Otherwise, the pitch fee review will not be valid. This form may also be used if the site owner is proposing to reduce the pitch fee. (B) The CPI adjustment

In accordance with paragraph 20(A1) of Chapter 2 of Part 1 of Schedule 1 to the Mobile Homes Act 1983 (as amended by the Mobile Homes (Pitch Fees) Act 2023), I/we have calculated the CPI adjustment as the percentage increase/decrease [delete as appropriate] in the Consumer Prices Index (CPI) over 12 months by reference to the CPI published for [insert month and year of latest index] which was [insert CPI for that month].

Note: For further information on the correct CPI figures to use refer to the section on the CPI adjustment in the notes at the end of this form.

(C) Recoverable costs

I /We have added a charge that I /we have incurred and believe can be recovered through the pitch fee. The details of the costs are set out below.

I/We have arrived at that figure as follows:

..... [insert explanation of how you have calculated the figure for (D)]

Note: The matters to which the site owner(s) shall have particular regard to when carrying out the pitch fee review include those set out in paragraph 18 of Chapter 2 of Part 1 of Schedule 1 to the Mobile Homes Act 1983 (as amended by section 11 of the Mobile Homes Act 2013) which forms part of your implied terms. Account should therefore be taken of these matters in the calculation of either (C) or (D). Paragraphs 18 and 19 of that Chapter also set out certain matters which cannot be taken into account in the calculation of (C) and (D). Further information can also be found in the notes at the end of this form.

arrears. I/We may, however, apply to a tribunal for it to decide what the new pitch fee should be. You also have the right to apply to the tribunal. If the tribunal decides that a new pitch fee is payable it shall be payable as from the effective date. (The notes accompanying this form contain further information).

Section 6: Signature of site owner(s)

Signed:

Date:

Name and address of the site owner(s) (for the purpose of serving notices)

.....

Section 7: Notes: You should read these notes carefully as they contain important information about the pitch fee review. You should note, however, that these notes are for guidance only and do not purport to provide a definitive statement of the law.

General

- This form should be used if the site owner is proposing to change the pitch fee.
- This form must be served on the occupier with the pitch fee review notice at least 28 days before the date on which it is proposed to change the pitch fee.
- This form sets out the proposed new pitch fee, the date from which it is proposed the new pitch fee will take effect and how it has been calculated. This form should be sent to the occupier(s) with the pitch fee review notice.
- The new proposed pitch fee cannot be imposed on the occupier. It must be agreed or determined by a tribunal.

Reviews and late reviews

- A change in pitch fee is normally proposed to be effective from the review date. A minimum notice period of 28 days prior to the review date must be given.
- The review date is the date specified in the written statement as the date on which the pitch fee will be reviewed in each year. If no date is specified it is likely to be each anniversary of the date the agreement commenced.
- If the site owner misses the review date a proposed change to the pitch fee can be made to take effect at a later time. Provided a minimum notice period of 28 days is given a late review can be proposed to take effect at any time after the review date and before the next review date.
- The "next review date" is the date twelve months from the review date. This applies whether or not the current review is late. It means, for example, if the review date is 1st April 2023, but the review is late and doesn't take effect until 1st July, the next review date will be on 1st April 2024, rather than 12 months from the effective date of the current review.
- As reviews are conducted annually, if the site owner does not propose a change in the pitch fee on the review date or before the next review date (in the case of a late review) the review is deemed to have been conducted for the year in question. This means, for example, that if a review date was 1st April 2023, but the site owner did not initiate a review before 1st April 2024, any charges (including CPI) attributable to the 2023 review cannot be included in the 2024 review.

The effect of the pitch fee review notice & making an application to the tribunal

- If the occupier accepts the new pitch fee they can let the site owner know or simply pay the proposed amount from the effective date.
- The occupier is not obliged to accept the proposal or pay the proposed amount. Failure to pay the new pitch fee will not result in the occupier being in arrears.
- If the occupier does not accept the proposed pitch fee they can let the site owner know, but the occupier does not have to do so. Provided the current pitch fee continues to be paid that is the maximum amount payable unless the tribunal decides a different figure.

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

- If there is no agreement as to the new pitch fee the site owner or the occupier may make an application to a tribunal for it to make a determination.
- Where the pitch fee review notice was served at least 28 clear days before the review date, an application to the tribunal may be made after the end of the period of 28 days beginning with the review date but not later than three months after the review date.
- Where the pitch fee review notice was served later, an application to the tribunal may be made after the end of the period of 56 days beginning with the date on which the site owner serves the notice but not later than four months after that date.
- In either case, a late application to the tribunal is permitted only if there are good reasons for the failure to apply within the time limit and for any delay since then in applying for permission to apply out of time.
- Before deciding a case the tribunal will invite representations from the parties and may hold a hearing and inspect the site.
- If you act unreasonably in connection with an application the tribunal can impose a costs order against you.
- If the tribunal makes a determination its decision will apply from the effective date. This means any proposed increase could be backdated by several months. However, the occupier shall not be treated as being in arrears until 28 days after the date of the order made by the tribunal determining the new pitch fee.
- If no agreement as to the pitch fee is reached and the tribunal does not make a determination (i.e. because the site owner has not made an application or because an application is refused or withdrawn) the occupier must continue to pay the existing pitch fee, but the proposed pitch fee cannot be charged, there are no arrears and the review process has ended for the year to which the notice refers.
- If, on the application of the occupier, a tribunal is satisfied that a notice of pitch fee review is of no effect due to the failure to serve this form with the notice of pitch fee review, but the occupier has nevertheless paid the pitch fee proposed in the notice, the tribunal may order the site owner to pay back the difference between the amount which the occupier was required to pay for the period in question and the amount which they have actually paid.

Matters that can and cannot be taken into account on a proposed review

- The law says¹ there is a presumption that the pitch fee cannot be changed by more than the annual change in Consumer Price Index (CPI), unless this would be unreasonable having regard to the matters set out in paragraph 18(1) of Chapter 2 of Part 1 of Schedule 1 to the Mobile Homes Act 1983.
- This part of the notes explains how the CPI adjustment is worked out and what other matters can be taken into account as part of the review.

CPI adjustment

- How the CPI adjustment has been worked out is in section 4(B) of the form.
- The maximum CPI adjustment is limited to the CPI change in the previous year, even if the pitch fee has not changed for a number of years. (See above in the 'Reviews and late reviews' section for further details.)
- When applying the CPI adjustment to a pitch fee review which is proposed to take effect on the review date, the figure that must be used in the calculation is the latest published 12-month CPI figure available before the notice of review is served. The notice must be served at least 28 clear days before the review date.
- When applying the CPI adjustment to a pitch fee review which is proposed to take effect at a date later than the review date (a late review), the CPI figure that must be applied is the last 12 month CPI figure that was published before the day by which the site owner(s) should have served the review notice had the review taken place on time – i.e. the last 12-month CPI figure published prior to the day which was 28 clear days before the review date. So, if the review date is 1st April 2023, the CPI figure to be applied would be the last CPI figure published before 3rd March 2023.
- No other date or method for calculating the CPI adjustment is permitted.

¹ Paragraph 20 of Chapter 2 of Part 1 of Schedule 1 to the Mobile Homes Act 1983. For matters that can be taken into account on a review more generally see paragraph 18 (as amended by the Mobile Homes Act 2013).

Other matters that can be included in a review

- Costs incurred by the site owner, which are proposed to be recovered from the occupier, are shown in section 4(C) of the form.
- Matters to which such costs relate that are recoverable through the pitch fee include:
 - A change in the law since the last review date, other than one which is specifically prohibited from being included, which has directly affected the cost of the management or maintenance of the site.
 - The costs of certain "improvements" to the site (see below for details on improvements).
- A deduction from the pitch fee should be made and shown in section 4(D) of the form if it relates to a matter set out below:
 - The deduction of any charges included in previous reviews relating to the cost of improvements which have already been recovered through the pitch fee.
 - A reduction in costs as a result of the change in the law since the last review date, which has directly affected the cost of the management or maintenance of the site.
 - A deduction to reflect any deterioration in the condition or decrease in the amenity of the site or any adjoining land occupied or controlled by the site owner which has occurred since 26 May 2013 and which has not been taken into account in a previous pitch fee review.
 - A deduction to reflect any reduction in the services that the owner supplies to the site, pitch or mobile home, or any deterioration in the quality of those services which has occurred since 26 May 2013 and which has not been taken into account in a previous review.

Improvements

- **The cost of an improvement can only be recovered in a pitch fee review if:**
 - (a) the improvement is for the benefit of the occupiers of the site;
 - (b) there has been consultation with the occupiers and any qualifying residents' association and
 - (c) the majority of occupiers have not disagreed in writing to the improvements being carried out or where the majority have disagreed, a tribunal has ordered that the costs can be included in the pitch fee².

Matters that cannot be included in a pitch fee review

- **Any costs relating to the following matters cannot be included in a pitch fee review:**
 - costs in complying with changes to the Mobile Homes Act 1983 introduced by the Mobile Homes Act 2013, including any cost relating to the preparation and service of this form³;
 - costs incurred as a result of any action taken by the local authority in licensing enforcement under sections 9A to 9I of the Caravan Sites and Control of Development Act 1960 and as a result of being convicted for an offence under section 9B⁴;
 - fees paid by the site owner for an application to the local authority for site licence conditions to be altered⁵ or for consent to transfer the site licence⁶;
 - any costs incurred by the site owner in connection with expanding the protected site;
 - any costs incurred by the site owner in relation to the conduct of proceedings under the Mobile Homes Act 1983 or under agreements made between the site owner and occupiers under that Act; and
 - any financial loss arising from the change from the requirement to use CPI instead of RPI as the inflationary index for the purposes of calculating the adjustment provided for by paragraph 20(A1) of Chapter 2 of Part 1 of Schedule 1 to the Mobile Homes Act 1983. See section 2(2) of the Mobile Homes (Pitch Fees) Act 2023.

Site owner's consultation obligations

- The site owner is required to consult the occupiers on any improvements to the site in general and in particular those where the owner proposes to recover the cost of the works through the pitch fee⁷ (see 'Improvements' above).
