# 1993 No. 3160

## The Roads (Northern Ireland) Order 1993

### PART II

#### CONSTRUCTION, MAINTENANCE AND CLASSIFICATION OF ROADS

Classification of roads

#### **Classification of roads**

**13.**—(1) The Department may by order classify roads in such a manner as appears to it to be expedient.

(2) An order under paragraph (1) may classify roads as being first-class roads, second-class roads or third-class roads, or as being of any other class specified in the order.

#### **Trunk roads**

14.—(1) Where the Department considers it expedient for the purpose of extending, improving or reorganising the trunk system that any road should be designated as a trunk road, the Department may by order direct that—

- (a) any existing road;
- (b) any road in the course of construction; or
- (c) any road proposed to be constructed,

shall become a trunk road; and the trunk system shall be modified accordingly.

(2) In this Article "the trunk system" means the main system of routes for through traffic in Northern Ireland.
