46. Any person required by regulation 18 to present a returned product, or ensure that it is presented, to the official veterinary surgeon at a border inspection post must permit the official veterinary surgeon, or an assistant appointed pursuant to regulation 6(1)(b) or 6(2)(c), to carry out a physical check on the returned product if the official veterinary surgeon has reasonable grounds for believing—

- (a) that these Regulations have not been, or are not being, complied with in relation to the returned product;
- (b) that the returned product does not comply with the import conditions; or
- (c) that the identity or destination of the returned product does not correspond with the information given on any relevant document.

Movement of returned products

47.—(1) No person shall remove, or cause to be removed, a returned product from a border inspection post without the written authorisation of the official veterinary surgeon there.

(2) No person shall remove a returned product from a border inspection post unless it is contained in a leak-proof container or means of transport which has been sealed by an officer of the Commissioners or by the official veterinary surgeon at that border inspection post.

(4) No person shall break the seals on the container or means of transport in which the returned product is conveyed, or unload the returned product, or split the consignment or part consignment which includes the returned product, or subject the returned product to any form of handling, until it reaches its Community establishment of origin.

(5) The operator of the Community establishment of origin shall give immediate written notification of the arrival there of the returned product to the veterinary officer who is responsible on behalf of the National Assembly or the Agency for that establishment.

PART IX

CHARGES FOR VETERINARY CHECKS

Payment of charges

48.—(1) A reasonable charge calculated in accordance with regulations 49 and 50 and Schedule 5 shall be made for veterinary checks carried out on a consignment at a border inspection post.

(2) The charge shall be made by and payable to the National Assembly, a local authority or the Agency, whichever is responsible, pursuant to regulations 4 and 5, for executing and enforcing these Regulations at the border inspection post where the veterinary checks are carried out.

Calculation of charges

49. The charge for veterinary checks shall cover the costs listed in Part I of Schedule 5 and shall be calculated in accordance with Part II, III, IV or V, as the case may be, of Schedule 5.

Conversion of charges to sterling

50. Charges expressed in euro in Schedule 5 shall be converted to pounds sterling at the rate of conversion published in the “C” Series of the Official Journal of the European Communities in September of the calendar year preceding that in which the relevant veterinary check was carried out.

Information relating to charges

52.—(1) The National Assembly, a local authority or the Agency shall, if so requested in writing, supply to any person who presents products pursuant to regulation 18, or to any organisation representing such persons, details of the calculations which it uses to determine charges for veterinary checks and shall take into account any representations made by such person or organisation in determining such charges.

(2) If requested in writing so to do by the National Assembly or the Agency, a local authority shall provide the National Assembly or the Agency, as the case may be, with such information as

it may require relating to the calculation of charges for veterinary checks, and with copies of any written representations made by persons or organisations referred to in paragraph (1).

Appeals against charges

53.—(1) Any person who has paid a charge for veterinary checks to a local authority, and any organisation representing such persons, may, within 28 days of the charge being made, appeal on the ground that the amount of the charge is unreasonable—

- (a) to the National Assembly, where the charge is for a veterinary check carried out otherwise than in relation to any function of the Agency; and
- (b) to the Agency, where the charge is for a veterinary check carried out in relation to any function of the Agency.

(2) Where there is an appeal under paragraph (1), the National Assembly or the Agency, as the case may be, shall consult with the local authority and, if then satisfied that the amount of the charge is unreasonable, shall so inform the local authority, and the local authority shall recalculate the amount of the charge in accordance with any directions given by the National Assembly or the Agency and repay to the person who has paid the charge the difference between the original charge and the recalculated charge.

(3) Any person who has paid a charge for a veterinary check to the National Assembly or the Agency, and any organisation representing such persons may, within 28 days of the charge being made, appeal to an independent person appointed by the National Assembly or, where the charge was paid to the Agency, by the Secretary of State for Health, on the ground that the amount of the charge is unreasonable.

(4) The terms of appointment and the remuneration of the independent person referred to in paragraph (3) shall be determined by the National Assembly or, where the charge was paid to the Agency, by the Agency.

PART X

(2) Such a declaration shall be in writing and shall be published in such manner as the National Assembly or the Agency, as the case may be, thinks fit and shall specify the products and the third country or part thereof concerned.

(3) A declaration which imposes conditions on the introduction of any product from a third country or part thereof shall specify those conditions.

(4) Where a declaration is in force suspending the introduction of any product, no person shall introduce that product into Wales if it originates in the third country or part thereof specified in the declaration.

EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations implement for Wales Council Directive [97/78/EC](#) laying down the principles governing the organisation of veterinary checks on products entering the Community from third countries (OJ No. L24, 30.1.98, p.9). The Directive applies to products of animal origin — meat, fish (including shellfish), milk and products made from these, together with egg products and a large number of animal by-products, including casings, skins, bones and blood. When read with Annex I to the Agreement on the European Economic Area (OJ No. L1, 3.1.94, p.3, as amended) the Directive requires that products of animal origin which enter the European Economic Area must undergo specified veterinary checks at border inspection posts to ensure that they comply with requirements laid down by Community legislation for the protection of animal and public health.

The products to which the Regulations apply are defined in regulation 2(1) and Schedule 3 and the requirements with which they must comply are listed, by reference to the relevant Community legislation, in Schedule 2. Small quantities of products intended for personal use, and trade samples and products intended for exhibition or study or analysis are exempt from all but a few of the Regulations (regulation 3).

Regulation 4 defines the authorities who will enforce the Regulations. Usually these will be port health authorities, which must appoint official veterinary surgeons and official fish inspectors to conduct veterinary checks at each border inspection post in their area (regulation 6). Regulations 7, 8 and 9 confer the necessary enforcement powers.

Part III establishes the inspection system which will apply to the generality of products. The introduction into Wales of products which do not comply with the Schedule 2 requirements is prohibited, unless they are being transported across Wales (regulation 15). Products must be introduced at border inspection posts, advance notice of their introduction must be given, and they must be made available for inspection, together with required documentation, at a border inspection post (regulations 16 to 19). Regulations 21 to 28 deal with products which are rejected at inspection, are introduced illegally, or present a risk to animal or public health.

Parts IV to VIII lay down special provisions which apply to particular categories of product (on-board catering supplies, products intended for free circulation in the Community, products in transit across Wales, products intended for warehousing under particular customs regimes, and products exported from the Community and then returned to it).

Part IX deals with the calculation and payment of charges for the veterinary checks provided for in the Regulations; Part X confers on the National Assembly and the Food Standards Agency power to prohibit the introduction of products into Wales from non-EEA countries in which there is an outbreak of animal disease; Part XI establishes offences and penalties; and Part XII deals with the form and service of notices and with notification of decisions.

The provisions of the Products of Animal Origin (Import and Export) Regulations 1996 (S.I. 1996/3124, as amended) which apply to products imported from third countries are disapplied in relation to Wales (regulation 63(2)).

A Regulatory Impact Assessment has been prepared on an UK basis and placed in the Libraries of the National Assembly and of each House of Parliament, together with a Transposition Note setting out how the main elements of Directive [97/78/EC](#) are implemented in these Regulations. Copies may be obtained from the Animal Health Division of the Welsh Assembly Government, Cathays Park, Cardiff.
