The Local Land Charges Rules 2018

Application for registration of a light obstruction notice

- 4.—(1) This rule applies to applications for registration of a light obstruction notice in the register.
- (2) The application may be made using an electronic means of communication.
- (3) An application made using an electronic means of communication must contain such of the particulars required by Form A as are appropriate and be in accordance with any determination by the registrar under rule 13.
- (4) If the application is not made using an electronic means of communication, it must be made in Form A and be delivered to the address specified by the registrar under rule 14.
