If a commonly agreed solution has not been found by the end of this two-week period, the competent authority of the affected Contracting Party may immediately adopt appropriate interim measures in order to remedy the resulting distortion of competition.

Consultations shall then be held in the EEA Joint Committee with a view to finding a commonly acceptable solution.

If within three months the EEA Joint Committee has not been able to find such a solution, and if the practice in question causes, or threatens to cause, distortion of competition affecting trade between the Contracting Parties, the interim measures may be replaced by definitive measures, strictly necessary to offset the effect of such

2 They shall, in particular, exchange information and, at the request of a Contracting Party, hold consultations within the EEA Joint Committee in respect of plans or proposals for the establishment or amendment of framework programmes, specific programmes, actions and projects in the fields referred to in Article 78.

3 Part VII shall apply *mutatis mutandis* with regard to this Part whenever the latter or Protocol 31 specifically provides therefor.

#### Article 80

The cooperation provided for in Article 78 shall normally take one of the following forms:

- participation by EFTA States in EC framework programmes, specific programmes, projects or other actions;
- establishment of joint activities in specific areas, which may include concertation or coordination of activities, fusion of existing activities and establishment of *ad hoc* joint activities;

The same shall apply *mutatis mutandis* to participants in exchanges between EC Member States and EFTA States, under the activity in question.
- (e) EFTA States, their institutions, undertakings, organizations and nationals shall have the same rights and obligations with regard to dissemination, evaluation and exploitation of results as those applicable to EC Member States, their institutions, undertakings, organizations and nationals.

#### *Article 82*

- a The contribution of the EFTA States, arising from their participation in Community activities, shall be calculated proportionally:
  - to the commitment appropriations; and
  - to the payment appropriations;

entered each year for the Community in the general budget of the Community for each budgetary line corresponding to the activities in question.

The ‘proportionality factor’ determining the participation of the EFTA States shall be the sum of the ratios between, on the one hand, the gross domestic product at market prices of each of the EFTA States and, on the other hand, the sum of the gross domestic products at market prices of the EC Member States and of that EFTA State. This factor shall be calculated, for each budgetary year, on the basis of the most recent statistical data.

The amount of the contribution of the EFTA States shall be additional, both in commitment appropriations and in payment appropriations, to the amounts entered for the Community in the general budget on each line corresponding to the activities concerned.

The contributions to be paid each year by the EFTA States shall be determined on the basis of the payment appropriations.

Commitments entered into by the Community prior to the entry into force, on the basis of this Agreement, of the participation of the EFTA States in the activities in question — as well as the payments which result from this — shall give rise to no contribution on the part of the EFTA States.

- b The financial contribution of the EFTA States deriving from their participation in certain projects or other activities shall be based on the principle that each Contracting Party shall cover its own costs, with an appropriate contribution which shall be fixed by the EEA Joint Committee to the Community's overhead costs.
- c The EEA Joint Committee shall take the necessary decisions concerning the contribution of the Contracting Parties to the costs of the activity in question.

Unless otherwise provided for in Protocol 31, cooperation already established between the Community and individual EFTA States in the fields referred to in Article 78 on the date of entry into force of this Agreement shall thereafter be governed by the relevant provisions of this Part and of Protocol 31.

*Article 86*

The EEA Joint Committee shall, in accordance with Part VII, take all decisions necessary for the implementation of Articles 78 to 85 and measures derived therefrom, which may include, *inter alia*, supplementing and amending the provisions of Protocol 31, as well as adopting any transitional arrangements required by way of implementation of Article 85.

Such steps may include the amendment of Article 78 by the addition of new fields to those listed therein.

2 If it appears to the Contracting Parties that such an association should be extended to other committees which present similar characteristics, the EEA Joint Committee may amend Protocol 37.

#### *Article 102*

1 In order to guarantee the legal security and the homogeneity of the EEA, the EEA Joint Committee shall take a decision concerning an amendment of an Annex to this Agreement as closely as possible to the adoption by the Community of the corresponding new Community legislation with a view to permitting a simultaneous application of the latter as well as of the amendments of the Annexes to the Agreement. To this end, the Community shall, whenever adopting a legislative act on an issue which is governed by this Agreement, as soon as possible inform the other Contracting Parties in the EEA Joint Committee.

2 The part of an Annex to this Agreement which would be directly affected by the new legislation is assessed in the EEA Joint Committee.

3 The Contracting Parties shall make all efforts to arrive at an agreement on matters relevant to this Agreement.

The EEA Joint Committee shall, in particular, make every effort to find a mutually acceptable solution where a serious problem arises in any area which, in the EFTA States, falls within the competence of the legislator.

4 If, notwithstanding the application of the preceding paragraph, an agreement on an amendment of an Annex to this Agreement cannot be reached, the EEA Joint Committee shall examine all further possibilities to maintain the good functioning of this Agreement and take any decision necessary to this effect, including the possibility to take notice of the equivalence of legislation. Such a decision shall be taken at the latest at the expiry of a period of six months from the date of referral to the EEA Joint Committee or, if that date is later, on the date of entry into force of the corresponding Community legislation.

5 If, at the end of the time-limit set out in paragraph 4, the EEA Joint Committee has not taken a decision on an amendment of an Annex to this Agreement, the affected part thereof, as determined in accordance with paragraph 2, is regarded as provisionally suspended, subject to a decision to the contrary by the EEA Joint Committee. Such a suspension shall take effect six months after the end of the period referred to in paragraph 4, but in no event earlier than the date on which the corresponding EC act is implemented in the Community. The EEA Joint Committee shall pursue its efforts to agree on a mutually acceptable solution in order for the suspension to be terminated as soon as possible.

6 The practical consequences of the suspension referred to in paragraph 5 shall be discussed in the EEA Joint Committee. The rights and obligations which individuals and economic operators have already acquired under this Agreement shall remain. The Contracting Parties shall, as appropriate, decide on the adjustments necessary due to the suspension.

#### *Article 103*

1 If a decision of the EEA Joint Committee can be binding on a Contracting Party only after the fulfilment of constitutional requirements, the decision shall, if a date is contained therein, enter into force on that date, provided that the Contracting Party concerned has notified the other Contracting Parties by that date that the constitutional requirements have been fulfilled.

In the absence of such a notification by that date, the decision shall enter into force on the first day of the second month following the last notification.

2 If upon the expiry of a period of six months after the decision of the EEA Joint Committee such a notification has not taken place, the decision of the EEA Joint Committee shall be applied provisionally pending the fulfilment of the constitutional requirements unless a Contracting Party notifies that such a provisional application cannot take place. In the latter case, or if a Contracting Party notifies the non-ratification of a decision of the EEA Joint Committee, the suspension provided for in Article 102(5) shall take effect one month after such a notification but in no event earlier than the date on which the corresponding EC act is implemented in the Community.

#### *Article 104*

Decisions taken by the EEA Joint Committee in the cases provided for in this Agreement shall, unless otherwise provided for therein, upon their entry into force be binding on the

Contracting Parties which shall take the necessary steps to ensure their implementation and application.

## CHAPTER 3

### **HOMOGENEITY, SURVEILLANCE PROCEDURE AND SETTLEMENT OF DISPUTES**

#### *Section 1*

#### **Homogeneity**

##### *Article 105*

1 In order to achieve the objective of the Contracting Parties to arrive at as uniform an interpretation as possible of the provisions of the Agreement and those provisions of Community legislation which are substantially reproduced in the Agreement, the EEA Joint Committee shall act in accordance with this Article.

2 The EEA Joint Committee shall keep under constant review the development of the case-law of the Court of Justice of the European Communities and the EFTA Court. To this end judgments of these Courts shall be transmitted to the EEA Joint Committee which shall act so as to preserve the homogeneous interpretation of the Agreement.

3 If the EEA Joint Committee within two months after a difference in the case-law of the two Courts has been brought before it, has not succeeded to preserve the homogeneous interpretation of the Agreement, the procedures laid down in Article 111 may be applied.

##### *Article 106*

In order to ensure as uniform an interpretation as possible of this Agreement, in full deference to the independence of courts, a system of exchange of information concerning judgments by the EFTA Court, the Court of Justice of the European Communities and the Court of First Instance of the European Communities and the Courts of last instance of the EFTA States shall be set up by the EEA Joint Committee. This system shall comprise:

- (a) transmission to the Registrar of the Court of Justice of the European Communities of judgments delivered by such courts on the interpretation and application of, on the one hand, this Agreement or, on the other hand, the Treaty establishing the European Economic Community and the Treaty establishing the European Coal and Steel Community, as amended or supplemented, as well as the acts adopted in pursuance thereof in so far as they concern provisions which are identical in substance to those of this Agreement;
- (b) classification of these judgments by the Registrar of the Court of Justice of the European Communities including, as far as necessary, the drawing up and publication of translations and abstracts;
- (c) communications by the Registrar of the Court of Justice of the European Communities of the relevant documents to the competent national authorities, to be designated by each Contracting Party.

2 In order to ensure a uniform surveillance throughout the EEA, the EFTA Surveillance Authority and the EC Commission shall cooperate, exchange information and consult each other on surveillance policy issues and individual cases.

3 The EC Commission and the EFTA Surveillance Authority shall receive any complaints concerning the application of this Agreement. They shall inform each other of complaints received.

4 Each of these bodies shall examine all complaints falling within its competence and shall pass to the other body any complaints which fall within the competence of that body.

5 In case of disagreement between these two bodies with regard to the action to be taken in relation to a complaint or with regard to the result of the examination, either of the bodies may refer the matter to the EEA Joint Committee which shall deal with it in accordance with Article 111.

#### *Article 110*

Decisions under this Agreement by the EFTA Surveillance Authority and the EC Commission which impose a pecuniary obligation on persons other than States, shall be enforceable. The same shall apply to such judgments under this Agreement by the Court of Justice of the European Communities, the Court of First Instance of the European Communities and the EFTA Court.

Enforcement shall be governed by the rules of civil procedure in force in the State in the territory of which it is carried out. The order for its enforcement shall be appended to the decision, without other formality than verification of the authenticity of the decision, by the authority which each Contracting Party shall designate for this purpose and shall make known to the other Contracting Parties, the EFTA Surveillance Authority, the EC Commission, the Court of Justice of the European Communities, the Court of First Instance of the European Communities and the EFTA Court.

When these formalities have been completed on application by the party concerned, the latter may proceed to enforcement, in accordance with the law of the State in the territory of which enforcement is to be carried out, by bringing the matter directly before the competent authority.

Enforcement may be suspended only by a decision of the Court of Justice of the European Communities, as far as decisions by the EC Commission, the Court of First Instance of the European Communities or the Court of Justice of the European Communities are concerned, or by a decision of the EFTA Court as far as decisions by the EFTA Surveillance Authority or the EFTA Court are concerned. However, the courts of the States concerned shall have jurisdiction over complaints that enforcement is being carried out in an irregular manner.

### *Section 3*

#### **Settlement of disputes**

#### *Article III*

1 The Community or an EFTA State may bring a matter under dispute which concerns the interpretation or application of this Agreement before the EEA Joint Committee in accordance with the following provisions.

2 The EEA Joint Committee may settle the dispute. It shall be provided with all information which might be of use in making possible an in-depth examination of the situation, with a view to finding an acceptable solution. To this end, the EEA Joint Committee shall examine all possibilities to maintain the good functioning of the Agreement.

3 If a dispute concerns the interpretation of provisions of this Agreement, which are identical in substance to corresponding rules of the Treaty establishing the European Economic Community and the Treaty establishing the European Coal and Steel Community and to acts adopted in application of these two Treaties and if the dispute has not been settled within three months after it has been brought before the EEA Joint Committee, the Contracting Parties to the dispute may agree to request the Court of Justice of the European Communities to give a ruling on the interpretation of the relevant rules.

If the EEA Joint Committee in such a dispute has not reached an agreement on a solution within six months from the date on which this procedure was initiated or if, by then, the Contracting Parties to the dispute have not decided to ask for a ruling by the Court of Justice of the European Communities, a Contracting Party may, in order to remedy possible imbalances,

- either take a safeguard measure in accordance with Article 112(2) and following the procedure of Article 113;
- or apply Article 102 *mutatis mutandis*.

4 If a dispute concerns the scope or duration of safeguard measures taken in accordance with Article 111(3) or Article 112, or the proportionality of rebalancing measures taken in accordance with Article 114, and if the EEA Joint Committee after three months from the date when the matter has been brought before it has not succeeded to resolve the dispute, any Contracting Party may refer the dispute to arbitration under the procedures laid down in Protocol 33. No question of interpretation of the provisions of this Agreement referred to in paragraph 3 may be dealt with in such procedures. The arbitration award shall be binding on the parties to the dispute.

## CHAPTER 4

### SAFEGUARD MEASURES

#### *Article 112*

1 If serious economic, societal or environmental difficulties of a sectorial or regional nature liable to persist are arising, a Contracting Party may unilaterally take appropriate measures under the conditions and procedures laid down in Article 113.

2 Such safeguard measures shall be restricted with regard to their scope and duration to what is strictly necessary in order to remedy the situation. Priority shall be given to such measures as will least disturb the functioning of this Agreement.

3 The safeguard measures shall apply with regard to all Contracting Parties.

#### *Article 113*

1 A Contracting Party which is considering taking safeguard measures under Article 112 shall, without delay, notify the other Contracting Parties through the EEA Joint Committee and shall provide all relevant information.

2 The Contracting Parties shall immediately enter into consultations in the EEA Joint Committee with a view to finding a commonly acceptable solution.

3 The Contracting Party concerned may not take safeguard measures until one month has elapsed after the date of notification under paragraph 1, unless the consultation procedure under paragraph 2 has been concluded before the expiration of the stated time-limit. When exceptional circumstances requiring immediate action exclude prior examination, the Contracting Party concerned may apply forthwith the protective measures strictly necessary to remedy the situation.

For the Community, the safeguard measures shall be taken by the EC Commission.

4 The Contracting Party concerned shall, without delay, notify the measures taken to the EEA Joint Committee and shall provide all relevant information.

Each Contracting Party may at any time request the EEA Joint Committee to review such measures.

#### *Article 114*

1 If a safeguard measure taken by a Contracting Party creates an imbalance between the rights and obligations under this Agreement, any other Contracting Party may towards that Contracting Party take such proportionate rebalancing measures as are strictly necessary to remedy the imbalance. Priority shall be given to such measures as will least disturb the functioning of the EEA.

2 The procedure under Article 113 shall apply.

### PART VIII

It shall not be necessary for such materials to have undergone sufficient working or processing.

2 Without prejudice to the provisions of Article 2, products shall be considered as originating in the EEA if they are obtained there, incorporating materials originating in any country which is a participant in the Euro-Mediterranean partnership, based on the Barcelona Declaration adopted at the Euro-Mediterranean Conference held on 27 and 28 November 1995, other than Turkey<sup>(4)</sup>, provided that the working or processing carried out in the EEA goes beyond the operations referred to in Article 6. If this is not so, the product obtained shall be considered as originating in the country which accounts for the highest value of originating materials used in the manufacture in the EEA.

4 Products, originating in one of the countries referred to in paragraphs 1 and 2, which do not undergo any working or processing in the EEA shall retain their origin if exported into one of these countries.

- and
- b they have not undergone any operation beyond that necessary to preserve them in good condition while in that country or while being exported.

3 For the implementation of paragraphs 1 and 2, the exporter must indicate in his application the place and date of exportation of the products to which the movement certificate EUR.1 or EUR-MED relates, and state the reasons for his request.

2 The method must be able to ensure that, for a specific reference period, the number of products obtained which could be considered as ‘originating’ is the same as that which would have been obtained had there been physical segregation of the stocks.

3 The customs authorities may make the grant of authorisation referred to in paragraph 1, subject to any conditions deemed appropriate.

4 The method shall be applied and on the application thereof shall be recorded on the basis of the general accounting principles applicable in the country where the product was manufactured.

2 The supplier's declaration referred to in paragraph 1 shall serve as evidence of the working or processing undergone in the EEA by the goods concerned for the purpose of determining whether the products in the manufacture of which these goods are used, may be considered as products originating in the EEA and fulfil the other requirements of this Protocol.

3 A separate supplier's declaration shall, except in cases provided in paragraph 4, be made out by the supplier for each consignment of goods in the form prescribed in Annex V on a sheet of paper annexed to the invoice, the delivery note or any other commercial document describing the goods concerned in sufficient detail to enable them to be identified.

5 The supplier's declaration referred to in paragraphs 3 and 4 shall be typed or printed using one of the languages in which the Agreement is drawn up, in accordance with the provisions of the national law of the country where it is made out, and shall bear the original signature of the supplier in manuscript. 5 The customs authorities of the importing country shall keep for at least three years the movement certificates EUR.1 and EUR-MED and the origin declarations and origin declarations EUR-MED submitted to them.

#### Article 30

##### **Discrepancies and formal errors**

1 The discovery of slight discrepancies between the statements made in the proof of origin and those made in the documents submitted to the customs office for the purpose of carrying out the formalities for importing the products shall not *ipso facto* render the proof of origin null and void if it is duly established that this document does correspond to the products submitted.

2 Obvious formal errors such as typing errors on a proof of origin should not cause this document to be rejected if these errors are not such as to create doubts concerning the correctness of the statements made in this document.

the Member States of the European Union and of the countries referred to in Article 3 equivalent to the amounts expressed in euro shall be fixed annually by each of the countries concerned.

2 A consignment shall benefit from the provisions of Article 21(1)(b) or Article 26(3) by reference to the currency in which the invoice is drawn up, according to the amount fixed by the country concerned.

3 The amounts to be used in any given national currency shall be the equivalent in that currency of the amounts expressed in euro as at the first working day of October each year. The amounts shall be communicated to the European Commission by 15 October and shall apply from 1 January the following year. The European Commission shall notify all countries concerned of the relevant amounts.

4 A country may round up or down the amount resulting from the conversion into its national currency of an amount expressed in euro. The rounded-off amount may not differ from the amount resulting from the conversion by more than 5 %. A country may retain unchanged its national currency equivalent of an amount expressed in euro if, at the time of the annual adjustment provided for in paragraph 3, the conversion of that amount, prior to any rounding-off, results in an increase of less than 15 % cent in the national currency equivalent. The national currency equivalent may be retained unchanged if the conversion were to result in a decrease in that equivalent value.

5 The amounts expressed in euro shall be reviewed by the EEA Joint Committee at the request of the Contracting Parties. When carrying out this review, the EEA Joint Committee shall consider the desirability of preserving the effects of the limits concerned in real terms. For this purpose, it may decide to modify the amounts expressed in euro.

2 For the purposes of implementing paragraph 1, the customs authorities of the importing country shall return the movement certificate EUR.1 or EUR-MED and the invoice, if it has been submitted, the origin declaration or the origin declaration EUR-MED, or a copy of these documents, to the customs authorities of the exporting country giving, where appropriate, the reasons for the request for verification. Any documents and information obtained suggesting that the information given on the proof of origin is incorrect shall be forwarded in support of the request for verification.

3 The verification shall be carried out by the customs authorities of the exporting country. For this purpose, they shall have the right to call for any evidence and to carry out any inspection of the exporter's accounts or any other check considered appropriate.

4 If the customs authorities of the importing country decide to suspend the granting of preferential treatment to the products concerned while awaiting the results of the verification, release of the products shall be offered to the importer subject to any precautionary measures judged necessary.

5 The customs authorities requesting the verification shall be informed of the results thereof as soon as possible. These results shall indicate clearly whether the documents are authentic and whether the products concerned may be considered as products originating in the EEA or in one of the countries referred to in Article 3 and fulfil the other requirements of this Protocol.

6 If in cases of reasonable doubt there is no reply within 10 months of the date of the verification request or if the reply does not contain sufficient information to determine the authenticity of the document in question or the real origin of the products, the requesting customs authorities shall, except in exceptional circumstances, refuse entitlement to the preferences.

### Article 34

#### Verification of supplier's declarations

1 Subsequent verifications of suppliers' declarations or long-term suppliers' declarations may be carried out at random or whenever the customs authorities of the country, where such declarations have been taken into account to issue a movement certificate EUR.1 or EUR-MED or to make out an origin declaration or origin declaration EUR-MED, have reasonable doubts as to the authenticity of the document or the correctness of the information given in this document.

2 For the purposes of implementing paragraph 1, the customs authorities of the country referred to in paragraph 1 shall return the supplier's declaration and invoice(s), delivery note(s) or other commercial documents concerning goods covered by this declaration, to the customs authorities of the country where the declaration was made out, giving, where appropriate, the reasons of substance or form for the request for verification.

3 The verification shall be carried out by the customs authorities of the country where the supplier's declaration was made out. For this purpose, they shall have the right to call for any evidence and carry out any inspection of the supplier's accounts or any other check which they consider appropriate.

4 The customs authorities requesting the verification shall be informed of the results thereof as soon as possible. These results shall indicate clearly whether the information given in the supplier's declaration is correct and make it possible for them to determine whether and to what extent this supplier's declaration could be taken into account for issuing a movement certificate EUR.1 or EUR-MED or for making out an origin declaration or origin declaration EUR-MED.

#### *Article 35*

### **Dispute settlement**

Where disputes arise in relation to the verification procedures of Articles 33 and 34 which cannot be settled between the customs authorities requesting a verification and the customs authorities responsible for carrying out this verification or where they raise a question as to the interpretation of this Protocol, they shall be submitted to the EEA Joint Committee.

### **Free zones**

1 The Contracting Parties shall take all necessary steps to ensure that products traded under cover of a proof of origin which in the course of transport use a free zone situated in their territory, are not substituted by other goods and do not undergo handling other than normal operations designed to prevent their deterioration.

2 By way of derogation from paragraph 1, when products originating in the EEA are imported into a free zone under cover of a proof of origin and undergo treatment or processing, the authorities concerned shall issue a new movement certificate EUR.1 or EUR-MED at the exporter's request, if the treatment or processing undergone complies with the provisions of this Protocol.

2 At the request of the competent surveillance authority, as defined in Article 56 of the Agreement, the other surveillance authority shall, in accordance with its internal rules, undertake inspections within its territory in cases where the competent surveillance authority so requesting considers it to be necessary.

3 The competent surveillance authority is entitled to be represented and take an active part in inspections carried out by the other surveillance authority in respect of paragraph 2.

4 All information obtained during such inspections on request shall be transmitted to the surveillance authority which requested the inspections immediately after their finalization.

5 Where the competent surveillance authority, in cases falling under Article 56(1)(b) and (c), (2), second sentence and (3) of the Agreement, carries out inspections within its territory, it shall inform the other surveillance authority of the fact that such inspections have taken place and, on request, transmit to that authority the relevant results of the inspections.

6 When the competent surveillance authority as defined in Article 56 of the Agreement interviews a consenting natural or legal person in the territory of the other surveillance authority, the latter shall be informed thereof. The surveillance authority which is not competent may be present during such an interview, as well as officials from the competition authority on whose territory the interviews are conducted.

## EXCHANGE AND USE OF INFORMATION

### Article 9

1 For the purpose of applying Articles 53 and 54 of the Agreement, the EFTA Surveillance Authority and the EC Commission shall have the power to provide one another with and use in evidence any matter of fact or of law, including confidential information.

2 Information acquired or exchanged pursuant to this Protocol shall only be used in evidence for the purpose of procedures under Articles 53 and 54 of the Agreement and in respect of the subject matter for which it was collected.

3 Where the information referred to in Article 2 (1) and (2) concerns a case which has been initiated as a result of an application for leniency, that information cannot be used by the receiving surveillance authority as the basis for starting an inspection on its own behalf. This is without prejudice to any power of the surveillance authority to open an inspection on the basis of information received from other sources.

4 Save as provided under paragraph 5, information voluntarily submitted by a leniency applicant will only be transmitted to the other surveillance authority with the consent of the applicant. Similarly other information that has been obtained during or following an inspection or by means of or following any other fact-finding measures which, in each case, could not have been carried out except as a result of the leniency application will only be transmitted to the other surveillance authority if the applicant has consented to the transmission to that authority of information it has voluntarily submitted in its application for leniency. Once the leniency applicant has given consent to the transmission of information to the other surveillance authority, that consent may not be withdrawn. This paragraph is without prejudice, however, to the responsibility of each applicant to file leniency applications to whichever authorities it may consider appropriate.

5 Notwithstanding paragraph 4, the consent of the applicant for the transmission of information to the other surveillance authority is not required in any of the following circumstances:

- a no consent is required where the receiving surveillance authority has also received a leniency application relating to the same infringement from the same applicant as the transmitting surveillance authority, provided that at the time the information is transmitted it is not open to the applicant to withdraw the information which it has submitted to that receiving surveillance authority;
- b no consent is required where the receiving surveillance authority has provided a written commitment that neither the information transmitted to it nor any other information it may obtain following the date and time of transmission as noted by the transmitting surveillance authority, will be used by it or by any other authority to which the information is subsequently transmitted to impose sanctions on the leniency applicant or on any other legal or natural person covered by the favourable treatment offered by the transmitting authority as a result of the application made by the applicant under its leniency programme or on any employee or former employee of the leniency applicant or of any of the aforementioned persons. A copy of the receiving authority's written commitment will be provided to the applicant;
- c in the case of information collected by a surveillance authority under Article 8(2) at the request of the surveillance authority to whom the leniency application was made, no consent is required for the transmission of such information to, and its use by, the surveillance authority to whom the application was made.

## RIGHTS OF INDIVIDUAL STATES

### Article 6

1 The EC Commission may, by means of a decision notified without delay to the undertakings concerned, to the competent authorities of the EC Member States and to the EFTA Surveillance Authority, refer a notified concentration, in whole or in part, to an EFTA State where:

- a a concentration threatens to affect significantly competition in a market within that EFTA State, which presents all the characteristics of a distinct market, or
- b a concentration affects competition in a market within that EFTA State, which presents all the characteristics of a distinct market and which does not constitute a substantial part of the territory covered by the Agreement.

2 In cases referred to in paragraph 1, any EFTA State may appeal to the Court of Justice of the European Communities, on the same grounds and conditions as an EC Member State under Articles 230 and 243 of the Treaty establishing the European Community, and in particular request the application of interim measures, for the purpose of applying its national competition law.

The EC Commission shall transmit all submissions pursuant to Article 4(4) of Regulation (EC) No 139/2004 and this paragraph to the EFTA Surveillance Authority without delay.

5 With regard to a concentration as defined in Article 3 of Regulation (EC) No 139/2004 which does not have a Community dimension within the meaning of Article 1 of that Regulation and which is capable of being reviewed under the national competition laws of at least three EC Member States and at least one EFTA State, the persons or undertakings referred to in Article 4(2) of that Regulation may, before any notification to the competent authorities, inform the EC Commission by means of a reasoned submission that the concentration should be examined by the Commission.

PROTOCOL 25

on competition regarding coal and steel

*Article 1*

1 All agreements between undertakings, decisions by associations of undertakings and concerted practices in respect of particular products referred to in Protocol 14 which may affect trade between Contracting Parties tending directly or indirectly to prevent, restrict or distort normal competition within the territory covered by this Agreement shall be prohibited, and in particular those tending:

- a to fix or determine prices,
- b to restrict or control production, technical development or investment,
- c to share markets, products, customers or sources of supply.

2 However, the competent surveillance authority, as provided for in Article 56 of the Agreement, shall authorize specialization agreements or joint-buying or joint-selling agreements in respect of the products referred to in paragraph 1, if it finds that:

- a such specialization or such joint-buying or joint-selling will make for a substantial improvement in the production or distribution of those products;
- b the agreement in question is essential in order to achieve these results and is not more restrictive than is necessary for that purpose; and
- c the agreement is not liable to give the undertakings concerned the power to determine the prices, or to control or restrict the production or marketing, of a substantial part of the products in question within the territory covered by the Agreement, or to shield them against effective competition from other undertakings within the territory covered by the Agreement.

If the competent surveillance authority finds that certain agreements are strictly analogous in nature and effect to those referred to above, having particular regard to the fact that this

3 Any agreement or decision prohibited by paragraph 1 shall be automatically void and may not be relied upon before any court or tribunal in the EC Member States or the EFTA States.

#### *Article 2*

1 Any transaction shall require the prior authorization of the competent surveillance authority, as provided for in Article 56 of the Agreement, subject to the provisions of paragraph 3 of this Article, if it has in itself the direct or indirect effect of bringing about within the territory covered by the Agreement, as a result of action by any person or undertaking or group of persons or undertakings, a concentration between undertakings at least one of which is covered by Article 3, which may affect trade between Contracting Parties, whether the transaction concerns a single product or a number of different products, and whether it is effected by merger, acquisition of shares or parts of the undertaking or assets, loan, contract or any other means of control.

2 The competent surveillance authority, as provided for in Article 56 of the Agreement, shall grant the authorization referred to in paragraph 1 if it finds that the proposed transaction will not give to the persons or undertakings concerned the power, in respect of the product or products within its jurisdiction:

- to determine prices, to control or restrict production or distribution or to hinder effective competition in a substantial part of the market for those products, or
- to evade the rules of competition instituted under this Agreement, in particular by establishing an artificially privileged position involving a substantial advantage in access to supplies or markets.

3 Classes of transactions may, in view of the size of the assets or undertakings concerned, taken in conjunction with the kind of concentration to be effected, be exempted from the requirement of prior authorization.

4 If the competent surveillance authority, as provided for in Article 56 of the Agreement, finds that public or private undertakings which, in law or in fact, hold or acquire in the market for one of the products within its jurisdiction a dominant position shielding them against effective competition in a substantial part of the territory covered by this Agreement are using that position for purposes contrary to the objectives of this Agreement and if such abuse may affect trade between Contracting Parties, it shall make to them such recommendations as may be appropriate to prevent the position from being so used.

#### *Article 3*

For the purposes of Articles 1 and 2 as well as for the purposes of information required for their application and proceedings in connection with them, ‘undertaking’ means any undertaking engaged in production in the coal or the steel industry within the territory covered by the Agreement, and any undertaking or agency regularly engaged in distribution other than sale to domestic consumers or small craft industries.

#### 1. Definitions

In what follows:

1. 'The Beneficiary State' is a State that receives funding from the EEA EFTA States according to Decision No 47/2000 of the EEA Joint Committee of 22 May 2000. The Beneficiary State is represented by an authority to be nominated, charged with the management of the EEA EFTA funding in the country and with entering into contracts on projects with the Committee. The financial responsibility to the EEA EFTA States rests with the Beneficiary State.
2. The 'Project Promoter' is the body that sets up the project. The grants are paid to the project promoter via the beneficiary State.
3. 'The Committee' is the body set up by the EEA EFTA States to carry out the functions outlined in point 7.
4. 'The monitoring agent' is an independent body that, on the basis of an agreement with the beneficiary State, monitors the progress of the project and reports to the beneficiary State and the Committee. The monitoring agent is appointed by the beneficiary State on the basis of a proposal or an assessment and agreement of the European Investment Bank (EIB) and with the consent of the Committee.

#### 2. The beneficiary States

The beneficiary States and their shares of the funds shall be as in the table below:

(in EUR)			
Country	1999	2000 to 2003	Total
Spain	10 859 680	59 321 600	70181280
Portugal	5 023 200	16 265 600	21288800
Greece	5 812 560	16 265 600	22078160

#### 3. Form of assistance

The assistance shall be entirely in the form of grants. A beneficiary State may, however, present proposals to the Committee to use parts of its share for the reduction of the interest costs of projects mainly financed by loans. Any such support will also be given in the form of grants.

The EEA EFTA contribution shall not exceed 50 % of the project cost, except in projects otherwise financed by central, regional or local government budget allocations, where the

contribution may not exceed 85 % of total cost. Community ceilings for co-financing shall not be exceeded in any case.

The responsibility of the EEA EFTA States for the projects is limited to providing funds according to the agreed plan, provided that the monitoring reports confirm project implementation in accordance with the project proposal.

#### 4. Eligible activities

Funding shall be available for projects in the areas of environment, including urban renewal, reduction of urban pollution and securing the European cultural heritage, transport, including infrastructure, and education and training, including academic research. The Contracting Parties agree to aim at allocating at least two thirds of the overall amount to projects in the area of environment, as defined above.

#### 5. Projects

The total amount of EUR 119,6 million shall be made available for commitment at the rhythm of 20 % per year commenced cumulatively as of 1999. Different parts of large projects can be separately presented for financing and the Committee will consider each project proposal on its own merits.

#### 6. Monitoring requirements

A monitoring plan is established for each project together with the project plan and schedule, the budget and the payment schedule. It shall identify the crucial points in the project. The monitoring agent reports at important stages of the project, in accordance with the established plan, normally at least once a year, to the beneficiary State and the Committee, giving, *inter alia*, the following information:

- fulfilment of formal requirements relating to tendering and procurement of permits and certifications,
- project progress compared with the original plan,

- accounts of the project,
- whether the advancement of the project meets the requirements for the payment of the next instalment.

If the report does not correspond to the agreed plan, the Committee may ask the beneficiary State for complementary information. Questions limited to clarification and requests for information that is missing in the report may be addressed to the monitoring agent, with the beneficiary State being kept duly informed. The Committee may decide not to authorise further payments until the report corresponds to the agreement. The EEA EFTA States may audit projects as specified in point 10(13).

the monitoring agents shall:

- monitor the projects according to a reporting plan annexed to the approved project plan,
- report to the beneficiary State and to the Committee.

#### 8. Language regime

The official languages of the EEA Agreement can be used. All documents submitted to the Committee must be provided by the beneficiary State/project promoter in English translation.

The EEA EFTA States shall implement an appropriate financial management. Payments to the beneficiary States shall be made on the basis of orders of the Committee, which shall ensure timely execution. The accrued interest on the funds before the payment to beneficiaries belongs to the fund providers.

#### 10. Short process description

1. The project promoter proposes a project outline to the beneficiary State.
2. The beneficiary State proposes the project outline to the Commission and the Committee in pre-consultation to validate the idea.

[<sup>F320</sup>The Committee may waive the requirement of pre-consultation, following a reasoned request from the beneficiary State and based on objective criteria.]

3. [<sup>F321</sup>In case of a positive outcome of the pre-consultation or in case such pre-consultation has been waived, [<sup>F320</sup>the] project promoter asks the EIB to appraise the project.] The appraisal shall cover technical, economic, financial, and managerial aspects of the proposal.

7. The Committee may ask for supplementary information or propose a revision to the project plan, notably to its monitoring/payment plan. The Committee approves the (revised) project or gives a reasoned refusal. If approved, a commitment letter specifying relevant conditions is sent to the beneficiary State.
8. A contract is signed between the monitoring agent and the beneficiary State, based on the monitoring plan.
9. A contract is signed between the project promoter and the beneficiary State, and a grant agreement is signed between the beneficiary State and Committee.
10. The first instalment of 10 % is paid to the beneficiary State on the project promoter's signature of the contract with the contractor. Later instalments will take place according to the payment plan on a pro rata basis reflecting actual project implementation subsequent to a satisfactory monitoring report and approval by the Committee.
11. The project promoter carries out the project and the monitoring agent reports to the beneficiary State and the Committee.
12. If payments cannot be executed according to the plan, consultations may take place between the beneficiary State and the Committee.
13. If the Committee or the EFTA Board of Auditors wish to obtain information beyond that provided for in the monitoring plan, they may conduct their own audit or hire at their own cost an external auditor to audit the project. The beneficiary State may accompany the auditor. The project promoter and any other entity managing the project on his behalf should grant the auditor the same access to information as they would grant to their national authorities or their own auditors, as appropriate.
14. When the monitoring plan so requires, the monitoring Agent shall produce a project completion report or an evaluation report.
11. Concluding remarks

Except when called for by changed circumstances, the operation of the new Financial Instrument will be conducted along the same lines as those followed in the administration of the outgoing, financial mechanism. Supplementary documents may be established as appropriate.]
