**2006 No. 2929**

**The Seed Potatoes (Wales) Regulations 2006**

**Marketing of seed potatoes for scientific purposes or selection work**

7.—(1) The National Assembly may authorise marketing of small quantities of seed potatoes for scientific purposes or selection work in accordance with this regulation.

(2) The National Assembly must not authorise marketing of seed potatoes which contain any genetically modified material unless an authorisation is in force under the Food and Feed Regulation or Part C of the Deliberate Release Directive.

(3) Application for authorisation to market seed potatoes in accordance with paragraph (1) must be made in writing to the National Assembly and must be accompanied by such information as it may require.
