
STATUTORY RULES OF NORTHERN IRELAND

2009 No. 154

ELECTRICITY

The Renewables Obligation Order (Northern Ireland) 2009

Laid before the Assembly in draft

Made - - - - 27th March 2009

Coming into operation 1st April 2009

**THE RENEWABLES OBLIGATION
ORDER (NORTHERN IRELAND) 2009**

PART 1

Introductory Provisions

1. Citation and commencement
2. Interpretation
3. Waste as a renewable energy source
4. Biomass and fuels which are to be treated as biomass

PART 2

The Renewables Obligation

5. The renewables obligation
6. Part of calculation A referable to Great Britain
7. Part of calculation A referable to Northern Ireland
8. Calculation A
9. Calculation B
10. Calculation C
11. Determining the number of renewables obligation certificates to be produced in an obligation period
12. Determining the number of renewables obligation certificates to be produced by a designated electricity supplier in order to discharge his renewables obligation
13. Further provision in relation to the production of renewables obligation certificates

Status: This is the original version (as it was originally made).

PART 3

Matters to be certified by and content of NIROCs

14. Matters to be certified by NIROCs
15. When electricity is to be regarded as supplied to customers in Northern Ireland
16. When electricity used in a permitted way for NIROCs certifying matters within Article 54(5) or (6) of the Energy Order

PART 4

Cases and circumstances when a NIROC must not be issued

17. Excluded generating stations
18. Generating stations first commissioned before 1st January 1990
19. Generating stations in respect of which a NFFO arrangement applied but was terminated
20. Non-commissioned generating stations in respect of which a NFFO arrangement applies
21. Circumstances in which no NIROCs are to be issued in respect of electricity generated from renewable sources

PART 5

NIROCs to be issued by Authority in respect of renewable output

22. NIROCs to be issued by Authority in respect of a generation station's renewable output
23. Calculating a generating station's renewable output
24. Renewable output of a qualifying combined heat and power generating station

PART 6

Banding and Grandfathering

25. The amount of electricity to be stated in each NIROC
26. Qualifying combined heat and power generating stations
27. Microgenerators
28. Generating stations which were accredited as at 11th July 2006
29. Generating stations which were accredited, or held preliminary accreditation, as at 31st March 2009
30. Generating stations in respect of which a statutory grant has been awarded
31. Review of banding provisions

PART 7

Issue and Revocation of NIROCs

32. Issue of NIROCs to generators and suppliers
33. Issue of NIROCs to agents
34. General criteria for the issue of NIROCs
35. Further criteria applicable to NIROCs certifying matters within Article 54(3) and (4) of the Energy Order

36. Further criteria applicable to NIROCs certifying matters within Article 54 (4) and (6) of the Energy Order
37. Refusing to issue and revoking NIROCs
38. NIROCs: financial bids

PART 8

Payments to discharge the renewables obligation, dealing with the buy-out and late payment funds

39. Interpretation
40. Payments to discharge the renewables obligation
41. Late Payments to discharge the renewables obligation
42. Dealing with the buy-out fund: payments into the Consolidated Fund and to the Great Britain authority
43. Dealing with the late payment fund: payments into the Consolidated Fund and to the Great Britain authority
44. Dealing with the buy-out and late payment funds: payments to United Kingdom suppliers

PART 9

Provision of information, functions of the Authority and modifications of this Order in relation to microgenerators in certain circumstances

45. Provisions of information to the Authority
46. Information to be provided to the Authority where electricity is generated from biomass
47. Provision of information to the Department
48. Exchange of information with the Great Britain authority
49. Functions of the Authority
50. Preliminary accreditation and accreditation of generating stations
51. NIROC Register
52. Modification of this Order in relation to microgenerators in certain circumstances
53. Revocation, transitional and savings
Signature

SCHEDULE 1 CALCULATION OF THE OBLIGATION

SCHEDULE 2 ELECTRICITY TO BE STATED IN NIROCs

PART 1 — INTERPRETATION

1. (1) In this Schedule— “AD” means electricity generated from gas...

PART 2 — AMOUNT OF ELECTRICITY TO BE STATED IN NIROCs GENERALLY

PART 3 — AMOUNT OF ELECTRICITY TO BE STATED IN NIROCs WHERE ARTICLE 28(3) APPLIES

PART 4 — AMOUNT OF ELECTRICITY TO BE STATED IN NIROCs WHERE ARTICLE 28(5) OR ARTICLE 29(4) APPLIES

SCHEDULE 3 The NIROC Register

1. The Authority must maintain the Register referred to in Article...
2. The Register must identify whether or not a NIROC subsists...

Status: This is the original version (as it was originally made).

3. Particulars of a NIROC comprise— (a) the name of the...
 4. A person may only be the registered holder of a...
 5. The Authority may from time to time draw up procedural...
 6. The Authority must delete from the Register—
 7. Where the registered holder of a NIROC and a person...
 8. Where the Authority receives requests under paragraph 7(a) it must...
 9. Where— (a) a NIROC is issued under this Order, or...
 10. The substitute cannot be the registered holder of a NIROC...
 11. The Register may be amended by a decision of the...
 12. The contents of the Register (including the entries referred to...
 13. Where any person considers that an entry maintained in respect...
 14. The Authority must in any procedural guidelines which it produces...
 15. “Banking day” means a day on which banks are generally...
