

*These notes relate to the Tobacco and Primary Medical Services
(Scotland) Act 2010 (asp 3) which received Royal Assent on 3 March 2010*

TOBACCO AND PRIMARY MEDICAL SERVICES (SCOTLAND) ACT 2010

EXPLANATORY NOTES

THE ACT – OVERVIEW

Part 1 – Tobacco Products Etc.

Section 14 – Changes to and removal from Register

27. This section includes a requirement on the Scottish Ministers to remove premises affected by a tobacco retailing banning order from the Register of Tobacco Retailers. There is no automatic reinstatement of the person once the banning order has expired. An application would have to be made under section 11 where the retailer would like to sell tobacco products from the premises again. This section also allows the Scottish Ministers to correct the register as considered appropriate. Ministers are required to notify a registered business of any changes to its entry as soon as reasonably practicable and, if appropriate, to issue at the same time a revised certificate of registration.
