

Certification of Death (Scotland) Act 2011

2011 asp 11

Other functions of medical reviewers

20 Training and information functions

- (1) A medical reviewer (including the senior medical reviewer) has the functions mentioned in subsection (2).
- (2) The functions are—
 - (a) to collate and analyse information relating to or contained in medical certificates of cause of death,
 - (b) to provide training, guidance and support to persons who are required to complete medical certificates of cause of death,
 - (c) to provide guidance and support to district registrars in relation to medical certificates of cause of death,
 - (d) to liaise with such persons as the medical reviewer considers appropriate with a view to improving—
 - (i) the accuracy of the information (and in particular the causes of death) recorded in medical certificates of cause of death, and
 - (ii) the administrative processes relating to the disposal of bodies.
