2006 No. 2803

The Avian Influenza (Preventive Measures) (Wales) Regulations 2006

Change of occupation of premises under restriction

16.—(1) This regulation applies if the keeper of any poultry or other captive bird is unable to move it from premises on the termination of his or her right of occupation because of a movement restriction imposed under these Regulations and continues to apply for seven days after any such restriction has been removed.

(2) The person entitled to occupation of the premises following that termination must—

- (a) provide such facilities for feeding, tending or otherwise using the poultry or other captive bird (including selling it) as the keeper may reasonably require; and
- (b) allow entry to the premises to that keeper and any person authorised by him or her at reasonable times for feeding, tending or otherwise using the poultry or other captive bird.

(3) If the keeper is unable or unwilling to feed or tend the poultry or other captive bird, the person entitled to occupation of the premises must take such steps as are necessary to ensure it is properly fed and tended.

(4) The keeper of the poultry or other captive bird is liable to pay the reasonable costs incurred under this regulation by any person feeding or tending it, or providing facilities for feeding, tending or otherwise using it.

Status:

Point in time view as at 13/11/2006.
