

## SCHEDULE 2

### STUDENT'S CONTRIBUTION

#### **PART 2**

##### Calculation of contribution

##### **Household income**

- 2.**—(1) The amount of an eligible student's contribution depends on the household income.
- (2) The household income is—
- (a) in the case of an eligible student who has a partner, the residual income of the student aggregated with the residual income of that student's partner; or
  - (b) in the case of an eligible student who does not have a partner, the residual income of that student.
- (3) In determining the household income under sub-paragraph (2), the sum of £1,130 is deducted for each child wholly or mainly financially dependent on the eligible student or his or her partner.
