COMMENTARY ON SECTIONS

Part 5 – Powers to Enter and Use Land

Section 41 – Use of land

149. **Section 41** sets out the action that may be taken after land is entered. Subsection (2) provides, by way of illustration, a list of things the Scottish Ministers may do in relation to the land. That list is similar to matters under section 140 of the Roads (Scotland) Act 1984 which is applied in respect of constructing or maintaining roads. It should be noted that any purpose for which entry is required must be stated in the notice issued in accordance with **section 40**.
