- (a) the patient to whom the prescription relates —

(2) Where, on presentation of a prescription form or repeatable prescription in connection with the dispensing of appliances under paragraph 4, a supplier of appliances is unable to provide an appliance, or stoma appliance customisation is required and the supplier of appliances is unable to provide that, the supplier of appliances shall —

- (a) if the patient consents, refer the prescription form or repeatable prescription to another supplier of appliances or to a pharmacist; or
- (b) if the patient does not consent to a referral, provide the patient with contact details of at least two people who are pharmacists or suppliers of appliances who are able to provide the appliance or stoma appliance customisation (as the case may be), if these details are known to the supplier.

#### **Additional requirements in relation to specified appliances**

**10.—(1)** This paragraph sets out the additional requirements referred to in paragraph 9(1)(o) relating to the provision of specified appliances.

(2) A supplier of appliances who dispenses specified appliances in the normal course of business shall provide a home delivery service in respect of those appliances and, as part of that service —

- (a) the supplier of appliances must offer to deliver the specified appliance to the patient's home;
- (b) if the patient accepts that offer, the delivery must be made with reasonable promptness and at such time as is agreed with the patient;

- (c) the specified appliance must be delivered in a package which displays no writing or other markings which could indicate its content; and
  - (d) the manner of delivery of the package and any supplementary items required by sub-paragraph (3) must not convey the type of appliance being delivered.
- (3) In any case where a specified appliance is provided (whether by home delivery or otherwise), the supplier of appliances shall provide a reasonable supply of appropriate supplementary items (such as disposable wipes and disposal bags) and —
- (a) shall ensure that the patient may, if the patient wishes, consult a person to obtain expert clinical advice regarding the appliance; or
  - (b) if the supplier of appliances believes it is appropriate to do so, shall —
    - (i) refer the patient to a prescriber, or
    - (ii) offer the patient an appliance use review service.
- (4) If the supplier of appliances is unable to provide an appliance use review service in accordance with sub-paragraph (3)(b)(ii), the supplier must give the patient the contact details of at least two people who are pharmacists or suppliers of appliances who are able to arrange for the service to be provided, if these details are known to the supplier of appliances.
- (5) Where a supplier of appliances provides a telephone care line in respect of the dispensing of any specified appliance, the supplier shall ensure that during out of hours periods —
- (a) advice is made available to patients through that telephone care line; or
  - (b) the telephone number of NHS Direct Wales or website address of NHS Direct Wales, are made available to patients through the telephone care line.
- (6) For the purposes of this paragraph —
- “expert clinical advice”, in relation to a specified appliance, means advice which is given by a person who is suitably trained and who has relevant experience in respect of the appliance;
- “out of hours periods”, in relation to each of the premises from which a supplier of appliances has undertaken to provide pharmaceutical services, means the periods outside the periods during which the supplier of appliances is obliged to provide pharmaceutical services by virtue of paragraph 12 or 16.

### **Signposting**

- 11.—**(1) Where, on presentation of a prescription form or repeatable prescription, a supplier of appliances is unable to provide an appliance or stoma appliance customisation because the provision of the appliance or customisation is not within the supplier’s normal course of business, the supplier of appliances shall —
- (a) if the patient consents, refer the prescription form or repeatable prescription to another supplier of appliances or to a pharmacist; and
  - (b) if the patient does not consent to a referral, provide the patient with contact details of at least two people who are pharmacists or suppliers of appliances who are able to provide the appliance or stoma appliance customisation (as the case may be), if these details are known to the supplier.
- (2) The supplier of appliances shall, in appropriate cases, keep and maintain a record of any information given or referral made under sub-paragraph (1) and that record shall be in a form that facilitates —
- (a) auditing of the provision of pharmaceutical services by the supplier of appliances; and
  - (b) follow-up care for the person who has been given the information or in respect of whom the referral has been made.

### **Opening hours: general**

12.—(1) A supplier of appliances must ensure that pharmaceutical services are provided at each of the premises from which he or she has undertaken to provide pharmaceutical services —

- (a) for not less than 30 hours each week;
- (b) if the supplier of appliance's Local Health Board, or on appeal the Welsh Ministers, have directed (either under this Schedule or paragraph 4 of Schedule 2) that the supplier of appliances may provide pharmaceutical services at the premises for fewer than 30 hours per week, provided that those services are provided at set times and on set days, at the times and on the days so set;
- (c) if the supplier of appliance's Local Health Board, or on appeal the Welsh Ministers, have directed under paragraph 4 of Schedule 2, that the supplier of appliances must provide pharmaceutical services at the premises for more than 30 hours per week, and at set times and on set days, at the times and on the days so set; or
- (d) if the supplier of appliance's Local Health Board, or on appeal the Welsh Ministers, have directed under this Schedule that the supplier of appliances must provide pharmaceutical services at the premises for more than 30 hours each week —
  - (i) for the total number of hours each week required by virtue of that direction, and
  - (ii) as regards the additional hours for which the supplier of appliances is required to provide pharmaceutical services by virtue of that direction, at the days on which and times at which the supplier of appliances is required to provide pharmaceutical services during those additional hours, as set out in that direction,

but a Local Health Board may, in appropriate circumstances, agree a temporary suspension of services for a set period, where it has received three months notice of the proposed suspension.

(2) At each of the premises from which a supplier of appliances has undertaken to provide pharmaceutical services, a supplier of appliances must exhibit a notice specifying the days on which and times at which the premises are open for the provision of appliances.

(3) A supplier of appliances must, on request, submit a return to the Local Health Board setting out —

- (a) the days on which and times at which pharmaceutical services are provided at each of the premises from which the supplier of appliances has undertaken to provide pharmaceutical services (including times at which he or she is providing pharmaceutical services when the supplier is not obliged to do so by virtue of sub-paragraph (1)); and
- (b) the pharmaceutical services which the supplier of appliances ordinarily provides at each of those premises.

(4) Where a supplier of appliances changes —

- (a) the days on which or times at which pharmaceutical services are to be provided at premises from which the supplier has undertaken to provide pharmaceutical services; or
- (b) the pharmaceutical services which the supplier is ordinarily to provide at those premises,

the supplier must supply the Local Health Board with a return informing it of the change.

(5) Subject to sub-paragraph (6), where a supplier of appliances is prevented by illness or other reasonable cause from complying with its obligations under sub-paragraph (1) the supplier of appliances, where practicable, make arrangements with one or more suppliers of appliances, pharmacists or LPS chemists whose premises are situated in the neighbourhood for the provision of pharmaceutical services or local pharmaceutical services during that time.

(6) A supplier of appliances may make an arrangement with an LPS chemist under sub-paragraph (5) only where that LPS chemist provides local pharmaceutical services which are of

a similar description, and a similar extent to, the pharmaceutical services which the supplier of appliances ordinarily provides.

(7) Where there is a temporary suspension in the provision of pharmaceutical services by a supplier of appliances for a reason beyond the control of the supplier of appliances, the supplier of appliances must not be in breach of sub-paragraphs (1) and (2), provided that the supplier of appliances —

- (a) notifies the Local Health Board of that suspension as soon as practicable; and
- (b) uses all reasonable endeavours to resume provision of pharmaceutical services as soon as is practicable.

(8) Planned refurbishment of premises is neither a “reasonable cause” for the purposes of sub-paragraph (5) nor a “reason beyond the control of the supplier of appliances” for the purposes of sub-paragraph (7).

(9) For the purposes of calculating the number of hours that premises are open during a week that includes Christmas Day, Good Friday or a bank holiday, it is deemed that the premises were open on that day at the times at which they would ordinarily have been open on that day of the week.

(10) In this Schedule, the “additional hours” for which a supplier of appliances is to be required to provide pharmaceutical services are those hours during which the supplier of appliances would not be providing pharmaceutical services, were the supplier of appliances subject to the condition set out in sub-paragraph (1)(a) and not the condition set out in sub-paragraph (1)(d).

(11) Notwithstanding the provisions of paragraphs 13 to 16, during an emergency requiring the flexible provision of pharmaceutical services, a Local Health Board may, on application from a supplier of appliances (“S”), permit S a temporary change to the days on which or times at which S is obliged to provide pharmaceutical services at the premises from which S has undertaken to provide pharmaceutical services, or permit temporary closure of those premises, if —

- (a) S gives at least 24 hours notice of the change or closure; and
- (b) the reasons given by S for the request are, in the opinion of the Local Health Board, adequate reasons.

(12) The Local Health Board need not approve the request referred to in sub-paragraph 11, in advance of the change or closure, and if it does not do so but decides subsequently that S’s reasons are not, in its opinion, adequate reasons, then the days on which or times at which S is obliged to provide pharmaceutical services at the premises are to revert to the overridden days and times, from the day after the date on which that decision is given to S.

### **Matters to be considered when issuing directions in respect of opening hours**

**13.**—(1) Where a Local Health Board issues a direction setting any days or times under this Schedule, it must in doing so seek to ensure that the hours at which premises are open for the provision of pharmaceutical services are such as to ensure that pharmaceutical services are provided on such days and at such times as are necessary to meet the needs of people in the neighbourhood, or other likely users of the premises, for pharmaceutical services.

(2) In considering the matters mentioned in sub-paragraph (1), the Local Health Board —

- (a) must treat any local pharmaceutical services being provided in that neighbourhood at the days and times in question as if they were pharmaceutical services being so provided; and
- (b) may have regard to any pharmaceutical services that are being provided in that neighbourhood in circumstances where the person providing the services is not obliged to provide those services.

(3) The Local Health Board may only direct that a supplier of appliances may provide pharmaceutical services at premises for less than 30 hours in any week if it is satisfied that the

*Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.*

arrangements for the supply of appliances in the neighbourhood are likely to be adequate to meet the need for such services at times when the supplier of appliances is not providing pharmaceutical services.

(4) A Local Health Board may only direct that a supplier of appliances must provide pharmaceutical services at premises for more than 30 hours in any week if a Local Health Board is satisfied that the supplier of appliances will receive reasonable remuneration in respect of the additional hours for which he or she is required to provide pharmaceutical services (and any additional remuneration payable under the Drug Tariff in respect of those hours is “reasonable remuneration” for these purposes).

#### **Determination of opening hours instigated by the Local Health Board**

14.—(1) Where it appears to the Local Health Board, after consultation with or having considered the matter at the request of the Local Pharmaceutical Committee, that the days on which or times at which premises are or will be open for the supplying of appliances will not, or no longer meet, the needs of —

- (a) people in the neighbourhood; or
- (b) other likely users of the supplier of appliance’s premises,

for the supply of appliances, it may carry out an assessment as to whether to issue a direction requiring the supplier of appliances to provide pharmaceutical services at the premises at set times and on set days (which may include Christmas Day, Good Friday and bank holidays).

(2) Before concluding the assessment under sub-paragraph (1) the Local Health Board must —

- (a) give notice to the supplier of appliances of any proposed changes to the days on which or times at which the premises are to be open; and
- (b) allow him or her 60 days within which to make written representations to the Local Health Board about the proposed changes.

(3) After considering any representations made in accordance with sub-paragraph (2)(b), the Local Health Board must —

- (a) issue a direction (which will replace any existing direction) which meets the requirements of sub-paragraphs (4) and (5); or
- (b) confirm any existing direction in respect of the times at which the supplier of appliances must provide pharmaceutical services at the premises, provided that the existing direction, whether issued under this Schedule or paragraph 4 of Schedule 2, would meet the requirements of sub-paragraphs (4) and (5) if it were issued under this paragraph; or

(c) either —

- (i) revoke (without replacing it) any existing direction in respect of the times at which the supplier of appliances must provide pharmaceutical services at the premises, whether issued under this Schedule or paragraph 4 of Schedule 2, or
- (ii) in a case where there is no existing direction, issue no direction,

in which case, by virtue of paragraph 13(1)(a), the premises will need to be open for not less than 30 hours each week.

(4) Where a Local Health Board issues a direction under sub-paragraph (3) in respect of premises that are to be required to be open —

(a) for more than 30 hours each week, it must set out in that direction —

- (i) the total number of hours each week for which the supplier of appliances must provide pharmaceutical services at the premises, and

(ii) as regards the additional hours for which the supplier of appliances is to provide pharmaceutical services, the days on which and the times at which he or she is required to provide those services during those additional hours,

but it must not set out in that direction the days on which or times at which the supplier of appliances is to provide pharmaceutical services during hours which are not additional hours; or

(b) for less than 30 hours each week, it must set out in that direction the days on which and times at which pharmaceutical services are to be provided at those premises.

(5) The Local Health Board must not issue a direction under sub-paragraph (3) that has the effect simply of requiring premises to be open for 30 hours each week on set days and at set times (that is, the direction must have the effect of requiring premises to be open for either more or less than 30 hours each week).

(6) The Local Health Board must notify the supplier of appliances in writing of any direction issued or any other action taken under sub-paragraph (3), and where it sets new days on which or times at which the supplier of appliances is to provide pharmaceutical services at the premises, it must include with the notification a statement of —

(a) the reasons for the change; and

(b) the supplier of appliances' right of appeal under sub-paragraph (7).

(7) A supplier of appliances may, within 30 days of receiving notification under sub-paragraph (6), appeal in writing to the Welsh Ministers against any direction issued or any other action taken under sub-paragraph (3) which sets new days on which or times at which the supplier of appliances is to provide pharmaceutical services.

(8) The Welsh Ministers may, when determining an appeal, either confirm the action taken by the Local Health Board or take any action that the Local Health Board could have taken under sub-paragraph (3).

(9) The Welsh Ministers must notify the supplier of appliances of a determination in sub-paragraph (8) and must in every case include with the notification a written statement of the reasons for the determination.

(10) If the days on which or times at which a supplier of appliances is to provide pharmaceutical services at the premises have been changed in accordance with this paragraph, the supplier of appliances must introduce the changes —

(a) if the supplier has not appealed under sub-paragraph (7), not later than 8 weeks after the date on which he or she receives his or her notification under sub-paragraph (6); or

(b) if the supplier has appealed under sub-paragraph (7), not later than 8 weeks after the date on which he or she receives his or her notification under sub-paragraph (9).

#### **Determination of opening hours instigated by the supplier of appliances**

**15.—**(1) A supplier of appliances may apply to a Local Health Board in writing with 90 days' notice for it to change the days on which or times at which the supplier is obliged to provide pharmaceutical services at the supplier's premises, in a way that —

(a) reduces the total number of hours for which the supplier of appliances is obliged to provide pharmaceutical services each week; or

(b) keeps that total number of hours the same.

(2) Where a supplier of appliances makes an application under sub-paragraph (1), as part of that application the supplier must provide the Local Health Board with such information as the Local Health Board may reasonably request in respect of any changes to the needs of the people in the

*Status: This is the original version (as it was originally made). This item of legislation is currently only available in its original format.*

neighbourhood, or other likely users of the premises, for pharmaceutical services that are material to the application.

(3) The Local Health Board must determine an application under sub-paragraph (1) within 60 days of receiving it (including any information required of the applicant in accordance with sub-paragraph (2)).

(4) In determining the application, the Local Health Board must —

- (a) issue a direction (which will replace any existing direction) which meets the requirements of sub-paragraphs (5) and (6) and which has the effect of either granting the application under this paragraph or granting it only in part;
- (b) confirm any existing direction in respect of the times at which the supplier of appliances must provide pharmaceutical services at the premises, provided that the existing direction, whether issued under this Schedule or paragraph 4 of Schedule 2, would meet the requirements of sub-paragraphs (5) and (6); or
- (c) either —
  - (i) revoke (without replacing it) any existing direction in respect of the times at which the supplier of appliances must provide pharmaceutical services at the premises, whether issued under this Schedule or paragraph 4 of Schedule 2, where this has the effect of granting the application under this paragraph or granting it only in part, or
  - (ii) in a case where there is no existing direction, issue no direction,

in which case, by virtue of paragraph 13(1)(a), the premises will need to be open for not less than 30 hours each week.

(5) Where a Local Health Board issues a direction under sub-paragraph (4) in respect of premises that are to be required to be open —

(a) for more than 30 hours each week, it must set out in that direction —

- (i) the total number of hours each week for which the supplier of appliances must provide pharmaceutical services at the premises, and
