ANNEX I

PART 1

The following shall be the content of the identification document provided for in Article 7:
DOCUMENT D'IDENTIFICATION DES ÉQUIDÉS

Ces instructions sont rédigées en vue d'assister l'utilisateur et n'entravent pas l'application des règles établies par le règlement d'exécution (UE) 2015/262 de la Commission⁽¹⁾.

I. Le document d'identification doit comporter toutes les instructions nécessaires à son utilisation ainsi que les coordonnées de l'organisme émetteur en français, en anglais et dans une des langues officielles de l'État membre ou du pays dans lequel l'organisme émetteur a son siège.

II. Le document d'identification doit contenir les renseignements suivants:

1. **Section I — Identification**

L'équidé doit être identifié par l'organisme émetteur. Le numéro unique d'identification valable à vie doit permettre d'identifier clairement l'équidé ainsi que l'organisme émetteur du document d'identification et doit être compatible avec le système UELN (numéro universel d'identification des équidés). Dans le signalement figurant à la section I, partie A, notamment au point 3, l'utilisation d'abréviations doit être évitée autant que possible. À la section I, partie A, point 5, un champ doit être prévu pour insérer au moins quinze chiffres du code transmis par le transpondeur.

À la section I, partie B, le signalement graphique doit être effectué à l'aide d'un stylo à bille à encre rouge pour les marques et d'un stylo à bille à encre noire pour les épis, ou à l'aide de ces mêmes couleurs s'il est effectué par voie électronique, selon les lignes directrices fournies par la Fédération équestre internationale (FEI) ou par Weatherbys.

La section I, partie C, doit servir à enregistrer toute modification des données d'identification.

2. **Section II — Administration de médicaments vétérinaires**

Les parties I et II ou la partie III de cette section doivent être dûment complétées suivant les instructions établies dans cette section.

3. **Section III — Validité des documents pour les mouvements d'équidés**

Les suspensions ou rétablissements de la validité du document conformément à l'article 4, paragraphe 4, point (a), deuxième alinéa, de la directive 2009/156/CE doivent être consignés.

4. **Section IV — Propriétaire**

Le nom du propriétaire ou celui de son agent ou représentant doit être mentionné si l'organisme émetteur le requiert.

5. **Section V — Certificat d'origine**

Si l'équidé est inscrit ou enregistré et susceptible d'être inscrit dans un livre généalogique tenu par une organisation d'élevage agréée ou reconnue, le document d'identification doit indiquer le pedigree de l'équidé ainsi que la classe du livre généalogique dans laquelle celui-ci est inscrit conformément aux règles de l'organisation d'élevage agréée ou reconnue délivrant le document d'identification.

Changes to legislation: There are outstanding changes not yet made to Commission Implementing Regulation (EU) 2015/262. Any changes that have already been made to the legislation appear in the content and are referenced with annotations. (See end of Document for details) [View outstanding changes](#)

6. **Section VI — Enregistrement des contrôles d'identité**

À chaque fois que les lois et règlements l'exigent, l'identité de l'équidé doit faire l'objet de contrôles enregistrés par l'autorité compétente, au nom de l'organisme émetteur, ou par l'organisation gérant des chevaux en vue de la compétition ou des courses.

7. **Section VII — Enregistrement des vaccinations contre la grippe équine**

Toutes les vaccinations contre la grippe équine, y compris par administration de vaccins combinés, doivent être enregistrées à la section VII. Ces informations peuvent être fournies moyennant l'apposition d'un autocollant.

8. **Section VIII — Enregistrement des vaccinations autres que les vaccinations contre la grippe équine**

Toutes les vaccinations autres que les vaccinations contre la grippe équine doivent être enregistrées à la section VIII. Ces informations peuvent être fournies moyennant l'apposition d'un autocollant.

9. **Section IX — Examens de laboratoire**

Les résultats de tous les examens pratiqués pour déceler une maladie transmissible doivent être consignés.

III. Le document d'identification peut contenir les renseignements suivants:

10. **Section X — Conditions sanitaires de base (obligatoire pour les équidés enregistrés)**

Ces conditions ne s'appliquent qu'aux mouvements d'équidés enregistrés qui ont lieu sur le territoire d'un même État membre.

11. **Section XI — Châtaignes**

Cette section est nécessaire au respect du modèle de document d'identification de la Fédération équestre internationale (FEI).

IV. Sauf s'il est détruit sous surveillance officielle à l'abattoir, le document d'identification doit être restitué à l'organisme émetteur en cas de mort, d'élimination, de perte ou de vol de l'animal, ou si celui-ci est abattu à des fins de lutte contre les maladies.

IDENTIFICATION DOCUMENT FOR EQUIDAE

These instructions are drawn up to assist the user and do not impede on the rules laid down in Commission Implementing Regulation (EU) 2015/262⁽²⁾.

I. The identification document must contain all the instructions needed for its use and the details of the issuing body in French, English and one of the official language(s) of the Member State or country where the issuing body has its headquarters.

II. The identification document must contain the following information:

1. **Section I — Identification**

The equine animal shall be identified by the issuing body. The unique life number shall clearly identify the equine animal and the issuing body which issued the identification document and shall be compatible with the universal equine life number (UELN).

Changes to legislation: There are outstanding changes not yet made to Commission Implementing Regulation (EU) 2015/262. Any changes that have already been made to the legislation appear in the content and are referenced with annotations. (See end of Document for details) View outstanding changes

In the narrative in Part A of Section I, in particular in point 3 thereof, abbreviations must be avoided, where possible. In point 5 of Part A of Section I, the space must be provided for at least 15 digits of the transponder code.

In Part B of Section I the outline diagram shall be completed using red ball point ink for marks and black ball point ink for whorls, or by use of these colours respectively if completed electronically, taking into account the guidelines provided for by the World Equestrian Federation (FEI) or the Weatherbys.

Part C of Section I must be used to record modifications to identification details.

2. **Section II — Administration of veterinary medicinal products**

Parts I and II or Part III of this Section must be duly completed in accordance with the instructions set out in this Section.

3. **Section III — Validity of document for movement of equidae**

Invalidation or revalidation of the identification document in accordance with the second subparagraph of Article 4(4)(a) of Directive 2009/156/EC must be indicated.

4. **Section IV — Owner**

The name of the owner or its agent or representative must be stated where required by the issuing body.

5. **Section V — Certificate of origin**

In the case of equidae entered or registered and eligible for entry in a studbook maintained by an approved or recognised breeding organisation, the identification document shall contain the pedigree and the studbook class in which the equine animal is entered in accordance with the rules of the approved or recognised breeding organisation issuing the identification document.

6. **Section VI — Recording of identity checks**

Whenever laws and regulations require to conduct checks on the identity of the equine animal, those checks should be recorded by the competent authority, on behalf of the issuing body or by the organisation which manages registered horses for competitions or races.

7. **Section VII — Record of vaccination against equine influenza**

All equine influenza vaccinations, including by use of combined vaccines, must be recorded in Section VII. The information may take the form of a sticker.

8. **Section VIII — Record of vaccination against other diseases**

All vaccinations other than those against equine influenza must be recorded in Section VIII. The information may take the form of a sticker.

9. **Section IX — Laboratory health tests**

The results of all tests carried out to detect transmissible diseases must be recorded.

III. The identification document may contain the following information:

10. **Section X — Basic health conditions (mandatory for registered equidae)**

These conditions shall apply only for movement of registered equidae on the territory of a Member State.

Changes to legislation: There are outstanding changes not yet made to Commission Implementing Regulation (EU) 2015/262. Any changes that have already been made to the legislation appear in the content and are referenced with annotations. (See end of Document for details) View outstanding changes

11. Section XI — Chestnuts

This section shall be required for compliance with the model of the identification document of the World Equestrian Federation (FEI).

- IV. Except where it is destroyed under official supervision at the slaughterhouse, the identification document must be returned to the issuing body after the animal has died, had to be destroyed, was lost or stolen or was slaughtered for disease control purposes.
