

SCHEDULE 1

Regulated products

PART 6

Marmalade

36. The product must have a soluble dry matter content of 60% or more as determined by refractometer at 20°C except for—

- (a) a product in respect of which sugar has been wholly or partially replaced by a permitted sweetener; and
- (b) a product in respect of which a reduced sugar claim is made in accordance with the conditions laid down in Regulation [\(EC\) No 1924/2006](#).
