

SCHEDULE

CONDITIONS TO BE COMPLIED WITH BY REGISTERED SLAUGHTERHOUSES

PART 1

Conditions applicable to all premium animals

1. The slaughterhouse operator shall make for each day, either in writing or by means of a computer, an accurate record of the kill number, date of slaughter and (subject to paragraph 2) eartag number of every premium animal slaughtered on that day.

2. If a premium animal has no eartag number, but is marked with or accompanied by other approved identification, the slaughterhouse operator shall enter in the record referred to in paragraph 1, instead of the eartag number, a copy of the other approved identification.

3. The slaughterhouse operator shall retain the records referred to in paragraph 1 and all other slaughterhouse documents, except eartags, cattle passports and other approved identification, until 31st December of the third year following the year in which they were created, or received by the operator, whichever is the later.

4. The slaughterhouse operator shall ensure that an authorised person attending, or communicating with, the slaughterhouse is able to exercise the powers conferred by regulations 24 and 25, that any requirement made by an authorised person under regulation 25 is complied with and that assistance is rendered to him or her in accordance with regulation 26.
