(2) The circumstances referred to in paragraph (1) are that—

(a) the provision, criterion or practice is the requirement for candidates to undertake one or more components of an examination or assessment for the purposes of determining on whom a relevant qualification is to be conferred, and

(b) the granting of an exemption from the component is the only reasonable step that could be taken to prevent the disabled person from being placed at a substantial disadvantage.

**Physical features**

4. In relation to any premises, any of the following things (whether permanent or temporary) are to be treated as a physical feature—

(a) any feature arising from the design or construction of a building on the premises;
