that scheme.

Co-ordinated management of sites

24.—(1) Where a European offshore marine site, other than any such site in the Scottish offshore region or the Welsh offshore region, adjoins a special area of conservation or a special protection area which has been (respectively) designated or classified by another member State, the Secretary of State must consult that State in relation to the co-ordinated management of the site and the area in question.

(2) Where a European offshore marine site in the Scottish offshore region adjoins a special area of conservation or a special protection area which has been (respectively) designated or classified by another member State, the Scottish Ministers must, and the Secretary of State may, consult that State in relation to the co-ordinated management of the site and the area in question.

(3) Where a European offshore marine site in the Welsh offshore region adjoins a special area of conservation or a special protection area which has been (respectively) designated or classified by another member State, the Welsh Ministers must, and the Secretary of State may, consult that State in relation to the co-ordinated management of the site and the area in question.

(4) Before the Secretary of State consults under paragraph (2) in relation to a site, or a part of a site, in relation to which the Scottish Ministers must consult under that paragraph, the Secretary of State must consult the Scottish Ministers.

(2) S.R. (N.I.) 1995 No. 380.

(5) Before the Secretary of State consults under paragraph (3) in relation to a site, or a part of a site, in relation to which the Welsh Ministers must consult under that paragraph, the Secretary of State must consult the Welsh Ministers.

Conservation measures relating to special areas of conservation

25.—(1) In relation to any site designated as a special area of conservation under regulation 11, competent authorities must, in so far as their functions may be so exercised, exercise such of their functions as they consider appropriate for the purpose of giving effect to Article 6(1) of the Habitats Directive by taking conservation measures corresponding to the ecological requirements of—

- (a) the natural habitat types listed in Annex I to that Directive present on the site; and
- (b) the species listed in Annex II to that Directive which are present on the site.

(2) In considering what conservation measures may be necessary for the purposes of paragraph (1) in relation to a site, competent authorities must have regard to—

- (a) the need to maintain at, or restore to, favourable conservation status the natural habitat types and species mentioned in paragraph (1) which are present on the site;
- (b) the matters referred to in Article 2(3) of the Habitats Directive; and
- (c) any management scheme which has been established for the site.

(3) In so far as the duty in paragraph (1) has been met in respect of a site by any competent authority in Scotland or competent authority in Wales, that paragraph does not apply to any other competent authority in respect of that site.

(4) Before a competent authority (other than a competent authority in Scotland or Wales) exercises any relevant function for the purposes of complying with paragraph (1), it must first consult the Scottish Ministers and the Welsh Ministers.

(5) Where, in relation to any site designated as a special area of conservation under regulation 11, paragraph (1) imposes a duty on more than one competent authority—

- (a) where the competent authorities do not include a competent authority in Scotland or Wales, the Secretary of State may give a direction that, in respect of any measure that may be necessary, the duty of the competent authorities in question is to be satisfied by the taking of that measure by such competent authority or authorities as the Secretary of State may specify in the direction, and any such direction has effect in the terms stated in the direction; and
- (b) where the competent authorities include one or more competent authorities in Scotland or Wales, the relevant administration may give a direction that, in respect of any measure that may be necessary, the duty of the competent authorities in question is to be satisfied by the taking of that measure by such competent authority or authorities as the relevant administration may specify in the direction, and any such direction has effect in the terms stated in the direction.

(6) A direction under paragraph (5)(b) may not be given unless the Scottish Ministers or the Welsh Ministers (as the case may be) and the Secretary of State have agreed that it may.

(7) In this regulation—

“the relevant administration” means—

- (a) in relation to a competent authority in Scotland, the Scottish Ministers;
- (b) in relation to a competent authority in Wales, the Welsh Ministers; and
- (c) in relation to a competent authority other than a competent authority in Scotland or in Wales, the Secretary of State; and

“relevant function” means any function exercisable for the purpose of securing any result which may instead be secured by the exercise of any function of either the Scottish Ministers or the Welsh Ministers.

Prevention of deterioration of habitats and disturbance of species

26.—(1) In so far as their functions may be exercised to secure that appropriate steps are taken for the purpose mentioned in paragraph (2), competent authorities must exercise their functions to secure that such steps are taken.

(2) The purpose referred to in paragraph (1) is the avoidance of—

- (a) the disturbance of species specified in paragraph (3); and
- (b) the deterioration of habitat or habitat types specified in paragraph (4).

(3) The disturbance of species referred to in paragraph (2)(a) is—

- (a) in any site designated as a special area of conservation under regulation 11, the disturbance of any of the species listed in Annex II to the Habitats Directive for which the site was so designated, in so far as such disturbance could be significant in relation to the objectives of that Directive;
- (b) in any site in the offshore marine area which has been placed on the list referred to in the third sub-paragraph of Article 4(2) of the Habitats Directive, the disturbance of any of the species listed in Annex II to the Habitats Directive for which the site was placed on that list, in so far as such disturbance could be significant in relation to the objectives of that Directive;
- (c) in any site in the offshore marine area hosting a priority natural habitat type or priority species in respect of which consultation has been initiated under Article 5(1) of the Habitats Directive, the disturbance of any priority species, in so far as such disturbance could be significant in relation to the objectives of that Directive; and
- (d) in any site classified as a special protection area under regulation 12 or 13, the disturbance of any of the species of bird for which the site was so classified, in so far as such disturbance could be significant in relation to the objectives of the Habitats Directive or the Wild Birds Directive.

(4) The deterioration of habitat or habitat types referred to in paragraph (2)(b) is—

- (a) in any site designated as a special area of conservation under regulation 11—
 - (i) the deterioration of the habitat of any of the species listed in Annex II to the Habitats Directive for which the site was so designated; and
 - (ii) the deterioration of any of the natural habitat types listed in Annex I to the Habitats Directive for which the site was so designated;
- (b) in any site in the offshore marine area which has been placed on the list referred to in the third sub-paragraph of Article 4(2) of the Habitats Directive—
 - (i) the deterioration of the habitat of any of the species listed in Annex II to the Habitats Directive for which the site was placed on that list; and
 - (ii) the deterioration of any of the natural habitat types listed in Annex I to the Habitats Directive for which the site was placed on that list;
- (c) in any site in the offshore marine area hosting a priority natural habitat type or priority species in respect of which consultation has been initiated under Article 5(1) of the Habitats Directive—
 - (i) the deterioration of the habitat of any such species; and
 - (ii) the deterioration of any priority natural habitat type; and

- (d) in any site classified as a special protection area under regulation 12 or 13, the deterioration of the habitats of any of the species of bird for which the site was so classified.
- (5) The obligation in paragraph (1) only applies in relation to a site specified in paragraph (3) (c) or (4)(c)—
 - (a) during the consultation period; or
 - (b) where the Commission forwards a proposal to the Council regarding the site under Article 5(2) of the Habitats Directive, until such time as the Council makes a decision under Article 5(3) in relation to the site.
- (6) In considering the steps (if any) to be taken under paragraph (1), competent authorities must have regard to—
 - (a) the need to maintain at, or restore to, favourable conservation status the natural habitat types and species specified in paragraphs (3) and (4), and the habitats of those species, which are present on the site concerned;
 - (b) the matters referred to in Article 2(3) of the Habitats Directive;
 - (c) any management scheme which has been established for the site concerned; and
 - (d) the objectives of the Habitats Directive and, where appropriate, the Wild Birds Directive.
- (7) In so far as the duty in paragraph (1) has been met in respect of a site by any competent authority in Scotland or competent authority in Wales, that paragraph does not apply to any other competent authority in respect of that site.
- (8) Before a competent authority (other than a competent authority in Scotland or competent authority in Wales) exercises any relevant function for the purposes of complying with paragraph (1), it must first consult the Scottish Ministers or the Welsh Ministers (as the case may be), and for this purpose, a “relevant function” means any function exercisable for the purpose of securing any result which may instead be secured by the exercise of any function of the Scottish Ministers or the Welsh Ministers.
- (9) Where, in respect of any site mentioned in paragraph (3) or (4), paragraph (1) imposes a duty on more than one competent authority—
 - (a) where the competent authorities do not include a competent authority in Scotland or in Wales, the Secretary of State may give a direction that, in respect of any step that may be necessary, the duty of the competent authorities in question is to be satisfied by the taking of that step by such competent authority or authorities as the Secretary of State may specify in the direction, and any such direction has effect in the terms stated in the direction; and
 - (b) where the competent authorities include one or more competent authorities in Scotland or in Wales, the relevant administration may give a direction that, in respect of any step that may be necessary, the duty of the competent authorities in question is to be satisfied by the taking of that step by such competent authority or authorities as the relevant administration may specify in the direction, and any such direction has effect in the terms stated in the direction.
- (10) A direction under paragraph (9)(b) may not be given unless the Scottish Ministers or the Welsh Ministers (as the case may be) and the Secretary of State have agreed that it may.
- (11) So far as lies within its powers, a competent authority in exercising any function in or in relation to the offshore marine area must use all reasonable endeavours to avoid any pollution or deterioration of habitats of wild birds (except habitats beyond the outer limits of the area to which the Wild Birds Directive applies).
- (12) Paragraph (1) does not apply where—
 - (a) the cause of the disturbance of species or deterioration of habitat or habitat types specified in paragraph (3) or (4) is a plan or project that has been agreed to under regulation 28; or

- (b) the disturbance of species specified in paragraph (3) is not a criminal offence under regulation 38 or Part 3.

(13) In this regulation—

“the relevant administration” means—

- (a) in relation to a competent authority in Scotland, the Scottish Ministers;
- (b) in relation to a competent authority in Wales, the Welsh Ministers; and
- (c) in relation to any other competent authority, the Secretary of State.

Plans and projects

Meaning of “European site”

27.—(1) In these Regulations a “European site” means any of the following located in the United Kingdom—

- (a) a special area of conservation;
- (b) a site of Community importance which has been placed on the list referred to in the third sub-paragraph of Article 4(2) of the Habitats Directive;
- (c) a site hosting a priority natural habitat type or priority species in respect of which consultation has been initiated under Article 5(1) of the Habitats Directive, during the consultation period mentioned in Article 5(2) or pending a decision of the Council under Article 5(3);
- (d) a site classified as a special protection area pursuant to Article 4(1) or (2) of the Wild Birds Directive; and
- (e) a site which has been proposed to the Commission by the Secretary of State or any of the devolved administrations as a site eligible for designation as a special area of conservation for the purposes of meeting the United Kingdom’s obligations under Article 4(1) of the Habitats Directive, until such time as—
 - (i) it is placed on the list of sites of Community importance referred to in the third sub-paragraph of Article 4(2) of the Habitats Directive, or
 - (ii) agreement is reached or a decision is taken pursuant to Article 4(2) of that Directive that the site is not to be placed on that list.

(2) For the purposes of paragraph (1), where consultation is initiated by the Commission in accordance with Article 5(1) of the Habitats Directive with respect to a site in the United Kingdom hosting a priority natural habitat type or priority species, the site is to be treated as having been placed on the list referred to in the third sub-paragraph of Article 4(2) of the Habitats Directive as from the date specified in paragraph (3).

(3) The date referred to in paragraph (2) is the date on which—

- (a) it is agreed between the Commission and the Secretary of State, within the six-month period mentioned in Article 5(2) of the Habitats Directive, that the site should be selected as a site of Community importance; or
- (b) the Council, acting on a proposal from the Commission in pursuance of Article 5(2) of the Habitats Directive, decides that the site should be so selected.

(4) In this regulation “the United Kingdom” means the United Kingdom (including its internal waters) and the territorial sea adjacent to the United Kingdom.

Protection of European offshore marine sites and European sites

28.—(1) Before deciding to undertake, or give any consent, permission or other authorisation for, a relevant plan or project, a competent authority must make an appropriate assessment of the implications of the plan or project for the site in view of that site's conservation objectives.

(2) In paragraph (1), a “relevant plan or project” is a plan or project which—

- (a) is to be carried out on or in any part of the waters or on or in any part of the seabed or subsoil comprising the offshore marine area, or on or in relation to an offshore marine installation;
- (b) is likely to have a significant effect on a European offshore marine site or a European site (either alone or in combination with other plans or projects); and
- (c) is not directly connected with or necessary to the management of the site.

(3) A person applying to a competent authority for any consent, permission or other authorisation for a plan or project in the offshore marine area must provide such information as the competent authority may reasonably require—

- (a) to enable it to determine whether an assessment under paragraph (1) is required; or
- (b) for the purposes of an assessment under paragraph (1).

(4) The competent authority must for the purposes of the assessment—

- (a) where it relates to a European offshore marine site, consult the Joint Committee;
- (b) where it relates to a European site in England, consult Natural England;
- (c) where it relates to a European site in Wales, consult the Natural Resources Body for Wales;
- (d) where it relates to a European site in Scotland, consult Scottish Natural Heritage;
- (e) where it relates to a European site in Northern Ireland, consult the DAERA; and
- (f) if it considers it appropriate, take the opinion of the general public and if it does so, take such steps for that purpose as it considers appropriate.

(5) In the light of the conclusions of the assessment, and subject to regulation 29, the competent authority may agree to the plan or project only if it has ascertained that it will not adversely affect the integrity of the European offshore marine site or European site (as the case may be).

(6) In considering whether a plan or project will adversely affect the integrity of a site, the competent authority must have regard to the manner in which it is proposed to be carried out and to any conditions or restrictions subject to which the competent authority proposes that the consent, permission or other authorisation should be given.

(7) This regulation does not apply in relation to—

- (a) a site which is a European offshore marine site by reason of regulation 18(c);
- (b) a site which is a European site by reason of regulation 27(1)(c);
- (c) the granting by the Secretary of State of any Petroleum Act approval, Petroleum Act authorisation, Petroleum or Energy Act consent, Petroleum Act licence, or Energy Act licence.

(8) Where a plan or project requires an appropriate assessment both under this regulation and under the Conservation Regulations, the assessment so far as relating to that part of it that is to be carried out in the offshore marine area need not identify the extent to which the effects of the plan or project are specifically attributable to that part, provided that an assessment made for the purposes of this regulation and the Conservation Regulations assesses the effects of the plan or project as a whole.

(9) In paragraph (8) “the Conservation Regulations” means the 1994 Regulations or the 2017 Regulations (as the case may be).

(10) In this regulation—

“England” includes so much of the internal waters and territorial sea of the United Kingdom as are not part of Northern Ireland, Scotland or Wales; and

“Northern Ireland” has the same meaning as in the Northern Ireland Act 1998(3).

Considerations of overriding public interest

29.—(1) If it is satisfied that, there being no alternative solutions, the plan or project referred to in regulation 28(1) must be carried out for imperative reasons of overriding public interest (which, subject to paragraph (2), may be of a social or economic nature), the competent authority may agree to the plan or project notwithstanding a negative assessment of the implications for the site.

(2) Where the site concerned hosts a priority natural habitat type or a priority species, the reasons referred to in paragraph (1) must be either—

- (a) reasons relating to human health, public safety or beneficial consequences of primary importance to the environment; or
- (b) any other imperative reasons of overriding public interest.

(3) A competent authority may not agree to a plan or project under paragraph (1) for any reason referred to in paragraph (2)(b) unless it has had due regard to the opinion of the Commission in satisfying itself that there are such reasons.

(4) Where a competent authority other than the Secretary of State desires to obtain the opinion of the Commission as to whether reasons are to be considered imperative reasons of overriding public interest, it must submit a request to the Secretary of State—

- (a) identifying the matter on which an opinion is sought; and
- (b) accompanied by any documents or information that may be required.

(5) Where a competent authority in Scotland other than the Scottish Ministers submits a request to the Secretary of State under paragraph (4), it must notify the Scottish Ministers of that request.

(6) Where a competent authority in Wales other than the Welsh Ministers submits a request to the Secretary of State under paragraph (4), it must notify the Welsh Ministers of that request.

(7) Where a competent authority has submitted a request in accordance with paragraph (4), the Secretary of State may, if the Secretary of State thinks fit, seek the opinion of the Commission, and upon receipt of that opinion the Secretary of State must transmit it to the competent authority.

Agreement to plan or project: England and Northern Ireland

30.—(1) Where a competent authority in England or in Northern Ireland proposes to agree to a plan or project under regulation 29 notwithstanding a negative assessment of the implications for a European offshore marine site or a European site—

- (a) it must notify the Secretary of State; and
- (b) it must not agree to the plan or project before the end of the period of 21 days beginning with the day notified to it by the Secretary of State as that on which the authority’s notification was received by the Secretary of State, unless the Secretary of State authorises the authority to do so under paragraph (2)(b).

(2) In any case within paragraph (1), the Secretary of State may—

- (a) at any time before the competent authority has agreed to the plan or project in question, give a direction to the competent authority prohibiting it from agreeing to the plan or project, either indefinitely or during such period as may be specified in the direction; or

(3) 1998 c. 47.

- (b) authorise the competent authority to agree to the plan or project subject to such conditions or restrictions as may be specified in the authorisation.
- (3) The Secretary of State may amend or revoke a direction or authorisation under paragraph (2) at any time before the competent authority has agreed to the plan or project in question.

Agreement to plan or project: Scotland

 - (a) they must notify the Secretary of State; and
 - (b) they may agree to the plan or project only after having been notified of the Secretary of State's agreement, which may be given subject to such conditions or restrictions as the Secretary of State may specify.
- (6) Where a competent authority in Scotland other than the Scottish Ministers proposes to agree to a plan or project under regulation 29 notwithstanding a negative assessment of the implications for a European site outside Scotland or a European offshore marine site outside the Scottish offshore region—

(8) Any agreement between the Scottish Ministers and the Secretary of State that is the subject of a notification under paragraph (6)(b) may be subject to such conditions or restrictions as may be specified in the notification, and where the Scottish Ministers and the Secretary of State so agree, the Scottish Ministers may, at any time before the competent authority has agreed to the plan or project in question, amend or revoke a notification under paragraph (6)(b).

Agreement to plan or project: Wales

32.—(1) Where a competent authority in Wales other than the Welsh Ministers proposes to agree to a plan or project under regulation 29 notwithstanding a negative assessment of the implications for a European site in Wales or for a European offshore marine site in the Welsh offshore region—

- (a) it must notify the Welsh Ministers; and
- (b) it must not agree to the plan or project before the end of the period of 21 days beginning with the day notified to it by the Welsh Ministers as that on which the authority's notification was received by them, unless the Welsh Ministers authorise the authority to do so under paragraph (2)(b).

(2) In any case within paragraph (1), the Welsh Ministers may—

- (a) at any time before the competent authority has agreed to the plan or project in question, give a direction to the competent authority prohibiting it from agreeing to the plan or project, either indefinitely or during such period as may be specified in the direction; or
- (b) authorise the competent authority to agree to the plan or project subject to such conditions or restrictions as may be specified in the authorisation.

(3) The Welsh Ministers may amend or revoke a direction or authorisation under paragraph (2) at any time before the competent authority has agreed to the plan or project in question.

(4) Where a competent authority in Wales agrees to a plan or project under regulation 29 notwithstanding a negative assessment of the implications for a European site in Wales or for a European offshore marine site in the Welsh offshore region, it must notify the Secretary of State as soon as practicable following that agreement.

(5) Where the Welsh Ministers propose to agree to a plan or project under regulation 29 notwithstanding a negative assessment of the implications for a European site outside Wales or a European offshore marine site outside the Welsh offshore region—

- (a) they must notify the Secretary of State; and
- (b) they may agree to the plan or project only after having been notified of the Secretary of State's agreement, which may be given subject to such conditions or restrictions as the Secretary of State may specify.

(8) Any agreement between the Welsh Ministers and the Secretary of State that is the subject of a notification under paragraph (6)(b) may be subject to such conditions or restrictions as may be specified in the notification, and where the Welsh Ministers and the Secretary of State so agree, the

Welsh Ministers may, at any time before the competent authority has agreed to the plan or project in question, amend or revoke a notification under paragraph (6)(b).

Review of existing decisions and consents

33.—(1) Where, before the date on which a site becomes a European offshore marine site, a competent authority has decided to undertake, or has given any consent, permission or other authorisation for, a plan or project to which regulation 28(1) would apply if it were to be considered at that date, the authority must as soon as reasonably practicable after that date review its decision, or as the case may be, consent, permission or other authorisation.

(2) Where, before the date on which a site becomes a European site or, if later, the commencement of these Regulations, a competent authority has decided to undertake, or has given any consent, permission or other authorisation for, a plan or project to which regulation 28(1) would apply if it were to be considered at that date, the authority must as soon as reasonably practicable after that date review its decision, or as the case may be, consent, permission or other authorisation.

(3) A competent authority must for the purpose of reviewing a decision, consent, permission or other authorisation under paragraph (1) or (2) make an appropriate assessment of the implications for the site in view of that site's conservation objectives, and the provisions of regulation 28(3), (4) and (8) apply, with the appropriate modifications, in relation to such a review.

(4) Where a competent authority reviews a decision, consent, permission or other authorisation under this regulation it must affirm, modify or revoke it.

(5) Subject to the following provisions of this Part, any review required by this regulation must be carried out under existing statutory procedures where such procedures exist, and if none exists the competent authority must determine the procedure to be followed, having regard to any guidance issued by the Secretary of State or, in relation to the Scottish offshore region, by the Scottish Ministers, or in relation to the Welsh offshore region, by the Welsh Ministers.

(6) Nothing in this regulation—

- (a) requires a review where a site is a European offshore marine site by reason of regulation 18(c);
- (b) requires a review where a site is a European site by reason of regulation 27(1)(c);
- (c) requires a review by the Secretary of State of a Petroleum Act approval, Petroleum Act authorisation, Petroleum or Energy Act consent, Petroleum Act licence or Energy Act licence;
- (d) requires a review of any plan or project in relation to which a review has been carried out under regulation 27 of the Offshore Marine Conservation (Natural Habitats, &c. Regulations 2007)(4);
- (e) affects anything done in pursuance of the decision, or the consent, permission or other authorisation, before the date mentioned in paragraph (1) or (2) (as the case may be).

(7) The Secretary of State may not issue guidance under paragraph (5) which relates to a function within devolved competence without the consent of the Scottish Ministers or the Welsh Ministers, as the case may be.

(8) The Scottish Ministers may only issue guidance under paragraph (5)—

- (a) to a competent authority in Scotland; or
- (b) where guidance is issued to a competent authority other than a competent authority in Scotland, subject to and in accordance with the agreement of the Secretary of State.

- (a) to a competent authority in Wales; or
- (b) where guidance is issued to a competent authority other than a competent authority in Wales, subject to and in accordance with the agreement of the Secretary of State.

(10) Regulations 90 and 91 of the 2017 Regulations (consents under Electricity Act 1989⁽⁵⁾; procedure on review and effect of review) apply in relation to any decision under paragraph (4) revoking or modifying a consent granted under section 36⁽⁶⁾ or 37⁽⁷⁾ of the Electricity Act 1989 as they apply in relation to a decision pursuant to regulation 90 of the 2017 Regulations revoking or varying any such consent, but with the modifications specified in paragraphs (11) and (12).

(11) The modifications to regulation 90 referred to in paragraph (10) are—
