EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations revoke and re-enact with changes the Food (Peanuts from Egypt) (Emergency Control) (England and Wales) Order 2000 in so far as it applies in relation to Wales.

These Regulations implement Commission Decision [2000/49/EC](#) repealing Decision [1999/356/EC](#) and imposing special conditions on the import of peanuts and certain products derived from peanuts originating in or consigned from Egypt (OJNo. L19, 25.1.2000, p.46) as amended by Commission Decision [2003/580/EC](#) (OJ No. L197, 5.8.03, p.31).

The categories of products which are subject to those conditions are specified in Article 1.1 of Commission Decision [2002/49/EC](#) as so amended.

The Regulations —

- (a) prohibit the importation of “controlled Egyptian peanuts” (defined in regulation 2(1)), except where they are accompanied by an Egyptian Government health certificate and the results of official sampling and analysis, the importation takes place only through a specified point of entry and the consignment is identified with a code corresponding with that specified on the health certificate and on the accompanying report containing the sampling and analysis results (*regulation 3*);
- (b) provide for their enforcement (*regulation 4*);
- (c) apply with modifications certain provisions of the Food Safety Act for the purposes of the Regulations and provide for sampling and analysis (*regulation 5*); and
- (d) provide for the re-dispatch or destruction of illegal imports of controlled Egyptian peanuts (*regulation 6*).

The principal changes effected by these Regulations are that —

- (a) the previous requirement that each consignment of controlled Egyptian peanuts be subjected to sampling and analysis in order to ensure compliance with Commission Decision [2002/49/EC](#) is modified by providing that —
 - (i) only approximately 20% of such consignments selected at random should be so subjected,
 - (ii) consignments so subjected must be detained for that purpose,
 - (iii) the period of detention should not exceed 15 working days, and
 - (iv) an authorised officer of the relevant enforcement authority must issue a notice in writing stating that sampling has taken place and the results of the analysis of the sample; and
- (b) an authorised officer of the relevant enforcement authority is empowered (subject to a right of appeal to a magistrates' court) to issue a notice ordering the re-dispatch of illegal imports of controlled Egyptian peanuts.

The CN codes referred to in the definition of “Egyptian peanuts” in regulation 2(1) are the code numbers of the combined nomenclature established by Council Regulation 2658/87 on the tariff and statistical nomenclature and on the customs tariff (OJ No. L256, 7.9.87, p.1).

No regulatory appraisal has been prepared in relation to these Regulations.
