Appendix A

to the Convention Concerning International Carriage by Rail (COTIF) of 9 May 1980, as modified by the Protocol for the modification of the Convention Concerning International Carriage by Rail of 3 June 1999

TITLE IV

LIABILITY OF THE CARRIER

Chapter I

Liability in case of death of, or personal injury to, passengers

Article 26

Basis of liability

1 The carrier shall be liable for the loss or damage resulting from the death of, personal injuries to, or any other physical or mental harm to, a passenger, caused by an accident arising out of the operation of the railway and happening while the passenger is in, entering or alighting from railway vehicles whatever the railway infrastructure used.

2 The carrier shall be relieved of this liability

3 If the accident is due to the behaviour of a third party and if, in spite of that, the carrier is not entirely relieved of his liability in accordance with paragraph 2, letter c), he shall be liable in full up to the limits laid down in these Uniform Rules but without prejudice to any right of recourse which the carrier may have against the third party.

4 These Uniform Rules shall not affect any liability which may be incurred by the carrier in cases not provided for in paragraph 1.

5 If carriage governed by a single contract of carriage is performed by successive carriers, the carrier bound pursuant to the contract of carriage to provide the service of carriage in the course of which the accident happened shall be liable in case of death of, and personal injuries to, passengers. When this service has not been provided by the carrier, but by a substitute carrier, the two carriers shall be jointly and severally liable in accordance with these Uniform Rules.

Article 27

Damages in case of death

1 In case of death of the passenger the damages shall comprise:

Status: Point in time view as at 23/10/2007.

Changes to legislation: There are outstanding changes not yet made to Regulation (EC) No 1371/2007 of the European Parliament and of the Council. Any changes that have already been made to the legislation appear in the content and are referenced with annotations. (See end of Document for details)

2 If, through the death of the passenger, persons whom he had, or would have had, a legal duty to maintain are deprived of their support, such persons shall also be compensated for that loss. Rights of action for damages of persons whom the passenger was maintaining without being legally bound to do so, shall be governed by national law.

Article 28

Damages in case of personal injury

In case of personal injury or any other physical or mental harm to the passenger the damages shall comprise:

- (a) any necessary costs, in particular those of treatment and of transport;
- (b) compensation for financial loss, due to total or partial incapacity to work, or to increased needs.

Article 29

Compensation for other bodily harm

National law shall determine whether and to what extent the carrier must pay damages for bodily harm other than that for which there is provision in Articles 27 and 28.

Article 30

Form and amount of damages in case of death and personal injury

1 The damages under Article 27(2) and Article 28(b) must be awarded in the form of a lump sum. However, if national law permits payment of an annuity, the damages shall be awarded in that form if so requested by the injured passenger or by the persons entitled referred to in Article 27(2).

2 The amount of damages to be awarded pursuant to paragraph 1 shall be determined in accordance with national law. However, for the purposes of these Uniform Rules, the upper limit per passenger shall be set at 175 000 units of account as a lump sum or as an annual annuity corresponding to that sum, where national law provides for an upper limit of less than that amount.

Article 31

Other modes of transport

1 Subject to paragraph 2, the provisions relating to the liability of the carrier in case of death of, or personal injury to, passengers shall not apply to loss or damage arising in the course of carriage which, in accordance with the contract of carriage, was not carriage by rail.

2 However, where railway vehicles are carried by ferry, the provisions relating to liability in case of death of, or personal injury to, passengers shall apply to loss or damage referred to in Article 26(1) and Article 33(1), caused by an accident arising out of the operation of the railway and happening while the passenger is in, entering or alighting from the said vehicles.

Status: Point in time view as at 23/10/2007.

Changes to legislation: There are outstanding changes not yet made to Regulation (EC) No 1371/2007 of the European Parliament and of the Council. Any changes that have already been made to the legislation appear in the content and are referenced with annotations. (See end of Document for details)

3 When, because of exceptional circumstances, the operation of the railway is temporarily suspended and the passengers are carried by another mode of transport, the carrier shall be liable pursuant to these Uniform Rules.
