

SCHEDULE 4

Regulation 7(3)

Particulars to be included in a consequences report

PART 1

Factual Information

1. The following factual information must be provided in the operator's consequences report—
 - (a) the name and address of the operator;
 - (b) the postal address of the premises where the radioactive substance will be processed, manufactured, used or stored, or where the facilities for processing, manufacture, use or storage exist;
 - (c) the date on which it is anticipated that the work with ionising radiation will commence or, if it has already commenced, a statement to that effect.

PART 2

Recommendations

2. The operator must include the following recommendations in the consequences report—
 - (a) the proposed minimum geographical extent from the premises to be covered by the local authority's off-site emergency plan; and
 - (b) the minimum distances to which urgent protective action may need to be taken, marking against each distance the timescale for implementation of the relevant action.
3. In relation to a minimum geographical extent recommended under paragraph 2, the operator must also include within the consequences report—
 - (a) the recommended urgent protective actions to be taken within that zone, if any, together with timescales for the implementation of those actions; and
 - (b) details of the environmental pathways at risk in order to support the determination of food and water restrictions in the event of a radiation emergency.

PART 3

Rationale

4. The operator must set out the rationale supporting each recommendation made in the consequences report.
5. In particular, the operator must set out—
 - (a) the rationale for its recommendation on the minimum distances for which urgent protective action may need to be taken; and
 - (b) where the operator and local authority have agreed that no off-site planning is required, and therefore no emergency planning is recommended, the rationale for that agreement.
