Part 2 – Conservation and Enhancement of Natural Features

Chapter 1 – Sites of Special Scientific Interest

Notification of sites of special scientific interest Schedule 1

Notifications relating to sites of special scientific interest: procedure

Content of notification

68. [Paragraph 3](#) details the information which must be given to the interested parties when SNH provides notification of an SSSI, its enlargement or denotification and which must also be contained in the related notice required under paragraph 2.
69. It is a requirement of paragraph 3 that any such notification, and any notice published under paragraph 2 in the press, on the internet or elsewhere, must name a place where the full notification can be inspected free of charge at any reasonable time and from where a copy of the relevant documentation can be obtained or purchased.
70. [Paragraph 3\(c\)](#) ensures that SSSI notifications, notifications of enlargement and denotifications, and related notices give information about the right to make representations to SNH. The formal date of notification is defined in section 48(2) and the deadline for the submission of representations cannot be less than 3 months after this date. SNH must also specify the manner in which representations are to be made (including, for example, the address to which they are to be sent and whether representations can be made by e-mail as well as by letter).
