FORTH CROSSING ACT 2011

EXPLANATORY NOTES

SCHEDULES

Schedule 5 – Existing roads to become trunk roads on date determined by Ministers

256. The schedule (introduced by **section 12(2)**) lists those existing roads (or parts of roads) currently maintained by local roads authorities that are to become trunk roads. Columns (1) and (2) provide the location and plan reference for each road. Column (3) describes the road or part of road that is to be a trunk road and column (4) provides the plan reference points which show the length of road to be trunked.
