

EXPLANATORY MEMORANDUM TO
THE WASTE AND ENVIRONMENTAL PROTECTION (AMENDMENT)
(NORTHERN IRELAND) (EU EXIT) REGULATIONS 2019

2019 No. 1443

1. Introduction

1.1 This explanatory memorandum has been prepared by the Department for Environment, Food and Rural Affairs (“Defra”) and is laid before Parliament by Command of Her Majesty.

2. Purpose of the instrument

2.1 This instrument corrects operability amendments made by three other Northern Ireland European Union (“EU”) Exit instruments and amends: one piece of Northern Ireland primary legislation to correct deficiencies arising as a result of the UK’s exit from the EU; and current legislation in Northern Ireland that transposes Article 16 of Directive 2008/98/EC of the European Parliament and of the Council of 19 November 2008 on waste (“the Waste Framework Directive”). It amends:

- The Waste and Contaminated Land (Northern Ireland) Order 1997. (S.I. 1997/2778 (N.I. 19))
- The Waste (Miscellaneous Amendments) (Northern Ireland) (EU Exit) Regulations 2019. (S.I. 2019/271)
- The Environment (Miscellaneous Amendments) (Northern Ireland) (EU Exit) Regulations 2019. (S.I. 2019/584)
- The Environmental Protection (Amendment) (Northern Ireland) (EU Exit) Regulations 2019. (S.I. 2019/289)

Explanations

What did any relevant EU law do before exit day?

2.2 The three EU Exit instruments listed in section 2.1 corrected EU Exit-related deficiencies in domestic legislation so that it continues to operate as intended after exit day. This instrument makes corrections to these instruments thereby updating subordinate and primary legislation in respect of waste. Further amendments of the same nature are also included in respect of the Waste and Contaminated Land (Northern Ireland) Order 1997.

2.3 The Waste and Contaminated Land (Northern Ireland) Order 1997 sets out provisions relating to waste on land, the collection and disposal of waste, land contamination by pollution, the controlled use, supply or storage of prescribed substances and articles and the obtaining of information on potentially hazardous substances. The relevant provision in the context of this instrument is paragraph 4 of Schedule 3 which transposes Article 16 of the Waste Framework Directive in respect of the objectives of waste strategies.

2.4 The Environmental Protection (Amendment) (Northern Ireland) (EU Exit) Regulations 2019 make amendments to a number of pieces of legislation covering waste management, air and environmental quality and modifications of EU Directives

for the purposes of interpretation post EU Exit. The relevant amendments for the purpose of this instrument are in Schedule 3 paragraph 11(10) relating to modifications of Article 16 of the Waste Framework Directive.

- 2.5 The Waste (Miscellaneous Amendments) (Northern Ireland) (EU Exit) Regulations 2019 make amendments to a number of pieces of legislation in the area of waste management. The relevant amendment for the purpose of this instrument is in respect of the insertion of new regulation 9D into the Waste Regulations (Northern Ireland) 2011.
- 2.6 The Environment (Miscellaneous Amendments) (Northern Ireland) (EU Exit) Regulations 2019 make amendments to a number of pieces of legislation covering waste, industrial pollution, genetically modified organisms, noise and environmental liability. The relevant amendment for the purpose of this instrument is in respect of Schedule 3 to the Waste and Contaminated Land Order (Northern Ireland) 1997.

Why is it being changed?

- 2.7 Corrective amendments are necessary to update previous operability amendments made by the three Northern Ireland EU Exit instruments listed in section 2.1 of this explanatory memorandum and to ensure that the same amendments are made to the equivalent provision within the Waste and Contaminated Land (Northern Ireland) Order 1997.
- 2.8 Regulations 2, 3, 4 and 5 of this instrument make amendments to domestic legislation to ensure the objectives relating to the principles of self-sufficiency and proximity in national waste management plans continue to apply, are fully operable at a United Kingdom (UK) level and that there is a consistent approach to the modifications made to Article 16 of the Waste Framework Directive and the amendments made to domestic legislation following exit day. The amendments remove the inoperable elements caused by Article 16 of the Waste Framework Directive by removing the references to “best available techniques” and to the requirements which apply in respect of the EU as a whole, updating these with the appropriate requirements which will apply to the UK once it exits the EU.
- 2.9 Regulation 2 of this instrument corrects an omission to earlier amendments made to paragraph 4 of Schedule 3 to the Waste and Contaminated Land (Northern Ireland) Order 1997 by the Environment (Miscellaneous Amendments) (Northern Ireland) (EU Exit) Regulations 2019.
- 2.10 Regulation 3 of this instrument corrects an amendment in regulation 5(3) of the Waste (Miscellaneous Amendments) (Northern Ireland) (EU Exit) Regulations 2019 which inserts new regulations 9A to 9E into the Waste Regulations (Northern Ireland) 2011.
- 2.11 Regulation 4 of this instrument corrects an amendment in Schedule 3 to the Environmental Protection (Amendment) (Northern Ireland) (EU Exit) Regulations 2019 by substituting a new sub-paragraph (10) into paragraph 11.
- 2.12 Regulation 5 of this instrument corrects an amendment in regulation 14(a) of the Environment (Miscellaneous Amendments) (Northern Ireland) (EU Exit) Regulations 2019.

What will it now do?

- 2.13 The amendments will correct earlier operability amendments made through the Waste (Miscellaneous Amendments) (Northern Ireland) (EU Exit) Regulations 2019, the

Environmental Protection (Amendment) (Northern Ireland) (EU Exit) Regulations 2019 and the Environment (Miscellaneous Amendments) (Northern Ireland) (EU Exit) Regulations 2019 ensuring consistency with amendments made through other UK EU Exit SIs and that deficiencies in the legislation amended by those Regulations are addressed as intended. The amendments will also ensure that a similar relevant provision within the Waste and Contaminated Land (Northern Ireland) Order 1997 is similarly updated.

parts ensure better consistency with the wording in Article 16 of the Waste Framework Directive and ensure the effectiveness and continuity of UK legislation following our exit from the EU.

- 7.3 This instrument makes minor amendments, which are legally necessary to achieve its objectives. It represents no changes of policy, nor will it produce any impact on businesses or the public. Sections 2.7 to 2.12 of this explanatory memorandum describe the changes made by this instrument.
