In the Chronological Table of the Private and Personal Acts two symbols appear:

* an asterisk placed at the end of a title indicates a Private Act passed after 1815 which was not printed by the Kings printer (see also the introduction to the Private Acts)

[ ] A chapter number within square brackets (viz Private Acts from 1876-1923) indicates that the chapter number was not officially given and the number in the brackets matches up with the order in which the unprinted Private Acts are listed in the Annual Volume of Acts for that year.
