This Transposition Note has been prepared by HM Treasury. The table below explains how the Financial Services and Markets Act 2000 (Markets in Financial Instruments) Regulations 2017 transpose certain provisions of MiFID II. Please note that MiFID II is based on (and repeals) Directive 2004/39/EC (MiFID I) and contains very similar (and in some cases identically worded) provisions. MiFID I has been implemented in United Kingdom law and these Regulations contain numerous minor amendments to provisions of United Kingdom law that implemented or cross-referred to MiFID I to update the references so they still function now MiFID I has been replaced. The table only sets out where the Regulations transpose substantially new provisions or obligations under MiFID II
