- (a) the amount which would be payable under the preceding paragraph if the examination had confirmed it was an animal affected with a TSE; and
- (b) such sum as appears to the Secretary of State, having regard to any information provided by the owner of the animal slaughtered and any other relevant information, to reflect the market value of the animal, subject to a maximum sum of £400 for each animal.

- (ii) the purchase price which would have applied had the animal been slaughtered at the time of valuation in accordance with Commission Regulation (EC) No. 716/96 adopting exceptional support measures for the beef market in the United Kingdom, as amended,

whichever is the higher; and

- (a) the market value of the animal; or
- (b) 125% of the indicative market price for the month in which the market value of the animal was determined,

14. In ascertaining the percentage of a herd slaughtered for the purpose of calculating any enhancement under paragraph 11 above, animals slaughtered under any voluntary slaughter scheme introduced in relation to exposed animals shall be included in the calculation as if they were animals caused to be slaughtered by the Secretary of State.

15. The replacement value or market value, as the case may be, of an exposed animal which the Secretary of State causes to be slaughtered shall, for the purposes of payment of compensation under this part of this Schedule, be determined—

where—

A equals the number of cattle aged less than 7 years when valued which were slaughtered as BSE suspects;

B equals the average price for Friesian and Holstein cows in milk and in calf, first calving cows in milk and down calving heifers, in each case of first and second quality;

C equals the number of cattle aged 7 years or more when valued which were slaughtered as BSE suspects; and

D equals the average purchase price paid in the case of barren cattle of dairy breeds slaughtered in accordance with Commission Regulation (EC) No. 716/96 adopting exceptional measures for the support of the beef market in the United Kingdom, as amended,

the final figure being rounded down to the nearest multiple of £1.

2. For bovine animals in a closed herd, where the Secretary of State causes 10% or more of the herd to be slaughtered as exposed animals, the amount of compensation payable shall be enhanced by a percentage that is $1\frac{1}{2}$ times the enhancement percentage produced by the calculation in paragraph 1 above.
