Curfew Licences

Section 48 - Curfew conditions

95. Subsection (1) defines a curfew condition as being one that requires a person to remain at the place specified in the condition for the periods which are specified. Subsection (2) provides that it may also require the person not to be in a particular place, or class of place, at a specified time or during a specified period and may also specify different places and periods for different days. However, subsection (3) states that it cannot specify, in respect of the condition to remain at a certain place, periods amounting to less than nine hours in any one day (excluding the first and last days of the period for which the condition is in force).
