(Northern Ireland) Order 2006**

PART VI

SEWERAGE SERVICES

CHAPTER I

GENERAL FUNCTIONS OF SEWERAGE UNDERTAKERS

Principal duties and standards of performance

General duty to provide sewerage system

149.—(1) It shall be the duty of every sewerage undertaker—

- (a) to provide, improve and extend such a system of public sewers (whether inside its area or elsewhere) and so to cleanse and maintain those sewers and any lateral drains which belong to or vest in the undertaker as to ensure that that area is and continues to be effectually drained; and
- (b) to make provision for the emptying of those sewers and such further provision (whether inside its area or elsewhere) as is necessary from time to time for effectually dealing, by means of waste water treatment works or otherwise, with the contents of those sewers.

(2) It shall be the duty of a sewerage undertaker in performing its duty under paragraph (1) to have regard—

- (a) to its existing and likely future obligations to allow for the discharge of trade effluent into its public sewers; and
- (b) to the need to provide for the disposal of trade effluent which is so discharged.

(3) The duty of a sewerage undertaker under paragraph (1) shall be enforceable under Article 30—

- (a) by the Department; or
- (b) with the consent of or in accordance with a general authorisation given by the Department, by the Authority.

(4) The obligations imposed on a sewerage undertaker by the following Chapters of this Part, and the remedies available in respect of contraventions of those obligations, shall be in addition to any duty imposed or remedy available by virtue of any provision of this Article or Article 150 and shall not be in any way qualified by any such provision.

(5) In this Article “trade effluent” has the same meaning as in Chapter III of this Part; and, accordingly, Article 198 shall have effect for the purposes of this Article as it has effect for the purposes of Chapter III of this Part.

Standards of performance in connection with provision of sewerage services

150.—(1) For the purpose—

- (a) of facilitating the determination of the extent to which breaches of the obligations imposed by virtue of the following provisions of this Part are to amount to breaches of the duty imposed by Article 149; or
- (b) of supplementing that duty by establishing overall standards of performance in relation to the provision of sewerage services by any sewerage undertaker,

the Department may, in accordance with Article 152, by regulations provide for contraventions of such requirements as may be prescribed to be treated for the purposes of this Order as breaches of that duty.

(2) The Department may, in accordance with Article 152, by regulations prescribe such standards of performance in connection with the provision of sewerage services as, in its opinion, ought to be achieved in individual cases.

(3) Regulations under paragraph (2) may provide that, if a sewerage undertaker fails to meet a prescribed standard, it shall pay such amount as may be prescribed to any person who is affected by the failure and is of a prescribed description.

(4) Without prejudice to the generality of the power conferred by paragraph (2), regulations under that paragraph may—

- (a) include in a standard of performance a requirement for a sewerage undertaker, in prescribed circumstances, to inform a person of his rights by virtue of any such regulations;
- (b) provide for any dispute under the regulations to be referred by either party to the dispute to the Authority;
- (c) make provision for the procedure to be followed in connection with any such reference and for the Authority's determination on such a reference to be enforceable in such manner as may be prescribed;
- (d) prescribe circumstances in which a sewerage undertaker is to be exempted from requirements of the regulations.

(5) Where the Authority determines any dispute in accordance with regulations under this Article it shall, in such manner as may be specified in the regulations, give its reasons for reaching its decision with respect to the dispute.

Information with respect to levels of performance

151.—(1) The Authority shall from time to time collect information with respect to—

- (a) the compensation paid by sewerage undertakers under regulations under Article 150(2); and
- (b) the levels of overall performance achieved by sewerage undertakers in connection with the provision of sewerage services.

(2) At such times as the Authority may direct, each sewerage undertaker shall give the following information to the Authority—

- (a) as respects each standard prescribed by regulations under Article 150(2), the number of cases in which compensation was paid and the aggregate amount or value of that compensation; and
- (b) as respects each standard established by regulations under Article 150(1)(b), such information with respect to the level of performance achieved by the undertaker as may be prescribed.

(3) A sewerage undertaker which without reasonable excuse fails to do anything required of it by paragraph (2) shall be liable on summary conviction to a fine not exceeding level 5 on the standard scale.

(4) The Authority shall, at least once in every year, arrange for the publication, in such form and in such manner as it considers appropriate, of such of the information collected by or given to the Authority under this Article as it may appear to the Authority expedient to give to customers or potential customers of sewerage undertakers.

(5) In arranging for the publication of any such information the Authority shall have regard to the need for excluding, so far as practicable—

- (a) any matter which relates to the affairs of an individual, where publication of that matter would or might, in the opinion of the Authority, seriously and prejudicially affect the interests of that individual; and
- (b) any matter which relates specifically to the affairs of a particular body of persons, whether corporate or not, where publication of that matter would or might, in the opinion of the Authority, seriously and prejudicially affect the interests of that body.

Procedure for regulations under Article 150

152.—(1) The Department shall not make any regulations under Article 150 unless—

- (a) the Authority has made to the Department a written application complying with paragraph (3);
- (b) the Department is satisfied that a copy of the application has been served by the Authority on—
 - (i) every sewerage undertaker specified in the application; and
 - (ii) persons or bodies appearing to the Department to be representative of persons likely to be affected by the regulations;
- (c) such period as the Department considers appropriate has been allowed for the making—
 - (i) by the Authority; or
 - (ii) by any affected sewerage undertaker or person or body on whom a copy of the application has been served under sub-paragraph (b)(ii),of representations or objections with respect to the Authority's proposals and any modifications proposed by the Department; and
- (d) the Department has considered the summary mentioned in paragraph (3)(c), the Authority's reasons for its proposals and every representation or objection which has been duly made with respect to those proposals, or any proposed modifications of those proposals, and has not been withdrawn.

(2) Before making an application to the Department under this Article the Authority shall arrange for such research as it considers appropriate with a view to discovering the views of a representative sample of persons likely to be affected and consider the results.

- (3) An application made by the Authority to the Department complies with this paragraph if it—
- (a) sets out the draft provisions proposed by the Authority for inclusion in regulations under Article 150;
 - (b) specifies the sewerage undertaker or undertakers in relation to which it is proposed those provisions should apply;
 - (c) is accompanied by a written summary of the results of the research carried out in accordance with paragraph (2); and
 - (d) summarises the Authority's reasons for its proposals.

- (4) The Department shall not make any regulations under Article 150 except where—
- (a) the only provisions of the regulations are those proposed by the Authority in its application or those provisions with such modifications as the Department considers appropriate; and
 - (b) each of the modifications (if any) of the Authority's proposals to which effect is given by the regulations is a modification the proposal to make which has been notified—
 - (i) to the Authority; and
 - (ii) to any sewerage undertaker appearing to the Department to be likely to be affected by the modifications.

Information to be given to customers about overall performance

153.—(1) Each sewerage undertaker shall, in such form and manner and with such frequency as the Authority may direct, take steps to inform its customers of—

- (a) the standards of overall performance established under Article 150(1)(b) which are applicable to that undertaker; and
- (b) that undertaker's level of performance as respects each of those standards.

(2) In giving any such direction, the Authority shall not specify a frequency of less than once in every period of 12 months.

(3) The duty of a sewerage undertaker to comply with this Article shall be enforceable by the Authority under Article 30.

CHAPTER II

Duty to comply with sewer and lateral drain requisition

154.—(1) It shall be the duty of a sewerage undertaker (in accordance with Article 156) to provide a public sewer to be used for the drainage for domestic purposes of premises in a particular locality in its area if—

- (b) the premises in that locality the drainage of which would be by means of that sewer are—
 - (i) premises on which there are buildings; or

- (c) the conditions specified in Article 155 are satisfied in relation to that requirement.

(2) It shall be the duty of a sewerage undertaker (in accordance with Article 156) to provide a lateral drain to communicate with a public sewer and to be used for the drainage for domestic purposes of premises in its area if—

- (a) the undertaker is required to provide the lateral drain by a notice served on the undertaker by the owner or occupier of premises the drainage of which would be by means of that lateral drain;
- (b) the premises the drainage of which would be by means of that lateral drain are—
 - (i) premises on which there are buildings; or

(ii) premises on which there will be buildings when proposals made by any person for the erection of any buildings are carried out; and

(c) the conditions specified in Article 155 are satisfied in relation to that requirement.

(3) The duty of a sewerage undertaker under this Article to provide a public sewer or a lateral drain shall be owed to the person who requires the provision of the sewer or lateral drain or, as the case may be, to each of the persons who joins in doing so.

(4) Where a duty is owed by virtue of paragraph (3) to any person, any breach of that duty which causes that person to sustain loss or damage shall be actionable at the suit of that person; but, in any proceedings brought against a sewerage undertaker in pursuance of this paragraph, it shall be a defence for the undertaker to show that it took all reasonable steps and exercised all due diligence to avoid the breach.

(5) In this Article the reference to domestic purposes, in relation to the drainage of premises to which a requirement under this Article relates, is a reference—

(a) where there are buildings on those premises, to such domestic sewerage purposes as are specified in relation to those buildings in the requirement; and

(b) where any person is proposing to erect buildings on those premises, to such domestic sewerage purposes as are so specified in relation to the buildings and to times after the erection of the buildings.

Financial conditions of compliance

(a) such undertakings as the undertaker may have reasonably required in accordance with paragraph (2) have been given by the person or persons who have required the provision of the sewer or lateral drain; and

(b) such security as the undertaker may have reasonably required has been provided for the discharge of any obligations imposed by those undertakings on any person who, under paragraph (3), may be required to secure his undertakings.

(2) The undertakings which a sewerage undertaker may require for the purposes of paragraph (1) in respect of any public sewer or lateral drain are undertakings which—

(a) bind the person or persons mentioned in that paragraph to pay to the undertaker the reasonable costs of providing that sewer or lateral drain, as determined in accordance with the undertaker's charges scheme; and

(b) in the case of undertakings binding two or more persons, bind them either jointly and severally or with liability to pay apportioned in such manner as they may agree.

(3) For the purposes of paragraph (1)(b) a person may be required to secure his undertakings in relation to the provision of a public sewer or, as the case may be, lateral drain if he is not a public authority.

(4) Where for the purposes of paragraph (1)(b) any sums have been deposited with a sewerage undertaker by way of security for the discharge of any obligation, the undertaker shall pay interest at such rate as may be determined either—

(a) by the undertaker with the approval of the Authority; or

(b) in default of a determination under sub-paragraph (a), by the Authority,

on every sum so deposited for every three months during which it remains in the hands of the undertaker.

- (5) An approval or determination given or made by the Authority for the purposes of paragraph (4)
-
- (a) may be given or made in relation to the provision of a particular public sewer or lateral drain, in relation to the provision of public sewers or lateral drains of a particular description or in relation to the provision of public sewers or lateral drains generally; and
 - (b) may be revoked at any time.
- (6) Any dispute between a sewerage undertaker and any other person as to—
- (a) the undertakings or security required by the undertaker for the purposes of this Article; or
 - (b) the amount required to be paid in pursuance of any such undertaking,
- may be referred to the Authority for determination under Article 61 by either party to the dispute.

Determination of completion date and route for requisitioned sewer or lateral drain

156.—(1) A sewerage undertaker shall not be in breach of a duty imposed by Article 154 in relation to any locality or (in the case of a lateral drain) in relation to any premises unless—

- (a) the period of 6 months beginning with the relevant day has expired; and
 - (b) the sewerage undertaker has not, before the end of that period, so laid (as the case may be)—
 - (i) the public sewer to be provided as to enable drains and private sewers to be used for the drainage of premises in the locality to communicate with the public sewer; or
 - (ii) the lateral drain to be provided as to enable the drain to be used for the drainage of premises to communicate with a public sewer vested in that undertaker,
 at the place or places determined under paragraph (3).
- (2) The period mentioned in paragraph (1)(a) may be extended—
- (a) by agreement between the undertaker and the person or persons who required the provision of the public sewer or, as the case may be, lateral drain; or
 - (b) where there is a dispute as to whether the period should be extended, by the Authority on a reference under paragraph (4).
- (3) The places mentioned in paragraph (1)(b) shall be—
- (a) such place or places as are determined by agreement between the sewerage undertaker and the person or persons who required the provision of the public sewer or, as the case may be, lateral drain; or
 - (b) in default of agreement, such place or places as are determined by the Authority on a reference under paragraph (4) to be the place or places at which it is reasonable, in all the circumstances—

 - (ii) in relation to the provision of a lateral drain, for the lateral drain to communicate with a public sewer vested in the undertaker and for the remainder of the drain of which the lateral drain forms part to connect with the lateral drain.

(4) A reference for the purposes of paragraph (2) or (3) may be made to the Authority for determination under Article 61 by either party to the dispute.

(5) In this Article “relevant day”, in relation to a requirement to provide a public sewer for any locality or, as the case may be, a lateral drain, means the day after whichever is the later of the following—

- (a) the day on which the conditions specified in Article 155 are satisfied in relation to the requirement; and
- (b) the day on which the place or places where (as the case may be)—
 - (i) drains or private sewers to be used for the drainage of premises in that locality will communicate with the public sewer; or

Provision of sewers other than by requisition

Further duty to provide sewers

157.—(1) Without prejudice to Article 154, it shall be the duty of a sewerage undertaker to provide a public sewer to be used for the drainage for domestic sewerage purposes of premises in a particular locality in its area if the conditions specified in paragraph (2) are satisfied.

(2) The conditions mentioned in paragraph (1) are—

- (a) that the premises in question, or any of those premises, are premises on which there are buildings;
- (b) that the drains or sewers used for the drainage for domestic sewerage purposes of the premises in question do not, either directly or through an intermediate drain or sewer, connect with a public sewer; and
- (c) that the drainage of any of the premises in question is giving, or is likely to give, rise to such adverse effects to the environment or amenity that it is appropriate, having regard to any guidance issued under this Article by the Department and all other relevant considerations, to provide a public sewer for the drainage for domestic purposes of the premises in question.

(3) Without prejudice to the generality of paragraph (2)(c), regard shall be had to the following considerations, so far as relevant, in determining whether it is appropriate for any sewer to be provided by virtue of this Article—

- (a) the geology of the locality in question or of any other locality;
- (b) the number of premises, being premises on which there are buildings, which might reasonably be expected to be drained by means of that sewer;
- (c) the costs of providing that sewer;
- (d) the nature and extent of any adverse effects to the environment or amenity arising, or likely to arise, as a result of the premises, or, as the case may be, the locality in question not being drained by means of a public sewer; and
- (e) the extent to which it is practicable for those effects to be overcome otherwise than by the provision (whether by virtue of this Article or otherwise) of public sewers, and the costs of so overcoming those effects.

(4) Guidance issued by the Department under this Article may—

- (a) relate to how regard is to be had to the considerations mentioned in sub-paragraphs (a) to (e) of paragraph (3);
- (b) relate to any other matter which it considers may be a relevant consideration in any case and to how regard is to be had to any such matter;

- (c) set out considerations, other than those mentioned in sub-paragraphs (a) to (e) of paragraph (3), to which (so far as relevant) regard shall be had in determining whether it is appropriate for any sewer to be provided by virtue of this Article;
 - (d) relate to how regard is to be had to any such consideration as is mentioned in sub-paragraph (c); and
 - (e) without prejudice to sub-paragraphs (a) to (d), relate to how a sewerage undertaker is to discharge its functions under this Article.
- (5) Before issuing guidance under this Article the Department shall consult—
- (a) DOE;
 - (b) the Authority;
 - (c) sewerage undertakers; and
 - (d) such other bodies or persons as it considers appropriate;
- and the Department shall arrange for any guidance issued by it under this Article to be published in such manner as it considers appropriate.
- (6) Subject to the following provisions of this Article, the duty of a sewerage undertaker by virtue of paragraph (1) shall be enforceable under Article 30—
- (a) by the Department; or
 - (b) with the consent of or in accordance with a general authorisation given by the Department, by the Authority.
- (7) Any dispute between a sewerage undertaker and an owner or occupier of any premises in its area as to—
- (a) whether the undertaker is under a duty by virtue of paragraph (1) to provide a public sewer to be used for any such drainage of those premises as is mentioned in that paragraph;
 - (b) the domestic sewerage purposes for which any such sewer should be provided; or
 - (c) the time by which any such duty of the undertaker should be performed,
- shall be determined by the Authority, and may be referred to the Authority for determination by either of the parties to the dispute.
- (8) The Authority—
- (a) shall notify the parties of the reasons for its decision on any dispute referred to it under paragraph (7); and
 - (b) may make any such recommendation, or give any such guidance, relating to or in connection with the drainage of the premises or locality in question as it considers appropriate.
- (9) The decision of the Authority on any dispute referred to it under paragraph (7) shall be final.
- (10) A sewerage undertaker shall only be taken to be in breach of its duty under paragraph (1) where, and to the extent that, it has accepted, or the Authority has determined under this Article, that it is under such a duty and where any time accepted by it, or determined by the Authority under this Article, as the time by which the duty is to that extent to be performed has passed.

Power to construct lateral drains following provision of public sewer

158.—(1) Where a sewerage undertaker provides a public sewer pursuant to a duty to do so imposed on it by Article 154 or Article 157, the undertaker may, at the request of the person mentioned in paragraph (2), also provide at the same time one or more lateral drains to be used for the drainage for domestic sewerage purposes of premises in its area and to communicate with that sewer.

- (2) A request under paragraph (1) may be made—

 - (b) in the case of a public sewer to be provided under Article 157, by the owner or occupier of any premises in respect of which the duty to provide the sewer arises under that Article (but any request may only be for the provision of a lateral drain to his premises).
- (3) The person making a request under this Article shall pay to the sewerage undertaker, following provision of the lateral drain, the costs reasonably incurred in or in connection with providing that drain.
- (4) Any dispute between the sewerage undertaker and the person making a request under this Article as to—
- (a) whether a lateral drain should be provided pursuant to the request; or
 - (b) the costs reasonably incurred in the provision of a lateral drain,
- may be referred to the Authority for determination under Article 61 by either party to the dispute.
- (5) Any lateral drain provided pursuant to a request made to a sewerage undertaker under this Article shall belong to the undertaker.

it shall give notice to the other undertaker.

(2) Where a sewerage undertaker is required to give notice under paragraph (1) to another undertaker, no declaration under Article 159 shall be made by the former undertaker until either—

- (a) the other undertaker has consented to the declaration; or
- (b) the Department, on an application made to it, has dispensed with the necessity for such consent, either unconditionally or subject to such conditions as it may consider fit to impose.

(3) Where—

- (a) a sewer (or part of a sewer) or a lateral drain is vested, or any waste water treatment works are vested, in a relevant body; and
- (b) in the case of a sewer, part of a sewer, lateral drain or works vested in a railway undertaking or harbour authority, the sewer, part or lateral drain in question is, or the works are, situated in or on land belonging to that operator or authority and held or used by that operator or authority for the purposes of its undertaking,

a sewerage undertaker shall not make a declaration under Article 159 with respect to (as the case may be) the sewer, or part of it, or the lateral drain or the works, except on the application of the relevant body concerned.

(4) Where a sewerage undertaker makes a declaration under Article 159 with respect to—

- (b) any waste water treatment works which are so situated,

it shall forthwith give notice of the fact to that other undertaker.

that, if the sewer, drain or waste water treatment works is or are constructed in accordance with the terms of the agreement, the undertaker will, upon completion of the work, at some specified date or on the happening of some future event, declare the sewer or such part of the drain as constitutes the lateral drain or the works (as the case may be) to be vested in that undertaker.

(2) A person mentioned in sub-paragraph (a) or (b) of paragraph (1) may make an application to a sewerage undertaker requesting the undertaker to make an agreement under this Article.

(3) An application under paragraph (2) shall be accompanied and supplemented by all such information as the undertaker may reasonably require; but, subject to paragraph (4) and without prejudice to the effect (if any) of any other contravention of the requirements of this Article in relation to such an application, a failure to provide information in pursuance of the obligation to supplement such an application shall not invalidate the application.

(4) Where—

- (a) a person who has made an application to a sewerage undertaker under paragraph (2) has failed to comply with his obligation under this Article to supplement that application with information required by the undertaker; and
- (b) that requirement was made by the undertaker at such a time before the end of the period within which the undertaker is required, by virtue of Article 162, to respond to the application as gave that person a reasonable opportunity to provide the required information within that period,

the undertaker may delay its response to the application until a reasonable time after the required information is provided.

(5) Any agreement made under this Article by a sewerage undertaker shall be enforceable against the undertaker by the owner or occupier for the time being of any premises served by the sewer, lateral drain or works to which it relates.

(6) Without limiting the terms which may be included in an agreement under this Article

 - (ii) a requirement for the installation of an inspection chamber, at the expense of the person with whom the sewerage undertaker is to make the agreement, at a place specified in the agreement;
 - (iii) provision, if the inspection chamber is constructed in accordance with the terms of the agreement, for the undertaker to declare that the inspection chamber be vested in the undertaker at the same time as the lateral drain; and
 - (iv) provision for the lateral drain, once vested in the undertaker, to communicate with a public sewer at the place or places specified in the agreement.
- (7) A sewerage undertaker shall not make an agreement under this Article with respect to—
 - (a) a sewer, drain or waste water treatment works situated within the area of another sewerage undertaker; or
 - (b) a drain which is intended to communicate with a sewer which—
 - (i) is so situated; or
 - (ii) is vested in another sewerage undertaker,
 until one of the conditions mentioned in paragraph (8) is satisfied.
- (8) The conditions are—
 - (a) that the other undertaker has consented to the making of the agreement; or
 - (b) that the Department, on an application made to it, has dispensed with the necessity for such consent, either unconditionally or subject to such conditions as it may consider fit to impose.

Appeals with respect to adoption

162.—(1) An owner of any sewer, lateral drain or waste water treatment works may appeal to the Authority if—

- (a) he is aggrieved by the proposal of a sewerage undertaker to make a declaration under Article 159; or
 - (b) he is aggrieved by the refusal of a sewerage undertaker to make such a declaration.
- (2) Subject to Article 161(4), a person constructing or proposing to construct a drain or sewer or any waste water treatment works may appeal to the Authority where a sewerage undertaker—

(5) At any time within 21 days after a sewerage undertaker receives a notice under paragraph (4), the undertaker may by notice to the person who gave the notice refuse to permit the communication to be made, if it appears to the undertaker that the mode of construction or condition of the drain or sewer—

- (a) does not satisfy the standards reasonably required by the undertaker; or

(6) For the purpose of examining the mode of construction and condition of a drain or sewer to which a notice under paragraph (4) relates a sewerage undertaker may, if necessary, require it to be laid open for inspection.

(7) Where the sewer or drain satisfies the standards reasonably required by it, a sewerage undertaker may, as a condition of permitting the communication to be made, require that the sewer or that part of the drain forming the lateral drain be vested in it by virtue of a declaration under Article 159.

- (b) that any such drain or private sewer is so defective as to admit subsoil water,

the undertaker may examine the condition of the drain or sewer and, for that purpose, may apply any test, other than a test by water under pressure and, if the undertaker deems it necessary, open the ground.

(2) If on examination the drain or sewer is found to be in proper condition, the undertaker shall, as soon as possible, reinstate any ground which has been opened by it and make good any damage done by the undertaker.

- (c) any condition attached by a sewerage undertaker to such a consent,

may appeal to the Authority.

(2) On an appeal under this Article in respect of a refusal or failure to give a consent, the Authority may give the necessary consent, either unconditionally or subject to such conditions as it thinks fit to impose for determining any of the matters as respects which the undertaker has power to impose conditions under Article 179.

- (2) If, on an appeal under Article 180, it appears to the Authority
 - (a) that the case is one in which the sewerage undertaker in question is required to make a reference under Article 178 before giving a consent; and
 - (b) that the undertaker has not made such a reference, whether because the case falls within paragraph (3) of that Article or otherwise,

the Authority shall not be entitled to determine the appeal, otherwise than by upholding a refusal, except where the conditions set out in paragraph (3) are satisfied.

- (3) The conditions mentioned in paragraph (2) are satisfied if the Authority
 - (a) has itself referred the questions mentioned in Article 178(1) to DOE; and
 - (b) has been sent a copy of the notice of DOE's determination on the reference.

(4) Every reference under this Article shall be made in writing and shall be accompanied by a copy of the notice containing the application in respect of which the appeal and reference is made.

(5) It shall be the duty of the Authority, on making a reference under this Article, to serve a copy of the reference

(b) where a previous direction has been given under this Article with respect to that consent, within two years from the date on which notice was given of that direction.

(3) Paragraph (2) shall not prevent a direction being given before the time specified in that paragraph if it is given with the consent of the holder of the consent under this Chapter.

(4) A direction given with the consent mentioned in paragraph (3) shall not affect the time at which any subsequent direction may be given.

(5) The sewerage undertaker shall give notice of any direction under this Article with respect to a consent under this Chapter to the holder of that consent.

(6) A notice under paragraph (5) shall

- (a) include information as to the right of appeal conferred by paragraph (1) of Article 184; and

Variations within time limit

183.—(1) A sewerage undertaker may give a direction under Article 182 before the time specified in paragraph (2) of that Article and without the consent required by paragraph (3) of that Article if it considers it necessary to do so in order to provide proper protection for persons likely to be affected by the discharges which could lawfully be made apart from the direction.

(2) Subject to Article 192(3), where a sewerage undertaker gives a direction by virtue of paragraph (1), the undertaker shall be liable to pay compensation to the holder of the consent under this Chapter to which the direction relates unless the undertaker is of the opinion that the direction is required

- (a) in consequence of a change of circumstances which
(i) has occurred since the beginning of the period of two years in question; and
(ii) could not reasonably have been foreseen at the beginning of that period; and
(b) otherwise than in consequence of consents for discharges given after the beginning of that period.

(3) Where a sewerage undertaker gives a direction by virtue of paragraph (1) and is of the opinion mentioned in paragraph (2), it shall be the duty of the undertaker to give notice of the reasons for its opinion to the holder of the consent under this Chapter to which the direction relates.

(4) For the purposes of this Article the circumstances referred to in paragraph (2)(a) may include the information available as to the discharges to which the consent in question relates or as to the interaction of those discharges with other discharges or matter.

(4) On an appeal under paragraph (1) with respect to a direction, the Authority shall have power

- (a) to annul the direction given by the sewerage undertaker; and

(5) A person to whom notice is given in pursuance of Article 183(3) may, in accordance with regulations made by the Department, appeal to the Authority against the notice on the ground that compensation should be paid in consequence of the direction to which the notice relates.

(6) On an appeal under paragraph (5) the Authority may direct that Article 183 shall have effect as if the sewerage undertaker in question were not of the opinion to which the notice relates.

(7) Any consent given or conditions imposed by the Authority under this Article in respect of discharges of trade effluent shall have effect for the purposes of this Chapter as if given or imposed by the sewerage undertaker in question.

Review by DOE of consents relating to special category effluent

185.—(1) Where the occupier of any trade premises is (whether or not in accordance with a notice under Article 190) for the time being authorised by virtue of a consent under this Chapter to make discharges of any special category effluent from those premises into a sewerage undertaker's public sewer, DOE may review the questions

- (a) whether the discharges authorised by the consent should be prohibited; and
- (b) whether, if they are not prohibited, any requirements should be imposed as to the conditions on which they are made.

(2) Subject to paragraph (3), DOE shall not review any question under this Article unless

- (a) the consent or variation by virtue of which the discharges in question are made has not previously been the subject-matter of a review and was given or made
 - (i) before the transfer date; or
 - (ii) in contravention of Article 191;
 - (b) a period of more than two years has elapsed since the time, or last time, when notice of DOE's determination on any reference or review relating to that consent or the consent to which that variation relates was served under Article 190 on the occupier of the trade premises in question; or
 - (c) there has, since the time, or last time, when such a notice was so served, been a contravention of any provision which was included in compliance with a requirement of a notice under Article 190 in the consent or variation by virtue of which the discharges in question are made.
- (3) Paragraph (2) shall not apply if the review is carried out
- (a) for the purpose of enabling Her Majesty's Government in the United Kingdom to give effect to any Community obligation or to any international agreement to which the United Kingdom is for the time being a party; or
 - (b) for the protection of public health or of flora and fauna dependent on an aquatic environment.

Application for variation of time for discharge

Application for variation of time for discharge

186.—(1) If, after a direction has been given under any of the preceding provisions of this Chapter requiring that trade effluent shall not be discharged until a specified date, it appears to the sewerage undertaker in question that in consequence—

- (a) of a failure to complete any works required in connection with the reception and disposal of the trade effluent; or
- (b) of any other exceptional circumstances,

a later date ought to be substituted for the date so specified in the direction, the undertaker may apply to the Authority for such a substitution.

(2) The Authority shall have power, on an application under paragraph (1), to vary the direction so as to extend the period during which the trade effluent may not be discharged until the date specified in the application or, if it thinks fit, any earlier date.

(3) Not less than one month before making an application under paragraph (1) a sewerage undertaker shall give notice of its intention to the holder of the consent under this Chapter in respect of the trade premises from which the trade effluent is to be discharged.

(4) The Authority, before varying a direction on an application under paragraph (1), shall take into account any representations made to it by the person to whom notice is given under paragraph (3).

 - (b) for the repayment by the owner or occupier, as the case may be, of the whole or part of the expenses incurred by the undertaker in carrying out its obligations under the agreement.
- (3) The power of a sewerage undertaker to enter into an agreement under this Article includes a power, by that agreement, to authorise such a discharge as apart from the agreement would require a consent under this Chapter.

Reference to DOE of agreements relating to special category effluent

188.—(1) Where a sewerage undertaker and the owner or occupier of any trade premises are proposing to enter into an agreement under Article 187 with respect to, or to any matter connected with, the reception or disposal of any special category effluent, it shall be the duty of the undertaker to refer to DOE the questions

- (a) whether the operations which would, for the purposes of or in connection with the reception or disposal of that effluent, be carried out in pursuance of the proposed agreement should be prohibited; and
- (b) whether, if they are not prohibited, any requirements should be imposed as to the conditions on which they are carried out.

(2) It shall be the duty of a sewerage undertaker where it has made a reference under this Article not to give any consent or enter into any agreement with respect to any such operations as are mentioned in paragraph (1)(a) at any time before DOE serves notice on the undertaker of its determination on the reference.

(3) Every reference under this Article shall be made in writing and shall be accompanied by a copy of the proposed agreement.

(4) It shall be the duty of a sewerage undertaker, on making a reference under this Article, to serve a copy of the reference on the owner or the occupier of the trade premises in question, according to whether it is the owner or occupier who is proposing to be a party to the agreement.

(5) If a sewerage undertaker fails, before giving any consent or entering into any agreement with respect to any such operations as are mentioned in sub-paragraph (a) of paragraph (1), to refer to DOE any question which it is required by that paragraph to refer to DOE, the undertaker shall be guilty of an offence and liable

- (a) on summary conviction, to a fine not exceeding the statutory maximum;
 - (b) on conviction on indictment, to a fine.
- (6) If DOE becomes aware

 - (b) that the sewerage undertaker has not referred to DOE any question which it is required to refer to DOE by that paragraph,

DOE may proceed as if the reference required by that paragraph had been made.

(7) If DOE becomes aware that any consent has been given or agreement entered into with respect to any such operations as are mentioned in sub-paragraph (a) of paragraph (1) without the sewerage undertaker in question having referred to DOE any question which it is required by that paragraph to refer to it, DOE may exercise its powers of review under Article 185 or, as the case may be, Article 189, notwithstanding anything in paragraph (2) of the Article in question.

- (a) whether the operations which, for the purposes of or in connection with the reception or disposal of that effluent, are carried out in pursuance of the agreement should be prohibited; and
 - (b) whether, if they are not prohibited, any requirements should be imposed as to the conditions on which they are carried out.
