(c.3) which received Royal Assent on 21 March 2016*

ENVIRONMENT (WALES) ACT 2016

EXPLANATORY NOTES

COMMENTARY ON SECTIONS

Part 1 – Sustainable management of natural resources

Section 19 – Effect of agreements on dedication of highway and grant of easement

113. The effect of this section is that where the public or a particular person has used a right of way across land by virtue of a section 16 land management agreement, that use of the land is not relevant when determining under law whether the land is treated as having been dedicated as a highway or whether an easement is treated as having been granted.
