 - (b) WRA—
 - (i) calculates the taxable weight of the material, and
 - (ii) applies the result in issuing a notice to the operator in respect of the disposal,
- the taxable weight of the material for the purposes of section 14(2) and (5) is the taxable weight calculated by WRA, unless the operator subsequently takes the steps set out in subsection (4).

Changes to legislation: There are currently no known outstanding effects for the Landfill Disposals Tax (Wales) Act 2017, Cross Heading: Taxable weight of material. (See end of Document for details)

- (4) Where the operator—
 - (a) calculates the taxable weight of the material, and
 - (b) applies the result in making or amending a tax return in respect of the disposal, the taxable weight of the material for the purposes of section 14(2) and (5) is the taxable weight calculated by the operator, unless WRA subsequently takes the steps set out in subsection (5).
- (5) Where WRA—
 - (a) calculates the taxable weight of the material after a tax return has been made in respect of the disposal, and

- (2) The operator must ensure, for the purposes of subsection (1)—
 - (a) that the material is weighed on the weighbridge before the disposal is made, and
 - (b) that the weighbridge meets each requirement in weights and measures legislation that applies to the weighbridge (if any).
- (3) The operator of an authorised landfill site may make an application to WRA for approval to use an alternative method to determine the weight of the material in a taxable disposal.

Changes to legislation: There are currently no known outstanding effects for the Landfill Disposals Tax (Wales) Act 2017, Cross Heading: Taxable weight of material. (See end of Document for details)

- (4) An application must—
 - (a) be made in such manner,
 - (b) contain such information, and
 - (c) be accompanied by such documents,
 as may be specified by WRA (either generally or in a particular case).

 - (b) if WRA gives approval, the notice must set out the details of the approval.
- (6) An approval—
 - (a) may relate to all the taxable disposals in respect of which the application is made, or to particular descriptions of those taxable disposals only;
 - (b) may be unconditional or subject to conditions;
 - (c) may be given for a fixed period or an unlimited period;
 - (d) may be varied or revoked at any time by issuing a notice to the operator.
- (7) If WRA gives the operator approval to use an alternative method to determine the weight of the material in a taxable disposal, the operator—
 - (a) must use that method in relation to the disposal (instead of the method described in subsection (1)), and
 - (b) must do so in accordance with any condition to which the approval is subject.
- (8) In this section, “weights and measures legislation” means the Weights and Measures Act 1985 (c. 72) and regulations made (in whole or in part) under that Act.

- (2) An application for approval must be made in writing.
- (3) Where the operator makes an application for approval—
 - (a) WRA must issue a notice to the operator of its decision on the application, and
 - (b) if WRA gives approval, the notice must set out the details of the approval.

 - (a) may relate to all taxable disposals in respect of which the application is made, or to particular descriptions of those taxable disposals only;
 - (b) may specify different discounts for different descriptions of taxable disposals;
 - (c) may be unconditional or subject to conditions (for example, a condition requiring payment in respect of tests on material);
 - (d) may be given for a fixed period or an unlimited period;
 - (e) may be varied or revoked at any time by issuing a notice to the operator.
- (6) The operator of an authorised landfill site must keep a record of each taxable disposal in relation to which a discount is applied in respect of water present in material (a “water discount record”).
