##### ***Section 24: First registration of common grazings***

55. **Section 24** provides for the first registration of an unregistered common grazing by the Crofting Commission. It also requires first registration of a new common grazing once the Crofting Commission has made a determination to constitute land as a common grazing and the associated appeal period of 42 days has ended. Subsection (2) provides that the land is a common grazing from the date of registration and that the land comprising the common grazing is determined by the description of that land in the registration schedule.
