- (2) Condition 1 is that there is a disposal of material by way of landfill (see section 4).
- (3) Condition 2 is that either—
 - (a) the land where the disposal is made is, or forms part of, an authorised landfill site (see section 5(1)), or
 - (b) the disposal requires an environmental permit (see section 5(2)) but the land where it is made is not, and does not form part of, an authorised landfill site.
- (4) Condition 3 is that the disposal is a disposal of the material as waste (see sections 6 and 7).
- (5) Condition 4 is that the disposal is made in Wales.
- (6) See also section 8 for specified landfill site activities that are to be treated as taxable disposals (whether or not the above conditions are met).

6 Disposal of material as waste

- (1) A disposal of material is a disposal of it as waste if the person responsible for the disposal intends to discard the material.
- (2) An intention to discard material may be inferred from the circumstances of its disposal, and in particular from the fact (where it is the case) that the material is deposited in a landfill disposal area.
- (3) The following are not to be treated as inconsistent with an intention to discard material—
 - (a) making a temporary use of the material, or a use of the material which is incidental to its disposal by way of landfill;
 - (b) deriving a benefit from the material or from anything emitted by it (for example, using gas produced by its decomposition in electricity generation).

- (2) In the case of a disposal made at an authorised landfill site, the person responsible for the disposal is the person who is the operator of the site at the time of the disposal.
- (3) But if the disposal is made without the permission of the operator, the person responsible for the disposal is the person who makes the disposal.
- (4) The operator of an authorised landfill site is the holder of the environmental permit authorising disposals of material by way of landfill at the site.

- (2) The taxable disposal is to be treated as being made when the specified landfill site activity is first carried out in relation to the material.
- (3) The following are specified landfill site activities when carried out at an authorised landfill site—

 - (b) using material to create or maintain a temporary hard standing;
 - (c) using material to create or maintain a cell bund;
 - (d) using material (other than naturally occurring material extracted from the site) to create or maintain a temporary screening bund;
 - (e) using material to cover a landfill disposal area during a temporary cessation in landfill disposals;
 - (f) placing material in a landfill disposal area to provide a base for, or prevent damage to, anything used to line, cap or drain that area;
