2023 No. 96

ENVIRONMENTAL PROTECTION, ENGLAND

The Environmental Targets (Fine Particulate Matter) (England) Regulations 2023

Made - - - - 30th January 2023

Coming into force in accordance with regulation 1

THE ENVIRONMENTAL TARGETS (FINE PARTICULATE MATTER) (ENGLAND) REGULATIONS 2023

PART 1

Introduction

1. Citation, commencement, extent and application
2. Interpretation
3. Air quality targets

PART 2

Annual Mean Concentration Target for PM_{2.5}

4. Target
5. Measurement
6. Reporting date

PART 3

Population exposure reduction target for PM_{2.5}

7. Target
8. Measurement
9. Reporting date
10. Interpretation of this Part

PART 4

Monitoring and assessment

11. Scope of this Part
12. Monitoring stations

Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.

13. Assessment
14. Measurement, data ratification and minimum annual data capture requirement
15. Calculation of annual mean PM_{2.5} level at monitoring stations

PART 5

Supplementary

16. Information
Signature

SCHEDULE 1 — Population exposure reduction target: calculations

1. Initial calculations
2. Annual calculations
3. Calculation of PEIbase, Population Exposure Indicator and Reference Indicator
4. Calculation and rounding
5. Interpretation of Schedule 1

SCHEDULE 2 — Monitoring stations

1. Site descriptions: interpretation
2. Location of monitoring stations
3. Minimum numbers of monitoring stations
4. Siting criteria
5. Position of monitoring equipment

SCHEDULE 3 — Information required to be published

Monitoring stations: general information

1. In relation to each monitoring station— (a) its zone and...

Monitoring stations: location details

2. In relation to each monitoring station— (a) a map of...
3. In relation to each monitoring station at a near-source site—...

Monitoring stations: temporary or permanent impacts

4. In relation to each monitoring station, a description of any...

Assessment methods and quality control

5. In relation to each monitoring station, a narrative description of...
6. An explanation of how any equivalent methods used are equivalent...
7. A description of any quality assurance and quality control systems...

Data

8. In relation to each monitoring station— (a) for each period...
9. PEIbase (that is, the Population Exposure Indicator, as defined in...
10. The Population Exposure Indicator for the most recent year for...
11. The result of the calculation in paragraph 2(e) of Schedule...
