

Climate Change Act (Northern Ireland) 2022

CHAPTER 31

CLIMATE CHANGE ACT (NORTHERN IRELAND) 2022

PART 1

Emissions Targets And Sectoral Plans

The emissions targets

1. The emissions targets for 2050
2. Emissions targets for 2030 and 2040
3. The emissions target for 2040
4. The emissions target for 2030

Power to amend targets

5. Power to amend emissions targets
6. Duty to consider whether to revise targets

Meaning of key concepts

7. Meaning of “baseline”
8. Meaning of “net Northern Ireland emissions account”

Status: This is the original version (as it was originally enacted). This item of legislation is currently only available in its original format.

Meaning of underlying concepts

9. Meaning of “net Northern Ireland emissions”
10. Meaning of “Northern Ireland emissions”: international aviation and shipping
11. Crediting and debiting of carbon units
12. Carbon units: accounting scheme

Sectoral plans

13. Sectoral plans
14. Sectoral plans for energy
15. Renewable electricity consumption
16. Sectoral plans for infrastructure
17. Sectoral plans for industrial processes
18. Sectoral plans for waste management
19. Sectoral plans for agriculture
20. Sectoral plans for fisheries
21. Sectoral plans for transport
22. Active travel

PART 2

Carbon Budgets

23. Carbon budgets
24. Emissions not to exceed carbon budget
25. Setting of carbon budgets: principles
26. Setting of carbon budgets: social, environmental and economic factors
27. Setting of carbon budgets: timing
28. Carrying amounts from one budgetary period to another

PART 3

Reports and Statements against Targets and Budgets etc

Carbon budgets

29. Proposals and policies for meeting carbon budget
30. Requirements for proposals and policies under section 29
31. Just Transition Fund for Agriculture
32. Proposals and policies: targets
33. Proposals and policies: further provision
34. Proposals and policies: nature based solutions
35. Proposals and policies: workforce, employers and communities
36. Proposals and policies: carbon leakage
37. Just Transition Commission

38. Interim progress reporting for budgetary period
39. Final statement for budgetary period
40. Proposals and policies where carbon budget not met

Emissions targets

41. Statements on compliance with emissions targets

Other reports

42. Climate change reporting by public bodies

PART 4

Reports by Committee on Climate Change

43. Progress report during first budgetary period
44. Progress reports after statement about each budgetary period
45. Progress report after statement about emissions target for 2030
46. Progress report after statement about emissions target for 2040
47. Response to progress reports
48. Adaptation programme reports
49. Response to adaptation programme reports

PART 5

FURTHER OVERSIGHT

50. Northern Ireland Climate Commissioner
51. Climate action plan

PART 6

Supplementary

Duties in relation to emissions

52. Duties to ensure that targets etc are met

Regulation-making powers: general

53. Regulations: general

Regulation-making powers: restrictions and considerations

54. Regulations that amend or add an emissions target or amend a carbon budget
55. Regulations that specify a different baseline year or change a budgetary period

Status: This is the original version (as it was originally enacted). This item of legislation is currently only available in its original format.

Regulation-making powers: advice

- 56. Requirement to obtain advice about proposals to make regulations
- 57. Advice about proposed regulations relating to targets
- 58. Advice about proposed regulations relating to budgets

Definitions

- 59. Meaning of “carbon unit”
- 60. Meaning of “greenhouse gas”
- 61. Meaning and measurement of emissions
- 62. Meaning of “sector”
- 63. Other definitions

General

- 64. Commencement
- 65. Short title
