- (b) where it is not practicable to refer the case to a panel before the placement is made, as soon as practicable afterwards and in any event not later than 25 working days after the placement is made.

(3) Where the case of a child to whom paragraph (2) applies is not referred by the responsible authority to a panel before the placement is made, the responsible authority must provide written reasons, endorsed by a senior officer of the responsible authority, for not doing so.

(4) The responsible authority must not place a child outside the area in which the child is ordinarily resident unless satisfied either that—

- (a) there is no placement available in that area capable of meeting the child's needs; or
- (b) a placement outside that area would be more consistent with the child's welfare than any available placement within that area.

(5) Any decision to place a child outside the area in which the child is ordinarily resident must, with reasons, be recorded in writing and endorsed by a senior officer of the responsible authority.

(6) A written record made in accordance with paragraph (3) or (5) must be made available in suitable form—

- (a) where the responsible authority is a local authority, to the lead member for children's services for that authority; or
- (b) in any other case, to a senior officer of the local authority for the area in which the child is ordinarily resident and of the area authority.

Notification of arrangements

6.—(1) The responsible authority must, so far as is reasonably practicable and consistent with the child's welfare, notify the following persons in writing of the arrangements to place a child, before the placement is made—

(2) Where it is not practicable to give the notification before the placement, it must be given as soon as reasonably practicable thereafter and in any event no later than 10 working days from the date the placement is made.

(3) The responsible authority must send a copy of the arrangements referred to in regulation 4 or such part of the arrangements as they consider will not prejudice the welfare of the child, with the notification referred to in paragraph (1) but in the case of notification to those specified in paragraph (1)(b) to (h) they must send details of only such part of the arrangements as they consider those persons need to know.

(4) Subject to paragraph (3), in the case of notification to any of the persons or bodies specified in paragraph (1)(c) and (d), the responsible authority must provide that person or body with copies of any relevant report or assessment available at the time the placement is made or obtained subsequently during the placement.

(5) Where a child is placed in an area different from the area in which the child is ordinarily resident, when notifying those persons or bodies specified in paragraph 1(b) to (d) of arrangements, the responsible authority must at the same time request that the persons or bodies so specified, where applicable, seek a transfer of records before, or if that is not practicable, as soon as practicable after the placement is made.

(6) The responsible authority must continue to review any request made in accordance with paragraph (5) until they are satisfied either that the transfer of records—

- (b) is no-longer necessary.

Arrangements for contact

7.
