EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations make provision, in relation to Wales, for the administration of Council Regulation (EC) No 73/2009 (OJ No L 30, 31.1.2009, p. 16), and other associated EU (European Union) instruments, in relation to direct support schemes under the Common Agricultural Policy.

They continue the arrangements which applied under the Common Agricultural Policy Single Payment and Support Schemes (Wales) Regulations 2005, S.I.2005/360 (W. 29) as amended.

Regulation 3 provides that Wales is a single region for the purposes of the direct support schemes.

Regulation 4 specifies the minimum size of a holding in respect of which the establishment of entitlements may be requested.

Regulation 5 sets the minimum area in respect of which a claim may be made and in some cases the minimum claim value.

Regulation 6 fixes the date on which parcels used as the basis for a claim under the Single Payment Scheme must be at the disposal of farmers.

Regulation 7 specifies the total voluntary modulation deductions which will be made from direct payments payable to farmers.

Regulation 8 designates the short rotation coppice tree species eligible under the single payment scheme and sets the maximum harvest cycle.

Regulation 9 provides that payment entitlements established in Wales are only used and transferred within Wales.

Regulation 10 revokes the Common Agricultural Policy Single Payment and Support Schemes (Wales) Regulations 2005, S.I. 2005/360 (W. 29) and its amendments, and the Common Agricultural Policy Single Payment Scheme (Set-aside) (Wales) Regulations 2005, S.I. 2005/45 (W. 4) and its amendments.

A Regulatory Impact Assessment has not been prepared as the provisions covered by these Regulations either continue the existing arrangements or, in the case of the new provision on short rotation coppice, will have a negligible additional cost to business.
