**Improvement notices**

7.—(1) If an inspector is of the opinion that a person—

- (a) is carrying on any activity contravening one or more of the conditions of a licence issued under this Order, or
- (b) has contravened one or more of those conditions in circumstances that make it likely that the contravention will continue or be repeated,

that inspector may serve on that person a notice (“an improvement notice”).

(2) An improvement notice must—

- (a) specify the conditions of the licence that have been contravened;
- (b) explain the reasons why the inspector is of that opinion; and
- (c) require that person to remedy the contravention or the matters occasioning it, within such period as may be specified in the notice.

(3) A notice must include directions as to the measures to be taken to remedy any contravention or matter to which the notice relates; and any such directions may be framed so as to afford the person on whom the notice is served a choice between different ways of remedying the contravention or matter.
