EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations make amendments to the Accounting Standards (Prescribed Bodies) (United States of America and Japan) Regulations 2015 (“the 2015 Regulations”) and the Accounting Standards (Prescribed Bodies) (United States of America and Japan) (Amendment) Regulations 2023 (“the 2023 Regulations”).

Regulation 2 substitutes a new regulation 5A of the 2015 Regulations for the existing regulation 5A, which was inserted by regulation 4 of the 2023 Regulations. This remedies a procedural error that incorrectly inserted the existing regulation 5A using the negative resolution parliamentary procedure. Regulation 2 is made using the affirmative resolution parliamentary procedure as required by section 473(3) of the Companies Act 2006 (c. 46).

The new regulation 5A applies to parent companies preparing group accounts to the accounting standards of a body listed in regulation 2 of the 2015 Regulations and the accounts are in respect of a financial year commencing on or after 1st October 2024. It directs the parent company to insert a note into the accounts. The required disclosure is the date of the company’s incorporation and the number of financial years remaining for which the company may prepare accounts under regulation 5 of the 2015 Regulations. After four financial years the company, if it has not already done so, must prepare group accounts to UK GAAP (Generally Accepted Accounting Principles) or UK International Financial Reporting Standards (IFRS).

Regulation 3 omits regulation 4 from the 2023 Regulations in order to remedy the same procedural error.

A full impact assessment of the effect that the 2015 Regulations will have on the costs of business is annexed to the Explanatory Memorandum of the 2015 Regulations. This is available from the Department for Business and Trade, Old Admiralty Building, London, SW1A 2DY and is published alongside the 2015 Regulations at www.legislation.gov.uk.

A full impact assessment has not been produced for this instrument as no, or no significant, impact on the private, voluntary or public sector is foreseen.
