

SCHEDULE 3

9. In this Schedule “source term” means the radioactivity which could give rise to direct external exposures from the premises or which could be released to the environment in a radiation emergency and, for releases, includes—

- (a) the amount of each radionuclide released;
- (b) the time distribution of the release;
- (c) the energy associated with atmospheric release; and
- (d) the likely chemical and physical form of the radionuclides in the release.
